

Ontological Arguments and Belief in God

GRAHAM OPPY

Ontological Arguments And Belief In God

William Lane Craig, J. P. Moreland

Ontological Arguments And Belief In God:

Ontological Arguments and Belief in God Graham Oppy, 2007-08-11 This book is a unique contribution to the philosophy of religion. It offers a comprehensive discussion of one of the most famous arguments for the existence of God: the ontological argument. The author provides and analyzes a critical taxonomy of those versions of the argument that have been advanced in recent philosophical literature as well as of those historically important versions found in the work of St. Anselm, Descartes, Leibniz, Hegel, and others.

Logic and Theism Jordan Howard Sobel, 2003-11-10 This is a wide-ranging 2004 book about arguments for and against beliefs in God. The arguments for the belief are analysed in the first six chapters and include ontological arguments from Anselm to Gödel, the cosmological arguments of Aquinas and Leibniz, and arguments from evidence for design and miracles. The next two chapters consider arguments against belief. The last chapter examines Pascalian arguments for and against belief in God. There are discussions of Cantorian problems for omniscience, challenges to divine omnipotence, and of the compatibility of everlasting complete knowledge of the world with free will. There are appendices that present formal proofs in a system for quantified modal logic, a theory of possible worlds, notes on Cantorian set theory, and remarks concerning non-standard hyperreal numbers. This book will be a valuable resource for philosophers of religion and theologians and will interest logicians and mathematicians as well.

Philosophy of Religion: Oxford Bibliographies Online Research Guide Oxford University Press, 2010-06-01 This ebook is a selective guide designed to help scholars and students of social work find reliable sources of information by directing them to the best available scholarly materials in whatever form or format they appear: from books, chapters, and journal articles to online archives, electronic data sets, and blogs. Written by a leading international authority on the subject, the ebook provides bibliographic information supported by direct recommendations about which sources to consult and editorial commentary to make it clear how the cited sources are interrelated. This ebook is a static version of an article from Oxford Bibliographies Online Philosophy, a dynamic continuously updated online resource designed to provide authoritative guidance through scholarship and other materials relevant to the study of Philosophy. Oxford Bibliographies Online covers most subject disciplines within the social science and humanities; for more information, visit www.oxfordbibliographies.com.

Belief in God T. J. Mawson, 2005 Belief in God answers two questions: what, if anything, is it that Jews, Christians, and Muslims are agreeing about when they join in claiming that there is a God, and what, if any prospects are there for rationally defending or attacking this claim? In the context of a sustained argument for particular answers to these questions, Tim Mawson tackles many of the most prominent topics in the philosophy of religion. He argues that those who believe that there is a God are best interpreted as believing that there is a being who is essentially personal, transcendent, immanent, omnipotent, omniscient, eternal, perfectly free, perfectly good, and necessary, and non-essentially creator of the world and value-revealer of Himself and offerer of everlasting life. Having explored the meaning and consistency of this conception of God in the first half of the book, Mawson goes on to

consider whether or not belief or the absence of belief in such a God might be the sort of thing that does not rationally require argument and if not what the criteria for a good argument for or against such a God's existence might be

BOOK JACKET *From Belief to Understanding* Richard James Campbell, 1976 **Introducing Philosophy of Religion** Chad Meister, 2009-02-13 Does God exist What about evil and suffering How does faith relate to science Is there life after death These questions fascinate everyone and lie at the heart of philosophy of religion Chad Meister offers an up to date introduction to the field focussing not only on traditional debates but also on contemporary concepts such as the intelligent creator Key topics such as divine reality and the self and religious experience are discussed in relation to different faiths

Introducing Philosophy of Religion offers a lucid overview of contemporary philosophy of religion introduces the key figures in the history of philosophy of religion explores the impact of religious diversity and pluralism examines the main arguments for and against the existence of God and the nature of the divine looks at science and issues of faith and reason explores how the different religions approach the concept of life after death The wealth of textbook features including tables of essential information questions for reflection summaries glossary and recommendations for further reading make the book ideal for student use Along with its accompanying Reader this is the perfect introductory package for undergraduate philosophy of religion courses Visit the book's companion website at www.routledge.com/textbooks/9780415403276 Features include an interactive glossary a timeline powerpoint slides on all the chapters chapter outlines lists of objectives for study

The Necessity of God R. T. Allen, 2011-12-31 Every person acquires a worldview a picture of reality Within that picture the existence of some things will be taken wholly for granted as the background to and support of everything else Their existence will rarely be questioned The cosmos or universe the gods God Brahman Heaven the Absolute R T Allen claims that all these and other world views have been held to be that which necessarily exists and upon which all other beings depend in one way or another European philosophers since antiquity have offered arguments to show that their chosen candidates for the role of the necessary being or beings that support the rest of reality do actually exist The Necessity of God sets the valid core of previous ontological arguments It does not and cannot prove that God exists but only that something necessarily exists In an a priori manner and without inferring anything from what in fact exists Allen proceeds to show that which necessarily exists is one transfinite eternal and the archetype of personal existence in short that it is God as classically conceived As for everything else that may exist it must be finite and dependent for its existence upon God as its creator and sustainer Few things are more erroneous in philosophy and disastrous in practice than artificial constructions produced without constant reference to concrete reality That which necessarily exists may be the one exception Before this constructive argument Allen examines previous examples of ontological arguments in order to show exactly where they go wrong and to extract the valid core obscured within them This will make clear the difference between them and his new version The reader who is eager to engage the philosophical sources of belief will find a distinct treasure in *The Necessity of God*

The Blackwell

Companion to Natural Theology William Lane Craig, J. P. Moreland, 2012-02-27 With the help of in depth essays from some of the world's leading philosophers The Blackwell Companion to Natural Theology explores the nature and existence of God through human reason and evidence from the natural world Provides in depth and cutting edge treatment of natural theology's main arguments Includes contributions from first rate philosophers well known for their work on the relevant topics Updates relevant arguments in light of the most current state of the art philosophical and scientific discussions Stands in useful contrast and opposition to the arguments of the new atheists

Analytic Philosophy of Religion James Franklin Harris, 2013-03-14 When Gene Long editor of Kluwer's Handbook of Contemporary Philosophy of Religion Series first invited me to write the volume on Analytic Philosophy of Religion I accepted with great enthusiasm My only explanation for that enthusiasm now is that I was younger and more naive at the time Soon after starting work on the volume my enthusiasm was dampened by the daunting magnitude of the task I began as a sprinter and quickly settled into the pace of a long distance runner Although I considered myself well read in the subject I soon discovered that I had a great deal of research to do to be confident that I had considered all of the major contributions to the various discussions issues and of religion As I read more and more problems found within analytic philosophy books and articles I realized that I had rushed into a territory already well trodden by the angels I am greatly impressed by the sophistication and subtlety of philosophical argument that characterize the different debates in contemporary analytic philosophy of religion This volume covers a vast amount of material I have endeavored to provide the fairest possible reading of different authors and in cases where I include my own critical evaluations and develop my own positions I have endeavored to provide the strongest possible interpretations of the positions I criticize

Two Dozen (or so) Arguments for God Jerry Walls, Trent Dougherty, 2018-08-07 Thirty years ago Alvin Plantinga gave a lecture called Two Dozen or so Theistic Arguments which served as an underground inspiration for two generations of scholars and students In it he proposed a number of novel and creative arguments for the existence of God which have yet to receive the attention they deserve In Two Dozen or so Arguments for God each of Plantinga's original suggestions many of which he only briefly sketched is developed in detail by a wide variety of accomplished scholars The authors look to metaphysics epistemology semantics ethics aesthetics and beyond finding evidence for God in almost every dimension of reality Those arguments new to natural theology are more fully developed and well known arguments are given new life Not only does this collection present ground breaking research but it lays the foundations for research projects for years to come

Philosophy of Religion Paul Copan, Chad Meister, 2007-10-22 Philosophy of Religion Classic and Contemporary Issues offers a comprehensive and authoritative overview of the most important ideas and arguments in this resurgent field Provides a solid foundation on the history of religious philosophy while broadening our understanding of religion's significance in today's world Features 18 newly commissioned essays by well known scholars with varied viewpoints on the philosophy of religion Examines the evolution of religious philosophy from its roots to contemporary issues

while expanding its analysis to include non Western religious themes Includes charts questions and annotated suggested readings to stimulate further study and reflection **Exploring the Philosophy of Religion** David Stewart,2017-09-29 Exploring the Philosophy of Religion 7th Edition combines the best features of a text and a reader by offering clear analysis coupled with important primary source readings Professor David Stewart called upon his 30 plus years of teaching experience to introduce students to the important study of philosophical issues raised by religion Beginning students often find primary sources alone too difficult so this text offers primary source materials by a variety of significant philosophers including a balanced blend of classical and contemporary authors but the materials are supported by clearly written introductions which better prepare students to understand the readings *Reading Philosophy of Religion* Graham Oppy,Michael Scott,2010-04-26 Reading Philosophy of Religion combines a diverse selection of classical and contemporary texts in philosophy of religion with insightful commentaries Offers a unique presentation through a combination of text and interactive commentary Provides a mix of classic and contemporary texts including some not anthologized elsewhere Includes writings from thinkers such as Aquinas Boethius Hume Plantinga and Putnam Divided into sections which examine religious language the existence of God reason argument and belief divine properties and religious pluralism The Foundations of History Stephen Leach,2017-01-24 This book provides an exposition and critical examination of Collingwood s philosophy of history in which Collingwood s views are read in the light of his metaphilosophy Collingwood s philosophy of history is also located in relation to recent and current philosophy Although the author argues that Collingwood s conception of the subject matter of history may require some revision he is generally sympathetic to the aims and methods of Collingwood s project Indeed the author hopes to demonstrate that these aims and methods are still of great value The God of Philosophy Roy Jackson,2014-09-03 For centuries philosophers have argued about the existence and nature of God Do we need God to explain the origins of the universe Can there be morality without a divine source of goodness How can God exist when there is so much evil and suffering in the world All these questions and many more are brought to life with clarity and style in The God of Philosophy The arguments for and against God s existence are weighed up along with discussion of the meaning of religious language the concept of God and the possibility of life after death This new edition brings the debate right up to date by exploring the philosophical arguments of the new atheists such as Richard Dawkins as well as considering what the latest discoveries in science can tell us about why many believe in the existence of the divine The Oxford Handbook of Medieval Philosophy John Marenbon,2015 This Handbook shows the links between medieval and contemporary philosophy Topic based essays on all areas of philosophy explore this relationship and introduce the main themes of medieval philosophy They are preceded by the fullest chronological survey now available of the different traditions Latin and Greek Islamic and Jewish **The Devil's Advocate versus God's Honest Truth** Necip Fikri Alican,2025-02-27 The Devil s Advocate versus God s Honest Truth is a scholarly monograph exploring the rationality of religion particularly the tenability

of theism through a dialectical analysis of plausible arguments for the existence of God versus reasonable grounds for suspicion. It offers a comprehensive and balanced coverage of the issues, inviting readers to reflect and ponder the subject in its full scope. The book thus makes up for the missing objectivity in an area that has long been dominated by sectarian scholarship and polarized beyond reconciliation.

Faith Has Its Reasons Kenneth Boa, Robert M. Bowman Jr., 2012-01-05

A most accessible but thoroughly practical primer on apologetics.

Fifty Years of Philosophy of Religion Andries F. Sanders, Kristof De Ridder, 2007

The bibliography lists about 10 000 titles of monographs, collections and articles in the field of the philosophy of religion and philosophical theology that appeared between 1955 and 2005. The majority of them are in the English language but publications in German, Dutch and French are listed as well. Though it is not claimed to be exhaustive, the bibliography offers a fairly representative survey of scholarly work on the main topics of interest. Publications have been systematically classified according to eleven main categories: Introductions, Surveys and Historical Issues, Part I Religious Language, Part II Religious Experience, Part III Religious Epistemology, Part IV Theism, Part V Hermeneutics, Part VI Religion and Science, Part VII Religion and Aesthetics, Part VIII Religion and Morality, Part IX Religious Pluralism, Part X and Feminist Philosophy of Religion, Part XI. Part III has been subdivided into Religious Experience and Mystical Experience. Part VII into The Concept of God, arguments for The Existence of God, The Problem of Evil and Atheism, and Part VII into General and Historical Issues, Theological Issues and implications of Modern Physics, Cosmology and Biology. The bibliography will particularly be useful to scholars, teachers and students in the philosophy of religion, philosophical theology and systematic theology as well as to those who are interested professionally or otherwise in the results of academic scholarship in those fields.

OCR A Level Religious Studies: Philosophy of Religion Julian Waterfield, Chris Eyre, Karen Dean, 2020-09-21

Engage students with the Philosophy of Religion content for OCR A Level Religious Studies, build their knowledge, deepen their understanding and develop their skills using this accessible textbook brought to you by subject specialists with examining experience and the leading A Level Religious Studies publisher and OCR's Publishing Partner. Confidently cover the content your students need to know in an appropriate level of depth with this component textbook that has been written in light of what has been learned from the first assessment. Enable students to develop and hone the AO2 skills they need with Analyse and Evaluate tables in every topic, outlining the key evaluation points. Help students of all ability levels to build their subject knowledge with key content explained clearly throughout using accessible language. Engage students with the content: each topic begins with a real-life example which puts the content into context and has discussion points throughout to get students actively thinking about key concepts. Encourage students to critically engage with challenging issues and ideas: core stretch and challenge activities at the end of every topic help students to develop a comprehensive and nuanced understanding. Provide students with the opportunity to check their knowledge and practise exam questions with the Wrap up section at the end of each topic.

Ontological Arguments And Belief In God Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Ontological Arguments And Belief In God PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong

learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Ontological Arguments And Belief In God PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Ontological Arguments And Belief In God free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Ontological Arguments And Belief In God Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Ontological Arguments And Belief In God is one of the best book in our library for free trial. We provide copy of Ontological Arguments And Belief In God in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Ontological Arguments And Belief In God. Where to download Ontological Arguments And Belief In God online for free? Are you looking for Ontological Arguments And Belief In God PDF? This is definitely going to save you time and cash in something you should think about. If you trying to find then search around for online. Without a doubt there are numerous these available and many of them have the freedom. However without doubt you receive whatever you purchase. An alternate way to get ideas is always to check

another Ontological Arguments And Belief In God. This method for see exactly what may be included and adopt these ideas to your book. This site will almost certainly help you save time and effort, money and stress. If you are looking for free books then you really should consider finding to assist you try this. Several of Ontological Arguments And Belief In God are for sale to free while some are payable. If you arent sure if the books you would like to download works with for usage along with your computer, it is possible to download free trials. The free guides make it easy for someone to free access online library for download books to your device. You can get free download on free trial for lots of books categories. Our library is the biggest of these that have literally hundreds of thousands of different products categories represented. You will also see that there are specific sites catered to different product types or categories, brands or niches related with Ontological Arguments And Belief In God. So depending on what exactly you are searching, you will be able to choose e books to suit your own need. Need to access completely for Campbell Biology Seventh Edition book?
