

# The Nursing Interventions Classification

- The Nursing Interventions Classification (NIC) is a comprehensive, research-based, standardized classification of interventions that nurses perform
- The Classification includes the interventions that nurses do on behalf of patients, both independent and collaborative interventions, both direct and indirect care
- An intervention is defined as "any treatment, based upon clinical judgment and knowledge, that a nurse performs to enhance patient/client outcomes."
- NIC can be used in all settings (from acute care intensive care units, to home care, to hospice, to primary care) and all specialties (from critical care to ambulatory care and long term care).
