Manliness and Morality J. A. Mangan, James Walvin, 1987 **Masculinity and Morality** Larry May, 2018-09-05 What does it mean to be a morally responsible man Psychology and the law have offered reasons to excuse men for acting aggressively In these philosophically reflective essays Larry May argues against standard accounts of traditional male behavior discussing male anger paternity pornography rape sexual harassment the exclusion of women and what he terms the myth of uncontrollable male sexuality While refuting the platitudes of the popular men's movement his book challenges men to reassess and change behavior that has had detrimental effects on the lives of women and of men In May's view the key to solving many problems is to understand how individual actions may combine to produce large scale harmful consequences May is eager to reconceptualize male roles in ways that build on men's strength rather than rendering them androgynous Each chapter in his book suggests strategies to effect changes based on May's views on the nature of moral responsibility Examining separatism and the socialization of youth in athletics and the military specifically at Virginia Military Institute and the Citadel May analyzes the moral implications of the way all male environments are constructed Rejecting the standard arguments for them he speculates about the positive ways they might be used to transform the socialization of young men *Masculinity & Morality* Larry May, W Alton Jones Professor of Philosophy Professor of Law and Professor of Political Science Vanderbilt University Larry May, 1998 In these philosophically reflective essays Larry May argues against standard accounts of traditional male behavior discussing male anger paternity pornography rape sexual harassment the exclusion of women and what he terms the myth of uncontrollable male sexuality Michael Kimmel author of *Manhood in America A Cultural History* SUNY at Stony Brook Sociology Ethics *'Manufactured' Masculinity* J. A. Mangan, 2014-01-02 *Manufactured Masculinity* should be considered essential reading for scholars in the humanities and social sciences at every level and in all parts of the academic world It weaves together brilliantly the elements of the manufacture of masculinity in the period world famous public school system for the privileged which serviced the largest empire the world has ever known at the zenith of its control and which has had a significant influence in the formation of the modern world This authoritative study of the making of British imperial masculinity shines light on the period of Muscular Christianity Social Darwinism and Militarism as meshed ideological instruments of both power and persuasion This magisterial study reveals the extraordinary and paramount influence of games fields as the machine tools in an industrial process with the schools as workshops containing cultural conveyor belts for the production of robust committed and confident servants of empire and templates for imperial reproduction in imperial possessions Mainly on efficient production belt playing fields of the privileged minds were moulded attitudes were constructed and bodies shaped for imperial manhood Earlier manliness was metamorphosed morality was redefined and militarism at the high point of imperial grandeur was an adjunct Professor Mangan outlines this

unique process of cultural conditioning with a unique range of evidence and analysis This book was published as a special double issue of the International Journal of the History of Sport **Manufacturing Masculinity** Peter Horton, 2017 This tribute to Professor J A Tony Mangan is well deserved Professor Mangan is a path breaking scholar Mangan's impact is measurable in the rarest of ways institution building Under his leadership a globally situated team has opened a new relationship between sport and the academy and I recommend Manufacturing Masculinity The Mangan Oeuvre Global Reflections on J A Mangan's Studies of Masculinity Imperialism and Militarism as yet again it offers a unique consideration of the relationship between sport and academy Professor John D Kelly University of Chicago Professor Mangan has since the early 1980s been one of the foremost international scholars within his chosen field of cultural history Over this period he has possibly more convincingly than any other international academic shown in his research how much sport and associated forms of competitive performance have not only reflected and reproduced but indeed sometimes also reformed and redirected fundamental political cultural and social structures and ideological transformative forces in modern civilisation Professor Henrik Meinander University of Helsinki Professor Mangan is widely and greatly respected in China as a scholar of international distinction he has made both direct and indirect contributions to Chinese scholarship especially regarding Chinese women and their long struggle for emancipation Finally and I cannot stress this point too strongly a most important contribution has been his crystal clear and nuanced writing style much appreciated by Chinese who wish to write for the international scholastic world Professor Dong Jinxia Peking University No one has had a more influential role in or made a greater contribution to the cultural history of modern sport than Professor J A Mangan With his visionary pioneering monographs and many seminal edited collections and as founding editor of the series Sport in the Global Society with its numerous volumes and most especially as founding editor and editor of The International Journal of the History of Sport for some thirty years which he took from the original three numbers a year to eighteen numbers a year his contribution has been unparalleled Professor Roberta J Park University of California Berkeley **Sport, Militarism and the Great War** Thierry Terret, J. A. Mangan, 2013-09-13 The Great War has been largely ignored by historians of sport However sport was an integral part of cultural conditioning into both physiological and psychological military efficiency in the decades leading up to it It is time to acknowledge that the Great War also had an influence on sport in post war European culture Both are neglected topics Sport Militarism and the Great War deals with four significant aspects of the relationship between sport and war before during and immediately after the 1914 1918 conflict First it explores the creation and consolidation of the cult of martial heroism and chivalric self sacrifice in the pre war era Second it examines the consequences of the mingling of soldiers from various nations on later sport Third it considers the role of the Great War in the transformation of the leisure of the masses Finally it examines the links between war sport and male socialisation The Great War contributed to a redefinition of European masculinity in the post war period The part sport played in this redefinition receives attention Sport

Militarism and the Great War is in two parts the Continental Part I and the Anglo Saxon Part II No study has adopted this bilateral approach to date Thus in conception and execution it is original With its originality of content and the approaching centenary of the advent of the Great War in 2014 it is anticipated that the book will capture a wide audience This book was originally published as a special issue of The International Journal of the History of Sport **The Evolution of Morality** Charles Staniland Wake,1878 **Crusading in the Long Nineteenth Century, 1798-1928** Adam Knobler,2025-01-14 Engaging the Crusades is a series of concise volumes up to 50 000 words that offer initial windows into the ways in which the crusades have been used in the last two centuries demonstrating that the memory of the crusades is an important and emerging subject Together these studies suggest that the memory of the crusades in the modern period is a productive exciting and much needed area of investigation Crusading in the Long Nineteenth Century offers a trans cultural examination of crusade medievalism that is the use of the symbolism and rhetoric of the crusades in the popular and political discourse of the long nineteenth century Using a variety of sources from missionary accounts to children s literature this book includes an examination of crusade medievalism through the politics of a European wide audience from states which could claim some relationship to medieval crusading to those regions where crusading was not part of a national historical heritage It also examines how the Islamic world looked upon the crusades in the nineteenth and early twentieth centuries By looking at the phenomenon of crusade medievalism from a multi national perspective this volume is of interest to medievalists modernists and those interested in the crusades in general **Music in Nineteenth-Century Britain** Rosemary Golding,2022-08-15 This volume of primary source material examines music and society in Britain during the nineteenth century Sources explore religion politics class and gender The collection of materials are accompanied by an introduction by Rosemary Golding as well as headnotes contextualising the pieces This collection will be of great value to students and scholars [Proceedings of the Annual Meeting](#) Fire Underwriters' Association of the Northwest,1883 **Proceedings of the ... ideal of military honour was not nearly as stable as leaders preferred to believe instead it depended on changing social circumstances and disciplinary requirements
