Mans Future Development And Initiation:

An Elementary Treatise Upon Man's Past Evolution, Present Constitution And Future Development Max

Heindel, 2020-12-04 This book is written by Max Heindel the founder and Messenger of The Rosicrucian Fellowship This is a reference book of the Fellowship students and Probationers This book is also referred as Cosmo Conception or Mystic Christianity The founder of the Christian Religion stated an occult maxim when He said Whosoever shall not receive the kingdom of God as a little child shall not enter therein Mark 10 15 All occultists recognize the far reaching importance of this teaching of Christ and endeavor to live it day by day When a new philosophy is presented to the world it is met in different ways by different people One person will grasp with avidity any new philosophical effort in an endeavor to ascertain how far it supports his own ideas To such an one the philosophy itself is of minor importance Its prime value will be its vindication of HIS ideas If the work comes up to expectation in that respect he will enthusiastically adopt it and cling to it with a most unreasoning partisanship if not he will probably lay the book down in disgust and disappointment feeling as if the author had done him an injury Another adopts an attitude of skepticism as soon as he discovers that it contains something which HE has not previously read heard or originated in his own thought He would probably resent as extremely unjustified the accusation that his mental attitude is the acme of self satisfaction and intolerance such is nevertheless the case and thus he shuts his mind to any truth which may possibly be hidden in that which he off hand rejects Both these classes stand in their own light Set ideas render them impervious to rays of truth A little child is the very opposite of its elders in that respect It is not imbued with an overwhelming sense of superior knowledge nor does it feel compelled to look wise or to hide its nescience of any subject by a smile or a sneer It is frankly ignorant unfettered by preconceived opinions and therefore eminently teachable It takes everything with that beautiful attitude of trust which we have designated child like faith wherein there is not the shadow of a doubt There the child holds the teaching it receives until proven or disproven In all occult schools the pupil is first taught to forget all else when a new teaching is being given to allow neither preference nor prejudice to govern but to keep the mind in a state of calm dignified waiting As skepticism will blind us to truth in the most effective manner so this calm trustful attitude of the mind will allow the intuition or teaching from within to become aware of the truth contained in the proposition That is the only way to cultivate an absolutely certain perception of truth The pupil is not required to believe off hand that a given object which he has observed to be white is really black when such a statement is made to him but he must cultivate an attitude of mind which believeth all things as possible That will allow him to put by for the time being even what are generally considered established facts and investigate if perchance there be another viewpoint hitherto unobserved by him whence the object referred to would appear black Indeed he would not allow himself to look upon anything as an established fact for he realizes thoroughly the importance of keeping his mind in the fluidal state of adaptability which characterizes the little child He realizes in every fiber of his being that now we see through a glass darkly

and Ajax like he is ever on the alert yearning for Light more Light The enormous advantage of such an attitude of mind when investigating any given subject object or idea must be apparent **The Rosicrucian Cosmo Conception** Max Heindel,2023-10-01 Enter a world where ancient wisdom and esoteric knowledge merge where the boundaries of perception dissolve and the depths of the universe unfold before your eyes The Rosicrucian Cosmo Conception penned by the enigmatic Max Heindel serves as an invitation to embark on a transformative journey through the realms of metaphysics and spirituality With his poetic prose and captivating metaphors Heindel paints a vivid tapestry of cosmic realms and intricate spiritual hierarchies He bridges the gap between the ethereal and the tangible urging readers to awaken to their latent potential and embrace their cosmic heritage Prepare to embark on an awe inspiring odyssey as you immerse yourself in the timeless wisdom of The Rosicrucian Cosmo Conception Unlock the secrets of the universe and uncover the boundless potential within your own being Occultism and Parapsychology. According to Luke Rudolf Steiner, 2001 10 lectures Basel September 15 26 1909 CW 114 Rudolf Steiner was born with clairvoyant capacities but it was not until he was forty that he could connect his inner experiences with Jesus Christ After that solemn festival of knowledge as he described it in his Autobiography Steiner received ceaseless revelations about the significance of the Christ's incarnation For the next twenty years he spoke of the hidden background to all four gospels the Book of Revelations and even what he called the Fifth Gospel read directly from the spirit worlds These lectures present the most accessible and illuminating of Steiner's revelations about the significance of the Christ for the spiritual development of humanity He discusses the link between the Buddha and the Christ which unites Buddhism and Christianity not in theory but in the spiritual activities of those two beings Steiner also describes the relationship between the Greek Mystery traditions and the Mystery of Golgotha A sign was to be placed before them as well a sign that would now be enacted before the eyes of all humankind The mystical death which had been a ceremonial act in the Mystery temples for hundreds and thousands of years would now be presented on the great stage of world history Everything that had taken place in the secrecy of initiation temples was brought into the open as a single event on Golgotha Utilizing a historical overview revealing the relationship between the great religious traditions and how they have conspired together for the good of humanity Steiner never loses sight of the Gospel's great inner meaning as echoed in the Gospel of St Luke The revelation of the spiritual worlds from the Heights and its answering reflection from human hearts brings peace to all whose purpose upon the evolving Earth is to develop good will Contents Introduction by Robert A McDermott The Four Gospels in the Light of Anthroposophy The Luke Gospel As an Expression of Love and Compassion Buddha's Contribution to Humanity Formation of the Nathan Jesus Child Contributions of the Nathan Jesus from Buddha and
