The Pentateuch James E Smith,2006-08 **Numbers:** **New European Christadelphian Commentary** Duncan Heaster,2019-01-21 Verse by verse exposition of the Old Testament

book of Numbers part of the New European Christadelphian Commentary series by Duncan Heaster **Homilies on Numbers** Origen, 2025-07-29 Origen of Alexandria 185-254 one of the most prolific authors of antiquity and arguably the most important and influential pre-Nicene Christian theologian was a man of deep learning and holiness of life. Regrettably, many of his works are no longer extant in part due to the condemnation of his ideas by the Fifth Ecumenical Council in 553. The condemnation, however, took little account of his historical circumstances and the tentative nature of his speculations. The anathemas were more likely directed toward sixth-century Origenist views than to the views of Origen himself, though clearly he expounded some views that would be judged unacceptable today. Origen's numerous homilies provide the oldest surviving corpus of Christian sermons and shaped exegesis for succeeding centuries. With Jerome he was one of the early church's great critical and literal exegetes. Devoutly he sought to develop a spiritual exegesis of the Old Testament grounded in the revelation of Jesus Christ. The Homilies on Numbers presented here offer a splendid example of his spiritual interpretation of Old Testament texts. He asks: What foreshadowing, what warning, what instruction, what encouragement, reproof, correction, or exhortation do we find in the narratives of Numbers for our benefit as Christians? Here, based on Baehren's critical Latin text, is the first English edition of these homilies, ably translated with explanatory notes by Thomas P. Scheck. Ancient Christian Texts are new English translations of full-length commentaries or sermon series from ancient Christian authors that allow you to study key writings of the early church fathers in a fresh way.
