LatinAsian Cartographies Susan Thananopavarn,2018-03-19 LatinAsian Cartographies examines how Latina o and Asian American writers provide important counter narratives to the stories of racial encroachment that have come to characterize twenty first century dominant discourses on race Susan Thananopavarn contends that the Asian American and Latina o presence in the United States although often considered marginal in discourses of American history and nationhood is in fact crucial to understanding how national identity has been constructed historically and continues to be constructed in the present day

Thananopavarn creates a new LatinAsian view of the United States that emphasizes previously suppressed aspects of national history including imperialism domestic racism during World War II Cold War operations in Latin America and Asia and the politics of borders in an age of globalization LatinAsian Cartographies ultimately reimagines national narratives in a way that transforms dominant ideas of what it means to be American

Suffragists in an Imperial Age Allison L. Sneider,2008-02-04 In 1899 Carrie Chapman Catt who succeeded Susan B Anthony as head of the National American Women Suffrage Association argued that it was the duty of U S women to help lift the inhabitants of its new island possessions up from barbarism to civilization a project that would presumably demonstrate the capacity of U S women for full citizenship and political rights Catt like many suffragists in her day was well versed in the language of empire and infused the cause of suffrage with imperialist zeal in public debate Unlike their predecessors who were working for votes for women within the context of slavery and abolition the next generation of suffragists argued their case against the backdrop of the U S expansionism into Indian and Mormon territory at home as well as overseas in the Philippines Puerto Rico and Hawaii In this book Allison L Sneider carefully examines these simultaneous political movements woman suffrage and American imperialism as inextricably intertwined phenomena instructively complicating the histories of both

Martin Delany, Frederick Douglass, and the Politics of Representative Identity Robert S. Levine,2000-11-09 The differences between Frederick Douglass and Martin Delany have historically been reduced to a simple binary pronouncement assimilationist versus separatist Now Robert S Levine restores the relationship of these two important nineteenth century African American writers to its original complexity He explores their debates over issues like abolitionism emigration and nationalism illuminating each man s influence on the other s political vision He also examines Delany and Douglass s debates in relation to their own writings and to the work of Harriet Beecher Stowe Though each saw himself as the single best representative of his race Douglass has been accorded that role by history while Delany according to Levine has suffered a fate typical of the black separatist marginalization In restoring Delany to his place in literary and cultural history Levine makes possible a fuller understanding of the politics of antebellum African American leadership
