in modern times and to discover what it actually takes to Be the change you want to see in the world Mahatma Gandhi championed truth and nonviolence led the struggle for India s independence and staunchly stood up for the marginalized When I despair he said I remember that all through history the way of truth and love has always won In Becoming Gandhi veteran journalist and author Perry Garfinkel sets out on a three year quest to examine how Gandhi s ideals have held up in a world beset by troubling trends As I saw myself and society moving further away from a moral point of view Garfinkel states I wanted to see if an ordinary person living in the 21st century could like Gandhi follow a morally driven game plan While tracing Gandhi s legacy through India England South Africa and even American communities where his spirit endures Garfinkel attempts to follow six of the key principles that guided the Mahatma s life Truth Practicing honesty in thoughts words and actions in an increasingly artificial world Nonviolence Choosing peace in our words behavior and even choice of entertainment Vegetarianism The complex ethics of deciding what we put in our mouths Simplicity How to find practical antidotes to conspicuous consumer culture Faith Exploring the meaning of our lives and our relationship with what we cannot know Celibacy wait really The search for a moral path between permissiveness and abstinence To many Gandhi was a beacon of hope to others a lightning rod for controversy As Perry Garfinkel found walking and even stumbling in Gandhi s footsteps can reveal how we each have a role to play in creating a more compassionate peaceful world Being Gandhi is unattainable Garfinkel observes But becoming more Gandhi like will continue to engage me as long as I live How about you
