Case Studies for Complementary Therapists Kelly Galvin,Madelaine Bishop,2010-12-20 An invaluable resource for complementary therapists health practitioners students and teachers Case Studies for Complementary Therapists a collaborative approach provides curriculum level support for those working to develop the complementary potential between alternative medicines and conventional western medicine This useful complementary medicine textbook provides insight into the initial complementary and alternative medicine CAM consultation process It offers possible treatment and collaborative referral options for individual cases rather than dictating diagnostic analysis or treatment protocols for specific health conditions Through case studies on conditions like rheumatoid arthritis and fibromyalgia the book provides an important framework for clinicians and students within which they can analyse and classify information gathered during consultation The book will also help readers develop effective and appropriate treatment programs within the time constraints of a busy clinic Case Studies for Complementary Therapists provides suggestions for questions to ask at consultation time helping readers collect the necessary information to develop a working diagnosis and treatment protocol Complementary medicine ethics and law Complementary practitioners are often uncertain about the legal and ethical boundaries in diagnosis and case management Case Studies for Complementary Therapists a collaborative approach will help complementary and alternative medicine practitioners and students recognise medical situations requiring referral understand their role in collaborative case management integrate complementary and alternative medicine modalities in treatment programs with confidence

**Your Health, Your Vitality, Your Choice** Yvonne Tait,2016-04-05 When you allow your body to heal itself through

appropriate Nutrition and Natural Medicine living a healthy life doesn't have to be complicated. *It's Your Health Your Vitality Your Choice* Chronic Fatigue and Arthritis came in the aftermath of a two and a half year battle with Ross River virus. It was 1984 when Yvonne Tait then aged forty five felt like a very old lady. Several prescription medications led to even more misery as their side effects kicked in. Fortunately a chance encounter delivered her to the door of Natural Medicine. This instigated a full recovery which subsequently led to much study. She qualified as a Medical Herbalist and Iridologist working in her own Natural Health clinic enjoying a career spanning over twenty years. In this book Yvonne shares her own philosophy of healing along with many original authentic Case Histories and in clinic memoirs. Her insights into healing will allow the reader to feel inspired and confident in taking responsibility for their own health and wellbeing. She discusses many and varied common ailments of each body system e.g. Muscular Skeletal system and Arthritis. The Skin and Eczema etc. plus the diet and natural treatments she has employed successfully over the years. The softcover version of the book can be used as a cover to cover read and or used as a health reference information book by utilizing the comprehensive index.

Be empowered rather than overwhelmed by understanding how your body works and what you pass on to your baby. Once you realise that you can make a difference and ensure your children and your grandchildren have the best chance at long healthy lives you will ask the question: Why aren't we told these things? Pick up your copy today for a deep dive explanation on all things that will set up your conception for having an incredibly healthy and happy baby.

**Textbook of Natural Medicine** Joseph E. Pizzorno, Jr. ND, Michael T. Murray, ND, 2012-09-14 Covering preventive, non-invasive and natural treatments. *Textbook of Natural Medicine 4th Edition* offers more than just alternative medicine. It promotes an integrated practice that can utilize natural medicine, traditional Western medicine or a combination of both in a comprehensive scientific treatment plan. Based on a combination of philosophy and clinical studies, *Textbook of Natural Medicine* helps you provide health care that identifies and controls the underlying causes of disease, is supportive of the body's own healing processes and is considerate of each patient's unique biochemistry. Internationally known authors Joseph Pizzorno and Michael Murray include detailed pharmacologic information on herbs and supplements plus evidence based coverage of diseases and conditions to help you make accurate diagnoses and provide effective therapy.

Comprehensive unique coverage makes this book the gold standard in natural medicine. A scientific presentation includes the science behind concepts and treatments and discusses Western medical treatments and how they can work with natural medicine in a comprehensive treatment plan. If natural medicine is not effective, this book recommends the Western treatment. Coverage of pharmacology of natural medicines includes the uses and potential dangers of nearly 80 herbal medicines, special nutrients, and other natural agents. Addressing topics such as general information, chemical composition, history, pharmacology, clinical applications, dosage, and toxicology, in-depth evidence-based coverage of 73 diseases and conditions includes key diagnostic criteria, pathophysiology of diseases, and therapeutic rationales. Coverage of potential interactions between drugs, herbs, and supplements ensures the safest possible use for each of 79 herbs and supplements. Diagnostic procedures include practical, easy-to-follow descriptions of evidence-based techniques, plus discussions of clinical application of diet analysis, food allergy testing, immune function assessment, fatty acid profiling, hair mineral analysis, and other diagnostic approaches. Common therapeutic modalities are described and reviewed, including botanical medicine, nutritional therapy, therapeutic fasting, exercise therapy, hydrotherapy, counseling, acupuncture, homeopathy, and soft tissue manipulation. Coverage of syndromes and therapies helps in understanding the underlying causes of diseases by discussing topics such as food reactions, functional toxicology, sports nutrition, stress management, and breathing pattern disorders. Coverage of the philosophy of natural medicine includes its history and background, with discussions of toxicity, detoxification, and scientific documentation of the healing actions of nature and natural substances. Internationally known authors Joseph Pizzorno and Michael Murray, and more than 90 expert contributors, provide material that is up-to-date, accurate, and informed. More than 10,000 research literature citations show that the content is based on science rather than opinions or anecdotes. 13 useful appendices offer quick lookup of frequently used charts, handouts, and information. New chapters are included on hot topics such as female infertility, medicinal mushrooms, natural products, and quality control, pregnancy, health, and primary prevention, and Vitamin K. New appendices include a supplier certification questionnaire and cervical escharotics treatment. Thorough updates ensure that you use only the most current research and provide the most effective treatment of patients. Tabs in Specific Health Problems section separate more than 70 alphabetized diseases/conditions. One convenient volume replaces the cumbersome two-volume set for easy, convenient reference. Electronic access is available via Pageburst, making it easy to search topics, drugs, herbs, and supplements, and diseases and conditions. Sold separately.
