Siddall, Carol Williams, 2021-08-01 Riveting first person accounts that put the reader in the cockpit Dozens of photographs of the planes and the pilots that flew and fought in the skies from Tokyo to Berlin Find out what it was like to fly some of the all time classic aircraft of World War II including the P 51 Mustang B 17 Flying Fortress P 47 Thunderbolt P 38 Lightning P 40 Kittyhawk and many more **The Aeronautical Journal** , 1970 Flying American Combat Aircraft of World War II Robin D. S. Higham, 2004 Presents a collection of illustrated photographs and narratives that describes the US combat aircraft of World War Two written by the former aviators who flew those missions *Brassey's Naval Annual* Earl Thomas Allnutt Brassey, 1971 **One of Thousands: A Navigator in the European Air War** Frederick Fooy, 2015-04-06 Jules Julie Lasner volunteered for service after the United States entered World War II and he was trained as a navigator in a B 17 Flying Fortress Lasner flew twenty seven missions over occupied Europe during the final phases of a strategic bombing campaign against Germany dodging the Luftwaffe's anti aircraft defenses in the cold wintry skies Based on interviews with Lasner as well as his wartime correspondence this book offers a glimpse into his experiences as a member of the 8th Air Force Along with thousands of others he pounded the Third Reich around the clock in a four engine bomber over the last eight months of the war This account offers an insider's look into the state of the German air defenses as well as some of the effects of the strategic bomb offensive Lasner's story shows that one person's experiences and decisions affect many people and it also reveals how he was affected by total war Go beyond the statistics that so often dehumanize conflict with **One of Thousands** **Naval Aviation News** , 1964 **Bookseller and the Stationery Trades' Journal** , 1970 *Tally Ho!* R W Foster, Norman Franks, 2009-03-23 A memoir of the life and World War II service of Battle of Britain veteran RAF fighter pilot Bob Foster Bob Foster's flying years began shortly before WWII when he learned to fly with the RAFVR Called up for war service in September 1939 he completed his training and was posted to 605 Squadron equipped with Hawker Hurricanes By early September 1940 he and his Squadron were in the thick of the air fighting over southern England operating from Croydon Surviving the Battle he later became an instructor but shortly after joining 54 Squadron which had Spitfires he and his unit were sent to Australia to defend the Darwin area from Japanese incursions Awarded the DFC for his efforts he returned to the UK and was given an assignment with a RAF public relations outfit ending up in Normandy within three weeks of the invasion of 1944 Often serving right up in the front lines Bob saw the war at very close hand and then quite by chance became one of the first if not the first RAF officer to enter Paris with the liberating French army and again by chance was in General de Gaulle's triumphant procession down the Champs Elyses His memoir is an entertaining collection of stories

and reminiscences of two distinct areas of WWII which also shows how luck often shaped the lives of the fighter pilots involved Bob Foster later became a successful sales manager with Shell Mex and BP as well as serving with the Royal Auxiliary Air Force He now lives with his wife Kaethe near Bexhill in East Sussex

The Last Epic Naval Battle David Sears, 2005-06-30 Often overshadowed by other Pacific War engagements such as Midway or Guadalcanal the Battle of Leyte Gulf was characterized by some of the most gallant hours in seagoing history the U S Navy's defeat of the combined Japanese fleet during the invasion of the Philippines in October 1944 Involving more ships than even the gargantuan First World War Battle of Jutland and two hundred thousand men it was the biggest naval battle in world history It marked the last time that huge capital ships fought within sight and sound of each other Using the personal accounts of the men who were there Sears tells this mammoth and compelling story This moving tale uses personal accounts of the veterans who achieved victory in the biggest and last great naval battle largely fought with aging ships untested reserve crews and teenaged combat aircraft pilots Often overshadowed by other Pacific War engagements such as Midway or Guadalcanal the Battle of Leyte Gulf was characterized by some of the most gallant hours in seagoing history the U S Navy's defeat of the combined Japanese fleet during the invasion of the Philippines in October 1944 Involving more ships than even the gargantuan First World War Battle of Jutland and two hundred thousand men it was the biggest naval battle in world history It marked the last time huge capital ships fought within sight and sound of each other Using the personal accounts of the men who were there Sears tells this mammoth and compelling story The Battle of Leyte Gulf could have been the Pacific War's Battle of the Bulge In a space of 12 hours Japan a beaten cornered enemy was able to devise and execute a strategy that very nearly pierced the heart of America's war machine The real margin of victory would come from surprising quarters from aging ships risen from the graveyard of the war's infamous first day from small hastily constructed ships with largely untested reserve crews from fragile support ships never intended to be anywhere near battles of this scale and from combat aircraft piloted by teenagers

Fighting Hitler's Jets Robert F. Dorr, 2013-11-15 Fighting Hitler's Jets brings together in a single character driven narrative two groups of men at war on one side American fighter pilots and others who battled the secret wonder weapons with which Adolf Hitler hoped to turn the tide on the other the German scientists engineers and pilots who created and used these machines of war on the cutting edge of technology Written by Robert F Dorr renowned author of Zenith Press titles Hell Hawks Mission to Berlin and Mission to Tokyo the story begins with a display of high tech secret weapons arranged for Hitler at a time when Germany still had prospects of winning the war It concludes with Berlin in rubble and the Allies seeking German technology in order to jumpstart their own jet powered aviation programs Along the way Dorr expertly describes the battles in the sky over the Third Reich that made it possible for the Allies to mount the D Day invasion and advance toward Berlin Finally the book addresses both facts and speculation about German weaponry and leaders including conspiracy theorists view that Hitler escaped in a secret aircraft at the war's end Where history and controversy collide with

riveting narrative Fighting Hitler s Jets furthers a repertoire that comprises some of the United States most exceptional military writing

USS Solomons CVE 67 Joseph E. Comeau Jr.,2008-07-31 This book is an Historical Account some may say it is a Museum Exhibit all by itself of the USS SOLOMONS CVE 67 and U860 which was sunk by the USS Solomons CVE 67 It is told by the crewmen and their photos Its in the format of a Family Photo Album by the time you finish reading this book you will know these men Personally This book makes it blatantly clear how important it is that we talk to our Veterans record their stories and make copies of their photos Who would have ever thought that 60 men could have enough stories to fill 547 pages and over 810 photos and documents or that they would be so Happy And willing to share Their Memories Additionally this book shows just how little time we have left to record their memories Since I started this project in February of 2002 until now March 2005 five of the men that contributed to this book have already passed away They will never get to see the book that they helped write They are now Gone Forever BUT They will now be Remembered Forever along with their stories and photos The five men are David R Green S1 c USS Solomons CVE 67 Passed Away 27 April 2002 Age 77 Frank S Rojewski S1 c USS Solomons CVE 67 Passed Away 10 May 2003 Age 76 Joseph Ernest Comeau S1 c USS Solomons CVE 67 My Dad Passed Away 26 June 2003 Age 77 Adolf Lundquist U860 Crewman U860 was sunk by USS Solomons CVE 67 Passed Away December 2003 Age 90 Joseph Montana USS Solomons CVE 67 Passed Away 12 January 2005 Age 78 Read this book Then talk to the Veteran that you know write down His or Her stories and make copies of any photos Put them in a folder give each of His or Her Family members a copy so that the Veteran will NEVER BE FORGOTTEN OUR VETERANS HAVE EARNED THE RIGHT TO BE REMEMBERED THANK YOU

center REVIEWScenter Joseph Comeau s book on the history of this can do carrier and her World War II crew reads like a veteran s scrapbook which it is in a way There s no narrative in the traditional sense the book consists of first hand accounts rare personal snapshots and reproductions of contemporary documents such as a Welcome Aboard pamphlet produced for new arrivals aboard the SOLOMONS Comeau s father Joseph E Comeau Sr served aboard the SOLOMONS and the book is a tribute to Comeau Sr and his shipmates The book is a wealth of obscure photos and the small details of life aboard a jeep carrier during the Atlantic War Doug Buchanan Editor of Anchor Watch The Official Journal of the Historic Naval Ships Association July 2005 This is a big book large format over 540 pages and 810 photographs but regardless of its size this book is clearly a labor of love For years Joseph Comeau would ask his father Joseph Comeau Sr about his days in the Navy His father would simply reply that he was on an Escort Carrier and that they were in the Atlantic He sometimes added that he was also rather sad that there had never been a reunion for his fellow shipmates that served with him on the USS Solomons CVE 67 In February 2002 Joseph Jr got an idea Using the far reach of the Internet he began tracking down former Solomons crewmembers quickly finding 35 men in just a few short months Each time he found one he would ask that individual to write down memories of the ship and to send a copy of any photos he may have Joseph Jr stashed these materials away in a folder which soon grew to over 235 pages This he presented to his dad on

Father's Day of that year It was the reunion that his father never had Sadly Joseph Comeau Sr answered the final Call to Muster on 26 June 2003 This book based on the original folder as well as further research is a great piece of history It is not necessarily a start to finish history of the USS Solomons although there is a considerable amount of information on the ship but rather individual stories of people with a common experience centered around the vessel in which they served during a war that all fought This is a chronicle of the past in the most personal sense There is a ton of history here and we highly recommend picking up a copy of this book We would like to thank Joseph Jr for undertaking this project a gift from a son to his dad David G Powers Editor of Logbook Great Aviation History 2nd Quarter 2006 The British National Bibliography Arthur James Wells,1970 Flying Flak Alley Alan L. Griggs,2015-01-28 Air warfare was a decisive component of World War II especially in western Europe and over Japan where Allied bombers damaged 66 of the country's largest cities The guts and glory of the bomber crews came however with a high casualty rate which had only improved marginally by the war's end Descriptions of the bombers harrowing missions told from the firsthand perspective of their pilots navigators bombardiers and gunners create the immediacy of a single person's experience during one of America's most daring military expeditions A short biography of each veteran accompanies these tales of typical and not so typical missions **American Women During World War II** Doris Weatherford,2009-10-16 American Women during World War II documents the lives and stories of women who contributed directly to the war effort via official and semi official military organizations as well as the millions of women who worked in civilian defense industries ranging from aircraft maintenance to munitions manufacturing and much more It also illuminates how the war changed the lives of women in more traditional home front roles All women had to cope with rationing of basic household goods and most women volunteered in war related programs Other entries discuss institutional change as the war affected every aspect of life including as schools hospitals and even religion American Women during World War II provides a handy one volume collection of information and images suitable for any public or professional library Flying Magazine ,1953-05 **Flying Magazine** ,1953-05 **Library of Congress Catalog** Library of Congress,1970 A cumulative list of works represented by Library of Congress printed cards **Library of Congress Catalogs** Library of Congress,1976
