**Nursing Care of Older Adults** Carol A. Miller, 1990      Nursing Care of Older Adults Miller, 1999      **Nursing for Wellness in Older Adults** Carol A. Miller, 2009

Now in its Fifth Edition this text provides a comprehensive and wellness oriented approach to the theory and practice of gerontologic nursing. Organized around the author's unique functional consequences theory of gerontologic nursing, the book explores normal age related changes and risk factors that often interfere with optimal health and functioning to effectively identify and teach health promotion interventions. The author provides research based background information and a variety of practical assessment and intervention strategies for use in every clinical setting. Highlights of this edition include expanded coverage of evidence based practice, more first person stories, new chapters and clinical tools such as assessment tools recommended by the Hartford Institute of Geriatric Nursing.

This text covers the theory and practice of wellness oriented gerontological nursing, addressing both physiologic and psychosocial aspects of aging. Organized around the author's unique Functional Consequences Theory, the book explores age related changes as well as the risk factors that often interfere with optimal health and functioning. Key features include:

- NEW Technology to Promote Wellness in Older Adults** boxes describe examples of technology based interventions that can be effective for promoting wellness for older adults.
- NEW Interprofessional Collaboration (IPC)** material which is found in boxes or is highlighted with orange bars in the margins, indicates the responsibilities of nurses to collaborate with other professionals and paraprofessionals in health care and community based settings when caring for older adults.
- NEW Global Perspective** boxes provide examples of the various ways in which health care professionals in other countries provide care for older adults.
- NEW Unfolding Patient Stories** written by the National League for Nursing are an engaging way to begin meaningful conversations in the classroom. These vignettes, which open each unit, feature patients from Wolters Kluwer's vSim for Nursing Gerontology, co-developed with Laerdal Medical and DocuCare products; however, each Unfolding Patient Story in the book stands alone, not requiring purchase of these products.

For your convenience, a list of these case studies along with their location in the book appears in the Case Studies in This Book section later in this frontmatter.

**NEW Transitional Care Unfolding Case Studies** which unfold across Chapters 27 through 29 to illustrate ways in which nurses can provide effective transitional care to an older adult whose progressively worsening condition requires that her needs be met in several settings. For your convenience, a list of these case studies along with their location in the book appears in the Case Studies in This Book section later in this frontmatter.

Updated unfolding case studies illustrate common experiences of older adults as they progress from young old to old old and are affected by combinations of age related changes and risk factors. Evidence based information is threaded through the content and summarized in boxes in clinically oriented chapters. Assessment and

intervention guidelines help nurses identify and address factors that affect the functioning and quality of life of older adults Nursing interventions focus on teaching older adults and their caregivers about actions they can take to promote wellness Case studies include content on transitional care interprofessional collaboration and QSEN      *Nursing Older Adults* Jan Reed,Charlotte Clarke,Ann MacFarlane,2011-06-16 This timely textbook aims to provide adult nurses with the principles and practice insights needed to deliver exceptional care in partnership with older adults Written by a world renowned author team and includes contributions by older people ensuring their needs and concerns about nursing care are reflected across the book This important book Considers the social perspectives wider issues and themes such as ageism policy services and demographics Evaluates daily activities and needs including mobility nutrition communication sexuality and leisure Features scenarios based on real situations and narratives from older people Examines the use of affirmative language to promote wellbeing and dignity when nursing older adults Nursing Older Adults will help nurses to better appreciate the experiences and strengths of older people The book emphasises the importance of undertaking a collaborative approach when shaping the care that older people receive in a variety of healthcare settings Contributors Serena Allan Michael Bauer Sheena E E Blair Jo Booth Mima Cattan Charlotte Clarke Amanda Clarke Christine Brown Wilson Angela Dickinson Karen S Dunn Soong Nang Jang Diana Jones Mike Nolan Linda McAuliffe Brendan McCormack Patricia McGeever Ann MacFarlane Rhonda Nay Bhanu Ramaswamy Jan Reed Isabell Reid and Debbie Tolson Never was a book like this more urgently needed Those who nurse older people will find much sound help within these pages Broadcaster and writer Dame Joan Bakewell I am delighted to commend this book to you Putting older people at the centre of their care and support is central in all good nursing care Dame Christine Beasley DBE Chief Nursing Officer for England This text makes an extraordinary contribution to scholarship and practice and is sure to be on most undergraduate and postgraduate nursing students must have list of texts Wendy Moyle PhD RNDirector Research Centre for Community Practice Innovation Griffith University Australia A great book giving a comprehensive insight in the fundamentals of working with older people and key issues in nursing older people The voice of older people is vividly written in many examples and scenarios given I recommend this book to nurses care staff all who are in the education and qualification sector and other stakeholders in elder care Professor Dr Barbara Klein Fachhochschule Frankfurt am Main University of Applied Sciences Germany This is exactly the book to choose when looking for a straightforward study book and is particularly good for students and newly qualified nurses I would strongly recommend this book Susan Doyle Student Nurse Bangor University Wales UK      **Client Education: Theory and Practice** Mary A.
