## **Manifesto Of A Tenured Radical:**

Manifesto of a Tenured Radical Cary Nelson, 1997-04-01 In an age when innovative scholarly work is at an all time high the academy itself is being rocked by structural change Funding is plummeting Tenure increasingly seems a prospect for only the elite few Ph D s are going begging for even adjunct work Into this tumult steps Cary Nelson with a no holds barred account of recent developments in higher education Eloquent and witty Manifesto of a Tenured Radical urges academics to apply the theoretical advances of the last twenty years to an analysis of their own practices and standards of behavior In the process Nelson offers a devastating critique of current inequities and a detailed proposal for change in the form of A Twelve Step Program for Academia

*Manifestoes* Janet Lyon, 2018-09-05 For more than three hundred years manifestoes have defined the aims of radical groups individuals and parties while galvanizing revolutionary movements As Janet Lyon shows the manifesto is both a signal genre of political modernity and one of the defining forms of aesthetic modernism Ranging from the pamphlet wars of seventeenth century England to dyke and ACT UP manifestoes of the 1990s her extraordinarily accomplished book offers the first extended treatment of this influential form of discourse Lyon demonstrates that the manifesto usually perceived as the very model of rhetorical transparency is in fact a complex ideologically inflected genre one that has helped to shape modern consciousness Lyon explores the development of the genre during periods of profound historical crisis The French Revolution generated broadsides that became templates for the texts of Chartism the Commune and late nineteenth century anarchism while in the twentieth century the historical avant garde embraced a revolutionary discourse that sought in the manifesto s polarizing polemics a means for disaggregating and publicizing radical artistic movements More recently in the manifestoes of the 1960s the wretched of the earth called for either the full realization or the final rejection of the idea of the universal subject paving the way for contemporary contestations of identity among second and third wave feminists and queer activists

**The Two-fold Thought of Deleuze and Guattari** Charles J. Stivale, 1998-06-05 French philosophers Gilles Deleuze and Felix Guattari worked together extensively from the 1960s into the 1990s and the resulting intersections of their different sensibilities and modes of knowing fueled powerful alternatives to Marxian and psychoanalytic orthodoxies Yet readers approaching Deleuze and Guattari s works are often frustrated by the paucity or unfamiliarity of specific examples that might clarify their complex arguments This timely volume animates key concepts and terminology by applying them to provocative readings of literary texts films and cultural phenomena from Apocalypse Now to Cajun music and dance Drawing extensively from primary and critical sources to elucidate Deleuze and Guattari s theoretical contributions Stivale reinvigorates their two fold thought for use as an analytical tool in the humanities and social sciences The book also offers a clear introduction to the precollaborative phase of each thinker s work an interview Stivale conducted with Guattari and the first time English translation of a 1967 essay by Deleuze Winner Board of Governors Faculty Recognition Award Wayne State University

**Contemporary Literary and Cultural Theory** Jeffrey R.

Di Leo, 2023-06-15 The most exhaustive mapping of contemporary literary theory to date this book offers a comprehensive overview of the current state of the field of contemporary literary theory Examining 75 key topics across 15 chapters it provides an approachable and encyclopedic introduction to the most important areas of contemporary theory today Proceeding broadly chronologically from early theory all the way through to postcritique Di Leo masterfully unpacks established topics such as psychoanalysis structuralism and Marxism as well as newer topics such as trans theory animal studies disability studies blue humanities speculative realism and many more Featuring accessible discussion of the work of foundational theorists such as Lacan Derrida and Freud as well as contemporary theorists such as Haraway Braidotti and Hayles it offers a magisterial examination of an enormously rich and varied body of work *Class in Education: Knowledge,, Pedagogy,, Subjectivity* Deborah Kelsh, Dave Hill, Sheila Macrine, 2009-09-10 Class in Education argues for a materialist understanding of class in analyzing the structure of owning and power in social relations and as a key element in the restructuring of society in a more egalitarian way *Inequality and the Global Economic Crisis* Douglas Dowd, 2009-09-07 Inequalities of income wealth and of power have been with us for millennia This book is a critique of the counter productivity of growing economic inequality from the 1980s to today Douglas Dowd argues against capitalist expansion exploitation and oligarchic rule The book states that the globalisation and growth of the financial sector will impact painfully upon hundreds of millions of people Presenting both a history of the current crisis and well as an overview of its politics Inequality and the Global Economic Crisis look at militarism consumerism the media education housing and the homeless nutrition and hunger family life for a full picture of the destruction of global financialisation **Academe Degree Zero** Jeffrey R. Di Leo, 2015-12-03 Academe Degree Zero brings together ten essays that identify and critically examine the key issues facing professionals in higher education today These include the nature and limits of anonymity in academic discourse the ways in which affiliation and prestige temper academic judgement and the role of collegiality in academic life Through numerous essays edited books and journal issues Jeffrey R Di Leo s cross disciplinary work has consistently been at the edge of current thinking and critical efforts to lay bare the reality of contemporary academic life Academe Degree Zero provides a snapshot of academic identity and relations in a time of major technological and economic transformation and in the context of growing corporatisation of higher education **Academic Keywords** Cary Nelson, Stephen Watt, 2002-06 Know what academic freedom is Or what it s come to mean What s affirmative about affirmative action these days Think you re up on the problem of sexual harassment on campus Or know how much the university depends on part time faculty Academic Keywords is a witty informed and sometimes merciless assessment of today s campus an increasingly corporatized institution that may have bitten off more than its administration is ready to chew Cary Nelson and Steve Watt use the format of a dictionary to present stories and reflections on some of the most pressing issues affecting higher education in America From the haphazard treatment of graduate students to the use and abuse of faculty as well as abuses committed by faculty Nelson and

Watt present a compelling and at times enraging report on the state of the campus      Foucault, Cultural Studies, and Governmentality Jack Z. Bratich, Jeremy Packer, Cameron McCarthy, 2012-02-01 Offering new and unique approaches bridging the gap between cultural analysis and governmentality studies in the United States this book opens up new lines of inquiry into cultural practices and offers fresh perspectives on Foucault's writings and their implications for cultural studies It provides critical frameworks to analyze cultural practices and strategies of governing as ways of understanding the present It also broadens the theater of intellectual debates over culture and governing studies from their current locales in Australia and Great Britain to the United States      **The New American Studies** John Carlos Rowe, 2002 A clarion call for a more theoretically and politically informed approach to American Studies John Carlos Rowe a leading American Studies scholar has examined his field of study and declared it not ready for the twenty first century In *The New American Studies* Rowe demands a reinvention of the discipline that includes a commitment to making it more theoretically informed and he draws on the work of cultural critics postmodernist theorists and scholars in ethnic gender gay and media studies Rowe asserts that with American Studies's strong history of social criticism and practical pedagogy it is an easy leap to the type of progressive commitments characteristic of these areas of scholarship *The New American Studies* is a compelling combination of theory and application synthesis and polemic Rowe traces the evolution of American Studies over the last quarter century and looks to the future placing the field in a postnationalist context that encompasses all of the Americas and the disparate cultural zones within He then demonstrates the kind of literary and cultural interpretation he calls for examining subjects ranging from Hawthorne's and James's responses to nineteenth century sexual mores to the ways television legitimated itself in its first few decades to the Eli n Gonz lez custody case      **Marxism and Communication Studies** Lee Artz, Steve Macek, Dana L. Cloud, 2006 There is a timely and urgent need for a reasoned dialogue reassessing how Marxism can advance the study of human communication and transform the social world in which it is embedded Indeed ongoing world historical events including the vigorously organized market globalization the corresponding insurgent global anticorporate movement and the conflicts engendered by the U S invasion of Iraq have underscored the importance of a thorough critique of global capitalism and its telecommunication technologies and practices This important new collection featuring essays by leading scholars and practitioners provides a much needed overview and assessment of Marxism's significance to contemporary thinking in communication and media studies Contributors demonstrate how a Marxist perspective can be usefully applied to specific case studies in communication providing valuable insights and understandings that are not obtainable using other approaches      **Steal This University** Benjamin Johnson, Patrick Kavanagh, Kevin Mattson, 2003-12-16 *Steal This University* explores the paradox of academic labor Universities do not exist to generate a profit from capital investment yet contemporary universities are increasingly using corporations as their model for internal organization While the media politicians business leaders and the general public all seem to share a remarkable consensus that higher education is

indispensable to the future of nations and individuals alike within academia bitter conflicts brew over the shape of tomorrow's universities Contributors to the volume range from the star academic to the disgruntled adjunct and each bring a unique perspective to the discussion on the academy's over reliance on adjuncts and teaching assistants the debate over tenure and to the valiant efforts to organize unions and win rights

**Anxious Intellectuals** John Michael, 2000-04-24 A critical examination of the complex role of intellectuals in contemporary society including the often contradictory definitions of such roles advocated by intellectuals themselves

**The Hidden Curriculum in Higher Education** Eric Margolis, 2002-05-03 The Hidden Curriculum in Higher Education is a daring look at the way colleges and universities produce race class and gender hierarchies and reproduce conservative ideology These original and provocative essays shed light on all that remains hidden in higher education

**Transforming English Studies** Lori Ostergaard, Jeff Ludwig, 2009-02-23 Transforming English Studies provides a uniquely interdisciplinary view of English studies crises both real and imagined and works toward resolving the legitimate pathologies that threaten the sustainability of the discipline

**The Futures of American Studies** Donald E. Pease, Robyn Wiegman, 2002-10-21 A state of the art portrait of the field of American studies its interests and methodologies its interactions with the social and cultural movements it describes and attempts to explain and a compendium of likely directions the field will take in the future

**American Literary Criticism Since the 1930s** Vincent B. Leitch, 2009-09-10 American Literary Criticism Since the 1930s fully updates Vincent B Leitch's classic book American Literary Criticism from the 30s to the 80s following the development of the American academy right up to the present day Updated throughout and with a brand new chapter this second edition provides a critical history of American literary theory and practice discussing the impact of major schools and movements examines the social and cultural background to literary research considering the role of key theories and practices provides profiles of major figures and influential texts outlining the connections among theorists presents a new chapter on developments since the 1980s including discussions of feminist queer postcolonial and ethnic criticism Comprehensive and engaging this book offers a crucial overview of the development of literary studies in American universities and a springboard to further research for all those interested in the development and study of Literature

**University Keywords** Andy Hines, 2025-09-09 This book analyzes 27 key terms central to American higher education focusing on their historical structural and functional roles while examining shifts in academic priorities influenced by policy activism and institutional practices

**The New Public Intellectual** Jeffrey R. Di Leo, Peter Hitchcock, 2016-04-08 What are the theoretical parameters that produce the category public intellectual By pondering the conceptual elements that inform the term this book offers not just a political critique but a sense of the new challenges its meanings present This collection complicates the notion of public intellectual while arguing for its continued urgency in communities formal and informal institutional and abstract While it is not quite accurate to say public intellectuals have disappeared entirely it is clear they function differently in an age of global neoliberalism and techno digital overdrive Today

the idea of the public intellectual bears only the slightest resemblance to what it was fifty or even twenty five years ago The essays in this collection provide a number of different ways to imagine the fate of public intellectuals and offers a thorough exploration of the commonplace ideologies and politics associated with them      **Archaeology as Political Action** Randall H. McGuire, 2008-04-03 It is rare to read an archaeological book that has the capacity to inspire as this one has Mark P Leone author of *The Archaeology of Liberty in an American Capital* *Archaeology as Political Action* is a highly original work that will be important for archaeologists and others concerned with processes of social change in the world today and more importantly with making a difference Thomas C Patterson coeditor of *Foundations of Social Archaeology* This powerful statement by a leading archaeological thinker has profound implications for rigorous archaeological interpretation community collaboration and political intervention Stephen W Silliman coeditor of *Historical Archaeology*
