strength to make themselves whole again Bonnie Kaye's Straight Talk Bonnie Kaye, 2008-09-28 Bonnie Kaye's Straight Talk is a collection of the best of her monthly newsletters from 2001-2008. These are the newsletters that her support network members call their lifeline when unraveling the complexities of their marriages to their gay husbands. In Kaye's own words: "This is the best survival guide for women who suspect or find out that their husbands are homosexual. These newsletters were written from my heart about my own life experiences as well as those of some of my support network members. I clearly explain how and why your husbands are gay as well as provide good advice on how to handle those difficult situations such as rebuilding your sexual and self-esteem. After reading this book, you will understand how to make the only rational choice to survive emotionally after this happens to you. It will help you identify with the millions of other women in this situation who can identify and feel every raw emotion you are going through now and understand the challenges you face in the years ahead of healing and starting over." Kaye, who has counseled over 35,000 women since 1984, is considered the national expert on straight gay marriages by the media. She is a consultant and guest for the major talk shows and news shows throughout the country. Kaye has written four other books to address this topic, but she believes that this collection of her newsletters is "The best of my best." About the Author: Bonnie Kaye is recognized as an international expert in the field. She acts as a consultant for major news networks and television shows, including Oprah Montel Williams and Tyra Banks. Kaye's other books include *The Gay Husband Checklist for Women Who Wonder Doomed Grooms*, *Gay Husbands of Straight Wives*, *ManReaders: A Woman's Guide to Dysfunctional Men*, *Straight Wives Shattered Lives*, and *How I Made My Husband Gay: Myths About Straight Wives*. *Gay Husbands Say the Darndest Things* Bonnie Kaye, 2013-08 *Gay Husbands Say the Darndest Things* is a compilation of writings by Bonnie Kaye, M.Ed., the international counseling specialist for straight gay marriages, and 50 women from her support network in the United States, Canada, the United Kingdom, and Australia. The biggest problem facing women who unknowingly marry gay bisexual men is the lack of a confession by their husbands. To keep their homosexuality a secret, gay men who marry straight women will blame the problems of the marriage on their wives, even though it is caused by their own frustration of being stuck in a marriage to a woman. They would rather point the finger of blame at their wives instead of telling the truth about their homosexuality. Kaye's goal for this book is to alert women who are at the beginning of their discovery or recovery journey to read what others were told by their husbands before the truth was learned. The women who contributed the material went through the same doubts when they were gay, lightheaded by their husbands for years with stories that were genuinely convincing. Kaye also explains why gay men who are hiding in straight gay marriages remain there and sometimes even remarry another woman after the divorce. Kaye tells women to get their pens ready so they can make checkmarks next to the statements shared by the other women in the book, revealing the comments their husbands have said to them. After counting how many similar statements they check off in the book, they will know the truth. About the Author: Bonnie Kaye is an internationally recognized relationship counselor, author, in

The Woman's Guide to how Men Think Shawn T. Smith, 2013 Comedian George Carlin once said Women are from earth Men are from earth Just deal with it Though witty this sentiment fails to recognize one of the real truths in life that both genders are completely mystified by one another and often have a mile long list of complaints for the opposite sex Yet generally speaking both men and women want to get along especially if there's romance involved A Woman's Guide to How Men Think offers a practical humorous yet compassionate guide for women who want to learn the secrets of the elusive male mind With author Shawn Smith's trademark humor you'll come to understand why men think and see the world the way they do and how to work with men to cultivate understanding and communication in relationships without expecting men to be creatures that they are not This isn't a male bashing book about how men should be more like women but a book about how men actually are and how women can use this understanding to get what they need from their relationships You'll also learn why men often feel frustrated and criticized how to deal with lack of communication in ways that don't put men on the defensive and how being curious and compassionate while not accepting disrespectful or abusive behavior instead of dismissing men for their inherently male traits can lead to greater understanding between the sexes The plain truth is that both men and women are from planet earth But that doesn't mean we are the same If you are looking for an insider's guide to the ever elusive male mind this is the book for you The author Shawn Smith is a psychotherapist with a blog at ironshrink.com
