Mansions Of The Spirit The Gospel In A Multifaith World:

Mansions of the Spirit Michael Ingham, 1997 Michael Ingham explores the place of Christianity among world religions and offers a way forward grounded in openness and a deep personal commitment to Christ that can open Christians to the grace of God in other great spiritual traditions ABC *Fireweed Evangelism: Christian Hospitality in a Multi-Faith World* Elizabeth Geitz, 2004-11-01 Fireweed always the first flower to spring up and bloom in ruins and burned over places is Elizabeth Geitz's metaphor for evangelism that comes from the heart It is the motivation that makes some Christians eager to welcome the stranger and invite people into their churches while others hang back In this prequel to *Entertaining Angels* Hospitality Programs for the Caring Church Geitz explores this missing ingredient in Christian hospitality reminding us that in a multi faith world where Christians wish to honor the validity of other religious paths we may hesitate to talk about the uniqueness of Jesus Christ Her book helps both individuals and communities to understand what holds them back from evangelism and discover the path that is right for them This book unfolds in three sections In the first we look at the factors that inhibit our evangelism including the awareness that we live in a pluralistic world and do not wish to offend those with other faith commitments Geitz offers both reflection and exercises to help us discover our own motivation for evangelism Part 2 addresses the question of context Where does evangelism take place and for whose benefit To what sort of communities do we invite those to whom we reach out Section 3 focuses on the uniqueness of Christian hospitality and describes the nuts and bolts of newcomer ministry and the programs needed to sustain Christian hospitality in a pluralistic society It includes workshop and group process material *Divine Feminine* Joy Dixon, 2003-05-01 Honorable Mention for the Wallace K Ferguson Prize from the Canadian Historical Association Chosen by Choice Magazine as an Outstanding Academic Title of 2003 In 1891 newspapers all over the world carried reports of the death of H P Blavatsky the mysterious Russian woman who was the spiritual founder of the Theosophical Society With the help of the equally mysterious Mahatmas who were her teachers Blavatsky claimed to have brought the ancient wisdom of the East to the rescue of a materialistic West In England Blavatsky's earliest followers were mostly men but a generation later the Theosophical Society was dominated by women and theosophy had become a crucial part of feminist political culture *Divine Feminine* is the first full length study of the relationship between alternative or esoteric spirituality and the feminist movement in England Historian Joy Dixon examines the Theosophical Society's claims that women and the East were the repositories of spiritual forces which English men had forfeited in their scramble for material and imperial power Theosophists produced arguments that became key tools in many feminist campaigns Many women of the Theosophical Society became suffragists to promote the spiritualizing of politics attempting to create a political role for women as a way to sacralize the public sphere Dixon also shows that theosophy provides much of the framework and the vocabulary for today's New Age movement Many of the assumptions about class race and gender which marked the emergence of esoteric religions at the end of the nineteenth

century continue to shape alternative spiritualities today **Christianity and Pluralism** Ron Dart, J.I. Packer, 2019-07-24
 Are the world's great religions ultimately all the same? Christianity and Pluralism is a collection of concise yet thoughtful essays by J.I. Packer and Ron Dart interacting with and responding to the four traditional models used to answer the existence of multiple faiths: exclusive, inclusive, pluralist, and syncretist, but focusing particularly that form of syncretism which claims that all faiths find commonality through their mystical traditions. Written in response to key events in the history of the Anglican church, Packer and Dart's analysis gives us a perennially relevant model for how the church ought to respond to our own pluralistic culture with integrity and kindness and how to uphold the distinctiveness of the gospel. Christians directly or indirectly engaging our pluralist world will find their ideas enriched by this short yet powerful book **Sing a New Song** Julie H. Ferguson, 2006-04-01
 For the first time, *Sing a New Song* tells the stories of four Canadian bishops who pushed the envelope and changed the world. All have faced severe opposition; one was involved in the only Anglican schism in Canadian history, two jeopardized their careers, and one was voted the sixth most important person of the twentieth century whose world view has transformed the wider society. Over the last 150 years, George Hills, David Somerville, Douglas Hambidge, and Michael Ingham adopted unpopular causes with their eyes wide open. They were the men who fought for and won rights for aboriginals, women, and gays and lesbians. In finely drawn and thoroughly researched biographies, Julie H. Ferguson weaves the bishops' impact on society into Canada's history while delivering compelling insights into their personal and spiritual lives. Meet this quartet of sharply contrasting and fearless bishops in *Sing a New Song* **Ecstasy and Intimacy** Edith M. Humphrey, 2006
 Foreword by Eugene H. Peterson. Countering the generic spirituality so popular today, Edith Humphrey presents an authentic Christian spirituality that draws on Scripture and the profound riches of the Christian tradition. Orthodox, Catholic, and Protestant, Humphrey shows how Christian spirituality is rooted in the Trinity, in the ecstasy of going out of oneself and intimacy, profound closeness with another, marking the relations between Father, Son, and Holy Spirit. The book embodies a banquet of excerpts from the greatest spiritual writers in history, such as luminaries as St. Augustine, St. John Chrysostom, Julian of Norwich, St. Teresa of Avila, the Wesley brothers, Thomas Merton, and Alexander Schmemmann. Humphrey's elegant prose, laced with stories and images from her own life, beautifully uncovers the ways in which God's trinitarian life informs all human communion. Each chapter ends with questions for further reflection and discussion **Handbook of Restorative Justice** Dennis Sullivan, Larry Tifft, 2007-05-07
Handbook of Restorative Justice is a collection of original, cutting-edge essays that offer an insightful and critical assessment of the theory, principles, and practices of restorative justice around the globe. This much-awaited volume is a response to the cry of students, scholars, and practitioners of restorative justice for a comprehensive resource about a practice that is radically transforming the way the human community responds to loss, trauma, and harm. False Dawn

Lee Penn, 2004 The interfaith movement which began with the 1893 World s Parliament of Religions in Chicago has grown worldwide Although this movement has been largely unknown to the public it now provides a spiritual face for globalization the economic and political forces leading us all from nationalism to One World The most ambitious organization in today s interfaith movement is the United Religions Initiative URI founded by William Swing the Episcopal Bishop of California Investigative reporter Lee Penn a Catholic ex Marxist exhaustively documents the history and beliefs of the URI and its New Age and globalist allies the vested interests that support these movements and the direction they appear to be taking The interfaith movement is no longer merely the province of a coterie of little heeded religious idealists with grandiose visions The URI s proponents have ranged from billionaire George Soros to President George W Bush from the far right Rev Sun Myung Moon to the liberal Catholic theologian Hans K ng and from the Dalai Lama to the leaders of government approved Protestant churches in the People s Republic of China The interfaith movement including the URI is being promoted by globalist and New Age reformers who favor erosion of national sovereignty marginalization of traditional religions establishment of global governance and creation of a new Earth based global spirituality in effect a one world religion Therefore the URI and the interfaith movement are poised to become the spiritual foundation of the New World Order the new civilization now proposed by Mikhail Gorbachev the last leader of the Soviet Union In The Reign of Quantity and the Signs of the Times French metaphysician Ren Gu non spoke of the anti tradition the forces of materialism and secular humanism finally giving way to the counter tradition the satanic inversion of true spirituality leading to the regime of Antichrist The anti tradition weakens and dissolves traditional spiritualities after which the counter tradition sets up a counterfeit in their place Since Gu non s time as is well known anti traditional forces have

greatly advanced worldwide It is less well known that counter traditional movements have also made great strides and now stand closer to the centers of global political and religious power than ever before The counter tradition is making inroads on the political and cultural Right as much as it is doing on the Left False Dawn painstakingly documents these trends and speculates on their future development In so doing the author takes investigative reporting to the threshold of prophecy and gives us a stunningly plausible picture of the global religious landscape of the 21st century This extraordinary project is the literary equivalent of turning over a flat rock There is much to be seen and learned here all of it unsettling disquieting occasionally downright scary William Murchison Radford Distinguished Professor Baylor University When a bishop of a Christian church happily worships alongside a Wiccan invoking other gods something has gone horribly wrong In False Dawn Lee Penn has produced a comprehensive and critical history of the United Religions Initiative This book sounds a clear warning Anyone who makes theological truth subservient to utopianism denigrates all religions Douglas LeBlanc Editor GetReligion org **The Living Church** ,1998 **'Wonderful and Confessedly Strange'** Bruce Kaye,2006-12-31

The Way of Truth in the Present Age Craig M. Gay, C. Pete Molloy, 1999 Postmodernity explains J I Packer is popularly equated with a denial that there is any such thing as universal public truth the idea being that there is only my truth and your truth that which is true for me and that which is true for you but there is no truth that is true for everybody In February of 1998 six Canadian Anglican scholars paused to consider the various challenges of postmodernism at a Western Theological Conference entitled The Way of Truth in the Present Age sponsored by the Prayer Book Society of Canada and held at St John s Shaughnessy Church in Vancouver All six addressed the problems associated with affirming Christianity today in a culture

that has become increasingly skeptical of all truth claims Although written within the context of the Anglican Communion and directed primarily to an Anglican audience the addresses have been published together in this volume as they concern matters that are of pressing relevance to all Christians today From publisher s description
