Mans Search For Immortality:

Immortality William LeVin Seabrook,1905 Immortality of Man from the Standpoint of Reason Mason Daniel Chatterton,1904 *Patterns in Comparative Religion* Mircea Eliade,2022-11-21 In this era of increased knowledge the essence of religious phenomena eludes the psychologists sociologists linguists and other specialists because they do not study it as religious According to Mircea Eliade they miss the one irreducible element in religious phenomena the element of the sacred Eliade abundantly demonstrates universal religious experience and shows how humanity s effort to live within a sacred sphere has manifested itself in myriad cultures from ancient to modern times how certain beliefs rituals symbols and myths have with interesting variations persisted *Miraculous Messages* David W. Balsiger,Charles E. Sellier,2008 It is a mystery to which all of mankind is seeking the answer Beginning with the story of Noah and woven throughout the pages of the Bible is a thread that ties together our past present and future a series of supernatural messages that carry the keys to life death and eternity Can these miraculous messages provide answers to life s most fundamental questions What is mankind s purpose on Earth What does the future hold Will we escape impending End Times catastrophic events Our quest for answers to these tough questions leads us to a mountaintop in eastern Turkey and to the remains of a 5 000 year old wooden ship Could this be Noah s Ark You will be amazed at what has been discovered Book jacket The Kingdom Within L E Madden,2010-02-03 The Kingdom Within will change your life The book resulted from a spiritual transformation that occurred in 1989 After twenty years of practice and study a profound experience with higher reality suddenly manifested after a seven mile run near my home at that time in East Tennessee USA Suddenly my conscious awareness expanded beyond my body to include all the surroundings of the country side I never spoke of the significance of this transformation at that time because I did not know how to put into words a spiritual realization that cant be adequately expressed in human terms It wasnt until 1995 that the full impact of the now present awakened eternal consciousness stabilized within my being It would have been very easy to just bath in the radiance of Gods image because His love is so fulfilling yet the pressure within increased to the point in 2002 that it was time to put into words the way to the inner kingdom of eternal life The book is for you It stills the chaos in your life by showing you how to live and what wonder of wonders was placed in all humans at the time of their birth If you are serious about the search for eternal life NOW and how to understand the ways of the world you need the message in this book The Kingdom Within is a book about L E Maddens spiritual transformation that occurred 1989 He spent twenty years previous to this event studying the major spiritual teachings of the world Why wait so many years to let others know The book tells the reason for the delay and its importance for a complex society With forty years of spiritual depth and wisdom presented to a spiritual seeker the steps to obtain an enlightened awareness in this lifetime is now possible Sitting in silence for several years contemplating the meaning of life the full measure of this revelation is now available for all to use L E Madden has worked in management and engineering capacities for industrial manufacturing firms since 1982 Balancing

spirit and business he has successfully integrated the life changing spiritual transformation of 1989 into daily life He presently works for a Fortune 100 company as a senior process engineer Married since 1977 with two successful adult children he lives near Kansas City Missouri
