Manning Clark's History Of Australia:

History of Australia Manning Clark, 1993 In 1962 the first volume of Manning Clark's *A History of Australia* appeared. For the next two and a half decades Clark unfolded his tragic celebration of white Australian history. Today the six volume history is one of the masterpieces of Australian literature. It is also one of the most passionately debated visions of Australian history. Clark's Australians are men and women of lively goodwill and deep sinfulness of generous idealism and unthinking brutality. He dramatizes the motivating forces of Australian life: cowardice and vision, cruelty and defiance, greatness of spirit and the spiritual vacuity of the suburbs, all of them locked in the unceasing struggle which builds a nation. Michael Cathcart has re-orchestrated Clark's epic narrative in this single volume. Every page of this abridgement rings with Manning Clark's voice. Here at last the general reader can encounter the deep resonances, pessimism and passion of Manning Clark, Australian historian and prophet. Michael Cathcart is co-author of *Mission to the South Seas: the Voyage of the Duff* and author of *Defending the National Tuckshop: a study of conservative responses to the Great Depression*. **Manning Clark's History**

of Australia Charles Manning Hope Clark, Manning Clark, 1993 Retaining all the magnificence of the original, this abridgement of one of the most passionately debated visions of Australian history re-orchestrates the six volume classic without losing sight of Clark's sympathies and understanding. History Of Australia (Volumes 3 & 4) Manning Clark, 1999-09-13 Manning Clark's six volume history is one of the masterpieces of Australian writing. It is also one of the most passionately debated visions of Australian history in which the struggle to realise an Australian nation is played out on an epic scale. *A History of Australia 1824-1888* takes the story of Australia through the momentous discovery of gold and the separation of Victoria from New South Wales to the centenary of the coming of European civilisation to Australia on 26 January 1888. The story is one of destruction as well as construction: the destruction of the Aborigines and the construction of an essentially English bourgeois society and the taming of an alien and seemingly sterile land. This is not a general Australian history; it does not attempt to cover all aspects and it is not a definitive or quantitative analysis. It is a work of art, a living and breathing account of the remaking of a primitive continent. history come alive.
