No Castles On Main Street:

No Castles on Main Street Stephanie Kraft, 1979 Describes the homes of thirty American authors and explains how their home environments influenced their work **The Homeless** Stefan Żeromski, 2024-03-26 Although he was nominated for the Nobel Prize in literature four times Stefan Żeromski's work is not as widely known outside Poland as it should be Thus this elegant translation is most welcome A beautiful prescient story Celia Jeffries author of Blue Desert The first contemporary English edition of a Polish masterpiece Beautifully translated by Stephanie Kraft this new edition includes an Introduction by Jennifer Croft and Boris Dralyuk Tomasz Judym was born in a slum in Warsaw Against all odds he has become a doctor and he finds that his driving motivation to treat disadvantaged people like those he grew up with is at odds with the expectations of his peers He sees the unhealthy working and living conditions of the working class in twentieth century Poland wearing on those around him even as he strives to help them As he battles alone to do the kind of work that boards of health and other agencies do today Dr Judym wrestles inwardly with feelings of inferiority and revulsion caused by his difficult childhood His mission takes him out of the city and into the countryside bringing him into conflict with his other desires and the love that he feels for a sympathetic woman whose background differs fundamentally from his own The Homeless combines concrete detail about social issues the urgent need for public hygiene and access to medical treatment the effects of industrialization on health and the landscape and the disinterest that people in power have in the disadvantaged with beautiful artistic passages of prose that sensitively probe the characters inner lives The title comes not from the obvious reference to the impoverished people Dr Judym concerns himself with but from the unmoored status of the protagonist the woman he loves a mysterious engineer friend of his his brother and many others who find themselves rootless emotionally and physically alienated by class divides and the social upheaval of industrialization The Homeless is a portrait of the time and place it was written Poland on the precipice of the twentieth century that speaks to our current time and place

A Skeptic's Guide to Writers' Houses Anne Trubek, 2011-07-11 There are many ways to show our devotion to an author besides reading his or her works Graves make for popular pilgrimage sites but far more popular are writers house museums What is it we hope to accomplish by trekking to the home of a dead author We may go in search of the point of inspiration eager to stand on the very spot where our favorite literary characters first came to life and find ourselves instead in the house where the author himself was conceived or where she drew her last breath Perhaps it is a place through which our writer passed only briefly or maybe it really was a longtime home now thoroughly remade as a decorator's show house In *A Skeptic's Guide to Writers' Houses* Anne Trubek takes a vexed often funny and always thoughtful tour of a goodly number of house museums across the nation In Key West she visits the shamelessly ersatz shrine to a hard living Ernest Hemingway while meditating on his lost Cuban farm and the sterile Idaho house in which he committed suicide In Hannibal Missouri she walks the fuzzy line between fact and fiction as she visits the home of the young Samuel Clemens and the purported haunts

of Tom Sawyer Becky Thatcher and Injun Joe She hits literary pay dirt in Concord Massachusetts the nineteenth century mecca that gave home to Hawthorne Emerson and Thoreau and yet could not accommodate a surprisingly complex Louisa May Alcott She takes us along the trail of residences that Edgar Allan Poe left behind in the wake of his many failures and to the burned out shell of a California house with which Jack London staked his claim on posterity In Dayton Ohio a charismatic guide brings Paul Laurence Dunbar to compelling life for those few visitors willing to listen in Cleveland Trubek finds a moving remembrance of Charles Chesnutt in a house that no longer stands Why is it that we visit writers houses Although admittedly skeptical about the stories these buildings tell us about their former inhabitants Anne Trubek carries us along as she falls at least a little bit in love with each stop on her itinerary and finds in each some truth about literature history and contemporary America

Houses of the Welsh Countryside Peter Smith, 1988 When this book was first published in 1975 it was at once enthusiastically received by scholars and the general public alike and recognized as a classic of its genre It represented a notable publication of the early fruits of the Commission's work on the side of its responsibility for the National Monuments Record for Wales During the years which have since intervened much fresh information has come to light concerning Welsh houses not least because of the intense interest awakened by the original publication This new knowledge has as far as possible been incorporated in the new and revised edition which contains approximately onequarter more material than the first Although it has not been possible to alter the original text a number of additional maps and photographs have been included and a new dust jacket has been designed The Commissioners would wish warmly to congratulate their Secretary Mr Peter Smith those of his colleagues who were associated with him and H M S O on the excellence of this volume It marks another outstanding landmark in the study of vernacular architecture not only in Wales but also in the British Isles and a major achievement on the part of its author Although this second edition of *Houses of the Welsh Countryside* retains in their entirety the text the illustrations and the layout of the volume first published in 1975 it also includes a substantial amount of new information which has come to light since that date Some of this new material takes the form of additional figures inserted where appropriate into the existing illustrative pages Similarly a small number of additional colour plates showing typical houses in characteristic settings has been tipped into the text There are also additions to the original map lists It has not been possible for reasons of cost to bring the maps themselves up to date but as the newly discovered sites nearly always reinforce the distribution patterns first indicated this omission is not crucial The numbers of new discoveries can vary from a mere handful on one list to several hundred on another All other new material is introduced as part of an additional SECTION IV at the back of the volume This section comprises Corrigenda Covering sites which were inadequately or incorrectly described in the first volume involving in one case a complete reappraisal of the original reference Addenda I Describing and illustrating a small number of newly surveyed houses of especial interest which could not easily be fitted into the illustrations in the main text Addenda II Analysing the incidence of date inscriptions as

evidence for building activity Addenda III Listing and mapping a number of features of domestic architecture not previously so noted Addenda IV Listing and mapping various features of ecclesiastical architecture which also occur in houses and which therefore have a bearing on the evolution of domestic architecture

Boarding Out David Faflik, 2012-09-30 Driven by intensive industrialization and urbanization the nineteenth century saw radical transformations in every facet of life in the United States Immigrants and rural Americans poured into the nation's cities often ahead of or without their families As city dwellers adapted to the new metropolis boarding out became for a few short decades the most popular form of urban domesticity in the United States While boarding's historical importance is indisputable its role in the period's literary production has been overlooked In *Boarding Out* David Faflik argues that the urban American boardinghouse exerted a decisive shaping power on the period's writers and writings Addressing the works of canonical authors such as Henry David Thoreau Nathaniel Hawthorne and Oliver Wendell Holmes as well as neglected popular writers of the era such as Fanny Fern and George Lippard Faflik demonstrates that boarding was at once psychically artistically and materially central in the making of our shared American culture

Sixteen Modern American Authors Jackson R. Bryer, 1990 Praise for the earlier edition Students of modern American literature have for some years turned to *Fifteen Modern American Authors* 1969 as an indispensable guide to significant scholarship and criticism about twentieth century American writers In its new form *Sixteenth Modern American Authors* it will continue to be indispensable If it is not a desk book for all Americanists it is a book to be kept in the forefront of the bibliographical compartment of their brains American Studies
