evolutionary plan which is based upon the universal law of will to do good      **The Secret Doctrine** Helena Petrovna Blavatsky, 2020-07-22 Reproduction of the original The Secret Doctrine by Helena Petrovna Blavatsky      **American Illustrated Magazine** ,1892      *Frank Leslie's Popular Monthly* Frank Leslie, 1892      **A Secret History of Consciousness** Gary Lachman, 2003 For the last four centuries science has tried to account for everything in terms of atoms and molecules and the physical laws they adhere to Recently this effort was extended to try to include the inner world of human beings Gary Lachman argues that this view of consciousness is misguided and unfounded He points to another approach to the study and exploration of consciousness that erupted into public awareness in the late 1800s In this secret history of consciousness consciousness is seen not as a result of neurons and molecules but as responsible for them meaning is not imported from the outer world but rather creates it In this view consciousness is a living evolving presence whose development can be traced through different historical periods and which evolves along a path to a broader more expansive state What that consciousness may be like and how it may be achieved is a major concern of this book Lachman concentrates on the period since the late 1800s when Madame Blavatsky first brought the secret history out into the open As this history unfolds we encounter the ideas of many modern thinkers from esotericists like P D Ouspensky Rudolf Steiner and Colin Wilson to more mainstream philosophers like Henri Bergson William James Owen Barfield and the psychologist Andreas Mavromatis Two little known but important thinkers play a major role in his synthesis Jurij Moskvitin who showed how our consciousness relates to the mechanisms of perception and to the external world and Jean Gebser who presented perhaps the most impressive case for the evolution of consciousness An important contribution to the study of consciousness a must read Contents Foreword by Colin Wilson Introduction Consciousness Explained The Search for Cosmic Consciousness Esoteric Evolution The Archaeology of Consciousness Participatory Epistemology The Presence of Origin Last Words Playing for Time Selected Bibliography A marvelously exhilarating gallop through every important modern theory of consciousness from Steiner to Maslow from Bucke s cosmic consciousness to Gebser s integral consciousness Colin Wilson author of *The Outsider* and *Access to Inner Worlds* Opens up vast vistas of possibility suggesting that what we experience as the earth may in itself be inseparable from our state of mind and that the evolution of human consciousness may be as fundamental a process as our development through genetics A must read for those seeking an escape from our contemporary culture s cul de sac Daniel Pinchbeck author of *Breaking Open the Head* Thinking outside the box Lachman challenges many contemporary theories by reinserting a sense of the spiritual back into the discussion Profoundly erudite yet easy to read this book is a provocative mind stretcher Leonard Shlain author of *Art Physics Alphabet* versus the Goddess and *Sex Time Power* *The Secret Doctrine* Helena Petrovna Blavatsky, 1895      New Daoism Kwan-Yuk Claire Sit, 2023-10-10 The Dao that can be a road is not the eternal Dao The word Dao can be a method to talk about or can be a road to walk on yet neither meaning can convey the full significance of Dao the Primal Wisdom New Daoism analyzes the old Daoist classic Laozi also called

Daodejing through the prism of the modern anthroposophic teaching of Rudolf Steiner The author Kwan Yuk Claire Sit has spent more than twenty years diligently studying these two subjects Such resolute research has enabled her to bring refreshingly new perspectives to both Daoism and Anthroposophy She cogently explains why Daoism can now be regarded as esoteric Christianity and how the practice of Daoism can lead to the mystical union with the Christ spirit within Claire Sit provides practical advice on matters such as how to manifest one's wishes She presents a so called persist resist principle what one persists in wanting will resist appearing illustrating how calmness and quietude of the mind are conducive to the fulfillment of one's goals The author's simple and plain language explores deep and subtle aspects of Dao incorporating numerous anecdotes to illustrate this path of self realization Whether a seasoned or new student of Laozi and Anthroposophy readers will find this book inspiring and informative *The Path* ,1891 **The Theosophist** ,1884 *Planetary Rounds of the Divine Monad* Helena Petrovna Blavatsky,2017-08-23 Overview of the doctrine of septenary chains of worlds in the Solar Kosmos A Master of Wisdom explains the struggle of Monadic Consciousness passing through seven man bearing planets At the dawn of a new Solar Manvantara progressed entities from the previous manvantara are born in the First Race of the First Round ahead of the Elementals and remain as latent inactive spiritual force in the aura of the nascent world of the new manvantara until the stage of human evolution is reached They will have then to accept to the last drop in the bitter cup of retribution The passage of human races in between planets being critical requires the presence of a Dhyani Chohan Gautama is the fifth leader and spiritual teacher in this round on this planet and the fourth who became Buddha The one who will appear at the close of the Seventh Root Race before the occupation of the next higher planet by humanity will again be a Dhyani Chohan At the beginning of each round it is the duty of the First Race to choose fit recipients among its sons as vessels to contain the whole stock of knowledge to be divided among future races and generations until the close of that round Every round on the descending arc is but a repetition in a more concrete form of the previous round a grosser and more material copy supervised and guided by special Builders and Watchers Rounds and their role in the serial evolution of nascent material nature is explained cosmologically and anthropologically Earth as we know her now had no existence before the Fourth Round In the First Round our planet was fiery cool and radiant like its ethereal men and animals luminous more dense and heavy during the Second watery during the Third But the Elements have been since reversed none were then as they are today In the course of the rounds Earth is being progressively spiritualised She will reach her true ultimate form corresponding inversely to that of man after the Seventh Round at the close of the manvantara There is a predestined moment in the geological life of our globe as in past and future chronicles of races and nations when effects will once again reconcile with causes and the original balance restored Genesis six days of creation meant six periods of evolution plus a seventh that of culmination of perfection not of rest and correspond to our Seven Rounds and Races Man was on earth in this round from the very beginning having passed through all the kingdoms of nature in the previous three rounds His inner

constitution reflects the evolution of the first Three Root Races His Fifth Principle Manas was quickened at the close of the Third Race That of the animals remains inactive paralysed Though the human embryo has no more of the ape in it than of any other mammal it contains in itself the totality of all kingdoms of nature Intellect and materiality always precede intelligence and spirituality Physical intelligence is but the mask of spiritual intelligence There is a spiritual a psychic an intellectual and an animal evolution from the highest to the lowest as well as a physical development from the simple and homogeneous up to the more complex and heterogeneous Mind moves matter Without mind the Divine Monad has no hold upon the mere form It is like the breeze where there is no tree or branch to receive and harbour it The evolution of the human body is governed by terrestrial forces that of the thinking man by spiritual forces Every form on earth every atom in Space strives to follow the model placed for it in the Ideal Man Molecularly constituted matter is not man's grossest aspect The vulgar and vile middle principle is the most offensive and sole stumbling block to progress The Angels doomed to embodied existence are still in chains of flesh under the darkness of ignorance They remain unrecognised and unthanked in the injustice of the human heart until the Great Day that will come after the Seventh Round in post manvantaric Nirvana Then the Dhyani Buddhas and the Planetary Spirits who laboured for long kalpas without condition or any hope for reward will have their rest The chief object of our struggles and initiations is to achieve this union while yet on this earth Those who will be successful have nothing to fear during the fifth sixth and seventh rounds says a Master of Wisdom Round 1 builds sthula sharira Round 2 forms linga sharira Round 3 breathes prana Round 4 arouses kama Round 5 uplifts manas Round 6 activates buddhi Round 7 merges the human monad into Atman the Divine Monad Appendix A Esoterically Manu Vaivasvata the Progenitor of our Fifth Race is one of forty nine that emanated from the Root Manu Exoterically he figures as seventh because this round though the fourth is in the preseptenary Manvantara and the round itself is in its seventh stage of materiality or physicality Manu Vaivasvata though seventh in the order given is the primitive Root Manu of the fourth Human Wave while our Vaivasvata was but one of the seven Minor Manus who preside over the Seven Races of our planet Appendix B Duration of each Planetary Round in this Minor Manvantara Duration of humanity in this Round on each Planet Duration of human life waves in this Round on Planet Earth Appendix C Genesis three Adams untangled Adam 1 is Kadmon or the Heavenly Man made in the image and likeness of god i e Second Logos Adam 2 was neither in the image nor in the likeness of god before he ate the forbidden fruit i e the mindless hence sinless First Root Race Adam 3 is the Third Root Race that separated whose eyes opened outwardly and acquired knowledge of good and evil The Jewish Kabbalists dwarfed the duration of each terrestrial round by six zeros Allusions to the septenary constitution of earth and man and to the Seven Rounds and Races abound in the New as in the Old Testament The Seven Sabbaths are seven pralayas between seven manvantaras or what we call rounds More allusions about meat offerings to the Lord the woman in purple and scarlet the mystery of the woman and the beast and other instances of farcical worship unpicked     The Book of the Golden Precepts H.
