Manual De Feng Shui:

Manual de feng shui George Birdsall,2000-09 El Manual de feng shui es una guía práctica que utiliza el antiguo arte chino de la geomancia para lograr equilibrio armonía y prosperidad en el ambiente que rodea a las personas El feng shui que en chino significa literalmente viento y agua es un antiguo sistema chino de reglas conceptos y principios cuyo propósito es explicar la relación pragmática y espiritual que existe entre nuestra vida y nuestro entorno El autor se basa en sus propias experiencias para demostrar que estos principios se pueden poner en práctica con poco dinero tanto en los edificios nuevos como en los ya existentes con lo que se mejora significativamente el bienestar físico y la economía de las personas que viven en ellos Un sencillo cambio en la ubicación de los muebles o la colocación de una planta en una habitación puede tener un impacto significativo en la vida de un individuo Junto con los expertos residentes de los conceptos básicos de esta antigua ciencia el arquitecto George Birdsall presenta instrucciones claras para conseguir que se desee estar en determinado lugar en vez de estar continuamente intentando escapar de él porque algo no se siente bien Gracias al Manual de feng shui crear armonía en el entorno se convierte en algo automático y natural **Feng Shui** Vera Chaves,2003-09-22 A very
