Open Borders Nonalignment And The Political Evolution Of Yugoslavia:

Open Borders, Nonalignment, and the Political Evolution of Yugoslavia William Zimmerman, 2014-07-14 Zimmerman asks What difference does it make for Yugoslavia's political evolution that it exists in an international environment as well as a domestic one Presenting a lucid analysis of the mutual influence of external and internal factors in Yugoslav politics he pays special attention to the political significance of the one million Yugoslavs who have crossed the country's borders to work in capitalist Western Europe Originally published in 1987 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 **Socialist Unemployment**

Susan L. Woodward, 2020-10-06 In the first political analysis of unemployment in a socialist country Susan Woodward argues that the bloody conflicts that are destroying Yugoslavia stem not so much from ancient ethnic hatreds as from the political and social divisions created by a failed socialist program to prevent capitalist joblessness Under Communism the concept of socialist unemployment was considered an oxymoron when it appeared in postwar Yugoslavia it was dismissed as illusory or as a transitory consequence of Yugoslavia's unorthodox experiments with worker managed firms In Woodward's view however it was only a matter of time before countries in the former Soviet bloc caught up with Yugoslavia confronting the same unintended consequences of economic reforms required to bring socialist states into the world economy By 1985 Yugoslavia's unemployment rate had risen to 15 percent How was it that a labor oriented government managed to tolerate so clear a violation of the socialist commitment to full employment Proposing a politically based model to explain this paradox Woodward analyzes the ideology of economic growth and shows that international constraints rather than organized political pressures defined government policy She argues that unemployment became politically invisible owing to its redefinition in terms of guaranteed subsistence and political exclusion with the result that it corrupted and ultimately dissolved the authority of all political institutions Forced to balance domestic policies aimed at sustaining minimum standards of living and achieving productivity growth against the conflicting demands of the world economy and national security the leadership inadvertently recreated the social relations of agrarian communities within a postindustrial society **Encyclopedia of the**

United Nations and International Agreements: T to Z Edmund Jan Osmańczyk, 2003 This thoroughly revised and updated edition is the most comprehensive and detailed reference ever published on United Nations The book demystifies the complex workings of the world's most important and influential international body Yugoslavia and Political Assassinations Christian Axboe Nielsen, 2020-11-12 Yugoslavia and Political Assassinations is the first book in English to analyse how and why the Yugoslav State Security Service carried out multiple targeted assassinations over the country's forty six years of

existence under the pretext of protecting the Yugoslav communist party state Offering a detailed history of the programme from the inception of the State Security Service to the recent trials of individuals involved it draws on Christian Axboe Nielsen's unique wealth of experience and research as an academic and as an expert witness in numerous criminal trials The result is a ground breaking contribution to the history of targeted assassinations communist history state security services and related criminal trials Europe and the Collapse of Yugoslavia Branslav Radeljic,2016-05-11 In 1992 Yugoslavia finally succumbed to civil war collapsing under the pressure of its inherent ethnic tensions Existing accounts of Yugoslavia's dissolution however pay little regard to the troubled relationship between the Yugoslav Federation and the European Community EC prior to the crisis in the early 1990s and the instability this created Here Branslav Radeljic offers an empirical analysis of the EC's relations with Yugoslavia from the late sixties when Yugoslavia was under the presidency of Josep Broz Tito through to the collapse of the Yugoslav federation in 1992 after the rise of Slobodan Milosevic and the beginning of the Yugoslav Wars Radeljic explores the economic political and social elements of these discords and also places emphasis on the role of Slovenes Croats and other diasporas focusing on their capacity to affect policy making at a Europe wide level Radeljic argues convincingly that a lack of direction and inadequate political mechanisms within the EC enabled these non state actors to take centre stage and shows how EC paralysis precipitated a bloody conflict in the Balkan region

The Search for a Cold War Legitimacy: Foreign Policy and Tito's Yugoslavia Robert Edward Niebuhr,2018-01-03 Titoist Yugoslavia is a particularly interesting setting to examine the integrity of the modern nation state especially the viability of distinctly multi ethnic nation building projects Scholarly literature on the brutal civil wars that destroyed Yugoslavia during the 1990s emphasizes divisive nationalism and dysfunctional politics to explain why the state disintegrated But the larger question remains unanswered just how did Tito's state function so successfully for the preceding forty six years In an attempt to understand better what united the stable multi ethnic and globally important Yugoslavia that existed before 1991 Robert Niebuhr argues that we should pay special attention to the dynamic and robust foreign policy that helped shape the Cold War

Migrations in the German Lands, 1500-2000 Jason Coy,Jared Poley,Alexander Schunka,2016-09-01 Migration to from and within German speaking lands has been a dynamic force in Central European history for centuries Exemplifying some of the most exciting recent research on historical mobility the essays collected here reconstruct the experiences of vagrants laborers religious exiles refugees and other migrants during the last five hundred years of German history With diverse contributions ranging from early modern martyrdom to post Cold War commemoration efforts this volume identifies revealing commonalities shared by different eras while also placing the German case within the broader contexts of European and global migration Women and the Jet Age Phil Tiemeyer,2025-07-15 Women and the Jet Age is a global history of postwar aviation that examines how states nurtured airlines for competing political and economic goals during the Cold War While previous histories almost exclusively stress US and Western European aviation progress Phil Tiemeyer

examines how smaller poorer states in socialist Eastern Europe and in the postcolonial Global South utilized airlines of their own to forge rival pathways to modernization Part of this modernization involved norms for working women Stewardesses at airlines around the globe encountered novel threats to their dignity as the Jet Age approached By the late 1960s stewardesses endured harsh objectification High hemlines tight uniforms and raunchy marketing were touted as modern and liberated These women whether from the West East or South forged their own pathways to achieve greater dignity at work In *Women and the Jet Age* Tiemeyer's global account of the rise of air travel and of early feminist strivings among stewardesses is one of the first histories to place such developments political economic and feminist in dialogue with each other

Gorsuch,Diane P. Koenker,2018-09-05 In the Soviet Union and the eastern bloc the idea of vacation was never as uncomplicated as throwing some suitcases in the car and heading for the beach The emphasis was on individual self improvement within the framework of the collective an approach manifest in everything from the scheduling of physical exercise to the group tours organized for factory workers Party cadres and other segments of society Like other Soviet style utopian projects socialist tourism which was often heavily laden with rules and prescriptions was a consciousness raising project part of the vast effort to forge new socialist men and women *Turizm* is the first book to examine the history of tourism in Russia and eastern Europe from the tsarist period to the age of Soviet and east European mass tourism in the 1960s and 1970s The contributors to this volume address topics including the roots of socialist tourism the role of tourism in

the making of nations and maintenance of empire and ways in which the men and women of the margins of Europe understood themselves in relation to Europe Especially interesting are chapters that show how individuals pursued their own consumerist goals within the framework of collective tourism obliging the regimes to adapt Illustrated with period photographs and promotional materials Tourism will appeal not only to historians of the region but also to anyone with an interest in consumer culture travel leisure and nation building **Nasser** Anne Alexander,2005-09-01 One of the young officers who overthrew King Farouq in 1952 Nasser was 36 years old when he became the undisputed leader of Egypt In 1956 he nationalised the Suez Canal braving the anger of Britain France and war with Israel **Reform and**

Transformation in Eastern Europe János Mátyás Kovács,Marton Tardos,1992-06-04 First published in 1992 Routledge is an imprint of Taylor Francis an informa company *The Bosnian Muslims* Francine Friedman,2018-10-08 Although their plight now dominates television news worldwide the Bosnian Muslims were until recently virtually unknown outside of Yugoslavia This meticulously researched comprehensive book traces the turbulent history of the Bosnian Muslims and shows how their mixed secular and religious identity has shaped the conflict in which they are now so tragically embroiled Although their plight now dominates television news worldwide the Bosnian Muslims were until recently virtually unknown outside of Yugoslavia Who are these people Why are they the focus of their former neighbors rage What role did they play in Yugoslavia before they became the victims of ethnic cleansing Why has Bosnia Hercegovina once a model of ethnic tolerance and multicultural harmony suddenly exploded into ethnic violence Focusing on these questions Friedman provides a comprehensive study of this national group whose plight has riveted governments the press and the public alike With a name reflecting both their religious and their national identity the Bosnian Muslims are unique in Europe as indigenous Slavic Muslims Descendants of schismatic Christians from the Middle Ages they converted to Islam after the Ottoman conquest of Bosnia The book follows them as they went from victims of crusades during the Middle Ages to members of the ruling elite within the Ottoman Empire from rulers back to subjects under Austria Hungary and later subjects again this time under the Serbs in the interwar Yugoslav Kingdom and the Communists after World War II The Bosnian Muslims have survived through it all even thriving during certain periods most notably when they were recognized by Tito as a nation Meticulously tracing their turbulent history and assessing the issues surrounding Bosnian Muslim nationhood in Yugoslavia Friedman shows us how the mixed secular and religious identity of the Bosnian Muslims has shaped the conflict in which they are now so tragically embroiled **The South Slav Conflict** Raju G.C Thomas,H. revenge among Serbs Croats and Bosnians can avoid the inherent complexity of the factors that transformed Yugoslavia from one of the most pluralist of European communist states into a theater of human misery *Europe from the Balkans to the Urals* Renéo Lukic, Allen Lynch, 1996 The disintegration of Yugoslavia and the Soviet Union in 1991 shed entirely new light on the character of their political systems There is now a need to re-examine many of the standard interpretations of Soviet and Yugoslav politics This book is a comparative study of the disintegration of Yugoslavia and the Soviet Union as multinational federal communist states and the reaction of European and US foreign policy to the parallel collapses of these nations The authors describe the structural similarities in the destabilization of the two countries providing great insight into the demise of both

Public Opinion And Regime Change Arthur H Miller, William M Reisinger, Vicki Hesli, 2019-07-11 This volume reports a research that represents some of the collaborative efforts aimed at investigating political attitudes and behaviors in the broader Soviet society examining the public opinion constraints on efforts to transform the new organizations into a competitive political party system

The Reform of Housing in Eastern Europe and the Soviet Union Jozsef Hegedus, Ivan Tosics, Bengt Turner, 2005-11-04 The rapid political changes in Eastern Europe and the Soviet Union have had repercussions for many elements of the socialist system Housing provision always an important part of the socialist agenda has undergone extensive changes These have solved some problems but given rise to others The studies in *The Reform of Housing in Eastern Europe and the Soviet Union* highlight the various aspects of housing reform including such issues as rehabilitation private initiatives housing quality welfare requirements and home ownership While in some countries policy makers have adhered to the older methods of housing provision in others the number of massive state run projects has declined in favour of smaller privately funded enterprises The latest changes reflect the socio-economic restructuring of the countries in general and thus housing can be seen as a spearhead for reforms throughout the system The contributors are active researchers in the former Eastern Bloc who analyse the latest reforms and academics from Western Europe who supply a context of broader housing issues They analyse the external factors that have influenced the reforms and assess the outlook for the future
