Living In Pieces Isabella Sky Shea, 2023-12-28 *Living in Pieces* tells the nonfictional story of one teen's journey with depression and self harm. During the COVID 19 pandemic Isabella along with many others faced struggles with her mental health. Isabella turned to writing poems as a way to cope with her mental battle. All the poems in *Living in Pieces* were written throughout the course of two years when Isabella was trying to regain control of her mental health. The poems are addressed to other individuals who are also struggling with what Isabella calls the monster. The monster is the depression and the thoughts that took over Isabella's mind and body. *Living in Pieces* was published with the hope of giving other teens and young adults who are feeling hopeless a sense of security and acceptance. It is okay to be not okay. Asking for help is not a sign of weakness; it is a sign of strength.

Dreamwielder Garrett Calcaterra, 2013-03-05 Blends the high adventure and courtly intrigue of the classic epic fantasy with a fresh new magic born of the infinite and dangerous power of dreams. Misty Massey author of *Mad Kestrel*. In a world shrouded by soot and smoke, young Makarria has literally been forbidden to dream. Legend has foretold the demise of Emperor Thedric Guderian at the hands of a sorceress with royal blood, and the emperor has made it his legacy to stamp out all magic from the Sargothian Empire in favor of primitive coal-fired smelters and steam-powered machines. When Guderian's minions discover a *Dreamwielder* on a seaside farmstead, a chain of events forces Guderian's new threat, the young Makarria, to flee from her home and embark upon an epic journey where her path intertwines with that of Princess Taera, her headstrong brother Prince Caile, and the northman Sieghjorn, who captains a night-flying airship. Dogging their every step is the part-wolf, part-raven sorcerer Wulfram, and Emperor Guderian himself, a man who has the ability to stint magic and a vision to create a world where the laws of nature are beholden to men and machines. Only by learning to control the power she wields can Makarria save her newfound companions and stop the emperor from irreversibly exterminating both the magic in humans and their bond with nature. I enjoyed this book immensely. It's fast-paced, colorful, and richly detailed. James P. Blaylock World Fantasy Award winner.

The Woman Gives: A Story of Regeneration Owen Johnson, 2020-09-28 Teagan's Arcade stood and in the slow upward progress of the city it may still stand at that intersection of Broadway and Columbus Avenue where the grumbling subway and the roaring elevated meet at Lincoln Square. It covered a block bisected by an arcade and rising six capacious stories in the form of an enormous H. On Broadway the glass front was given over to shops and offices of all descriptions while in the back stretches of the top stories artists, sculptors, students, and illustrators had their studios alongside of mediums, dentists, curious business offices, and derelicts of all description. The square was a churning meeting of contending human tides. The Italians had installed their fruit shops and their groceries; the French their florists and their delicatessen shops; the Jews their clothing bazaars; the Germans their jewelers and their shoe stores; the Irish their saloons and their restaurants while from Healy's one of the most remarkable meeting grounds in the city they dominated the neighborhood. The Arcade which had stood like a great glass barn

waiting the inevitable stone advance of reconstruction looked down on this rushing stream of all nations while occasionally from the mixed races outside swimming on the current of the avenue a bit of human debris was washed up and found its lodging It was a bit of the Orient the flotsam and jetsam of Hong Kong and Singapore in the heart of New York It was a place where no questions were asked and no advice permitted where if you found a man wandering in the long drafty corridors you piloted him to his room and put him to bed and did not seek to reform him in the morning This was its etiquette There were the young and unafraid who were coming up blithely and the old and tired who were going down and it was understood that those who were bent on their own destruction should do it in their own chosen way a place where souls in hunger and souls in despair met momentarily and passed

The Politics of Postmodernity James Good, Irving Velody, 1998-07-23 In his study *Modernity and the Holocaust* Zygmunt Bauman contrasts the hopes and expectations of the modernising world of the nineteenth century with the real outcomes of the twentieth century where the very conditions of modernity have led to the mass destruction of humanity and of those early hopes for the betterment of humankind This volume explores the possibilities left to those once modernising societies not only in terms of the worlds they have constructed but also in discerning the novel conditions which the closure of modernity entails That closure in part the completion of industrialisation and the social order that went with it and in part the dislocation of the kinds of social knowledge used to understand it has raised profound and disturbing questions about the character of this brave new world and the ways in which its governance and the goal of the good society can be understood This volume explores some of the current vicissitudes of modernity especially in relation to the crises of the political and the political consequences of new technologies
