Satanic Alliances Bruce G. Ohms, 2022-04-14 Existence of God didn t seem impossible to Bruce After all the universe exists and something had to create it All of the scientific theories that Bruce learned about the beginning of time space matter and energy basically said that it just happened and perhaps cyclically repeated the process He thought there was a critical piece missing because according to his understanding scientific principle requires a cause for every effect But what was the cause God seemed like a possible explanation Did God exist or not Without sound evidence agnosticism persisted Much of what Bruce heard about Christianity and the Bible seemed like nonsense If that were the case the Bible and Christianity could not be based on a real God In a discussion with his wife to be he was challenged to show her any nonsense in the Bible What could be easier than that Just find those nonsensical writings and be done with it But what he found no matter how diligently he searched was that the nonsense was a misrepresentation of Scripture Based on overwhelming evidence from Scripture and science Bruce became convinced that the Bible is indeed the inspired Word of God This book is a presentation of many of the interesting things he discovered as he continued his search for the truth Both Christians and nonbelievers will find it eye opening
