Egyptian Magic Sir Ernest Alfred Wallis Budge,1901 **Man's Measure** Laszlo Versenyi,1974-01-01 **Man's Fate** André Malraux,1934 **Masses and Man** George Lachmann Mosse,1987 Some T'ang and Pre-t'ang Texts on Chinese Painting William Reynolds Beal Acker,1954 **Expression and Survival** Craig Greenman,2009-03-26 Philosophers know suicide primarily as an ethical problem But in Expression and Survival Craig Greenman argues that when it comes to suicide the standard ethical approach may do more harm than good He develops instead an aesthetic approach arguing that art making it or experiencing it can help a suicidal person survive Drawing on the work of philosophers and artists as well as his own experiences Greenman guides the reader through the landscape to which many suicidal people feel condemned He traces the problem back to antagonism we harm others and they harm us and argues that art broadly construed can help us survive it The result will be of interest to ethicists aestheticians social and political philosophers therapists and anyone who has ever struggled with suicide Also included in this volume are two essays Writing and Ambivalence and What Is Philosophy

Hegel and Modern Society Charles Taylor,2015-10-06 This rich study explores the elements of Hegel s social and political thought that are most relevant to our society today Combating the prevailing post World War II stereotype of Hegel as a proto fascist Charles Taylor argues that Hegel aimed not to deny the rights of individuality but to synthesise them with the intrinsic good of community membership Hegel s goal of a society of free individuals whose social activity is expressive of who they are seems an even more distant goal now and Taylor s discussion has renewed relevance for our increasingly globalised and industrialised society This classic work is presented in a fresh series livery for the twenty first century with a specially commissioned new preface written by Frederick Neuhouser **Here I Stand - A Life Of Martin Luther** Roland Bainton,2014-12-03 This early work on Martin Luther is both expensive and hard to find in its first edition It details the life of the monk responsible for translating the Bible from Latin into German and for inspiring the Lutheran movement This is a fascinating work and is thoroughly recommended for anyone interested in the history of European religion Many of the earliest books particularly those dating back to the 1900s and before are now extremely scarce We are republishing these classic works in affordable high quality modern editions using the original text and artwork **James M. Cain** David Madden,Kristopher Mecholsky,2011-04-28 James M Cain wrote some of the grittiest novels in American literature including such classics as The Postman Always Rings Twice Double Indemnity and Mildred Pierce James M Cain Hard Boiled Mythmaker is a critical overview of the author s life work and legacy An updated and expanded edition of two of David

Madden's scholarly works on Cain this new book improves upon the previous works by collecting the most essential writing on Cain by Madden into one volume. In addition to melding existing material this work contains updated and new material including fresh commentaries on later books such as *Rainbow's End*, *Cloud Nine* and *The Enchanted Isle* as well as later film adaptations including *Butterfly*. It also responds to 40 years worth of criticism on Cain and reevaluates his influence. Providing an overview of all of Cain's fiction including an analysis of the major themes of his entire literary career the book also describes Cain's impact on and importance in 20th century culture film in particular. In addition to a biographical summary and thematic outline of Cain's nearly 50 year career Madden and Mecholsky examine how Cain's works explore the nightmare consequences of the persistent American dream. Finally Madden and Mecholsky consider Cain's technical innovations of the novel and survey the major film adaptations of Cain's novels. With its significant in depth analysis and a foreword by Edgar award winning author Max Allan Collins this volume will be of interest to Cain scholars as well as anyone interested in 20th century American literature and film. *Mythic Discourses* Frog, Anna-Leena Siikala, Eila

Stepanova, 2012-12-31 Mythic discourses in the present day show how vernacular heritage continues to function and be valuable through emergent interpretations and revaluations. At the same time continuities in mythic images motifs myths and genres reveal the longue dur e of mythologies and their transformations. The eighteen articles of *Mythic Discourses* address the many facets of myth in Uralic cultures from the Finnish and Karelian world creation to Nenets shamans offering multidisciplinary perspectives from twenty eastern and western scholars. The mythologies of Uralic peoples differ so considerably that mythology is approached here in a broad sense including myths proper religious beliefs and associated rituals. Traditions are addressed individually typologically and in historical perspective. The range and breadth of the articles presenting diverse living mythologies their histories and relationships to traditions of other cultures such as Germanic and Slavic all come together to offer a far richer and more developed perspective on Uralic traditions than any one article could do alone. **The Trail To Twilight For The Gods** Ben Klotz, 2025-05-14 The Trail to Twilight for the Gods A poem about martial odds and the epic struggle sans cease between the Gods of War and Peace. A nest of martial mysteries re conflicts through the centuries. Though men may fight to do what's right they oft use might and clash by night. Yet is this plight the fault of man or is it part of heaven's plan. Do some famed Gods give mankind dreams that promise peace but bring extremes while others play to change man's way and delay Twilight for his Day. And is a masked grand plan in play to break the Gods veiled war prone sway and hasten Twilight for their Day. This Trail leads on to trenchant rhymes that sing about our troubled times bring our darkening world more light on why men fight and clash by night give us hope we can do what's right and show us trails that skirt Twilight.

Man East and West Howard L. Parsons,1975 *Sociological Amnesia* Alex Law,Eric Royal Lybeck,2016-03-03 The history of sociology overwhelmingly focuses on the winners from the classical canon Marx Durkheim and Weber to today s most celebrated sociologists This book strikingly demonstrates that restricting sociology in this way impoverishes it as a form of historically reflexive knowledge and obscures the processes and struggles of sociology s own making as a form of disciplinary knowledge Sociological Amnesia focuses on singular contributions to sociology that were once considered central to the discipline but are today largely neglected Chapters explore the work of illustrious predecessors such as Raymond Aron Erich Fromm and G D H Cole as well as examining exceptional cases of reputational revival as in the case of Norbert Elias or Gabriel Tarde Through understanding the obstacles of recognition faced by female sociologists like Viola Klein and Olive Schreiner and public intellectuals like Cornelius Castoriadis the volume considers the reasons why certain kinds of sociology are hailed as central to the discipline whilst others are forgotten In so doing the collection offers fresh insights into not only the work of individual sociologists but also into the discipline of sociology itself its trajectories forgotten promises and dead ends

Philosophical Perspective on Cinema Pedro Blas González,2022-05-17 The main premise of Philosophical Perspective on Cinema is simple Can a visual medium such as cinema put in greater perspective diverse aspects of human experience Films are usually sorted by genres but by applying metaphysical existential categories to cinema the author enables readers to reflect on the nature and essence of existence by making life appear less transparent to itself Undoubtedly the connection between sensual reality and philosophical reflection is often glossed over when the emphasis is placed on theoretical abstractions and not life itself While this work is a reflection on the philosophy of existence the author embraces a practical approach to the metaphysical existential foundation of human existence
