*Challenging Contextuality*, 2024-07-31 Challenging Contextuality Bibles and Biblical Scholarship in Context provides a new and innovative contribution to the study of biblical texts by bringing together current approaches to biblical interpretation The volume sets the agenda for the future of the field and provides a synthesis of approaches to date In doing so it aligns itself with the broadly shared hermeneutical conviction that contextuality is a catalyst for interpretation This applies in equal measure to approaches and methods that are often framed as traditional or mainstream e.g. the methodological canon of the historical critical approach as the offspring of the European Enlightenment and those that are often dubbed contextual e.g. forms of feminist or indigenous interpretation The volume grounds contextual biblical interpretation within the broader landscape of biblical studies and the chapters are all interested in the contexts in which bibles are read Rather than a series of examples of contextual biblical interpretation this book is concerned with what it means to do contextual biblical interpretation how contextual biblical interpretation challenges biblical scholarship and what chances there are for this mode of inquiry What contexts are engaged and elucidated when it comes to bible use What contexts are made visible and invisible How can different contexts be theorized and understood The volume argues that it is not context that matters rather contemporary contexts should be a challenge and a chance for biblical scholarship its present and its future

*Our Purpose Is Love: Leader Guide* David N. Field, 2018-04-19

What does it mean to love God and neighbor today when things so often feel divided and in conflict? In *Our Purpose Is Love*, author David Field challenges us to recognize and reclaim love as the center of our identity and purpose as the church. Field presents a Wesleyan vision of the church as the embodiment of God's love in the world and explores the implications of this vision for our life together. In this vision, the church is where we become creatures of love, learning to love God and neighbor ever more completely and authentically through the means of God's grace. As a result, we bear witness to the world by reflecting God's love more and more perfectly in the way we treat others and order our common life. With a special focus on the importance of unity for the church's witness, Field invites us to consider the ways in which embodying God's love can and should influence how we live as individuals and as communities of faith, calling us to reclaim and recommit to love as the center of who we are. This Leader Guide includes leader helps and complete session plans for facilitating an eight-week small group study using *Our Purpose Is Love: The Wesleyan Way to Be the Church* by David N. Field.

**Fresh Expressions** Audrey Warren, Kenneth H. Carter Jr., 2017-05-01

A wave of new Christian churches are emerging to reach unchurched and dechurched people who live in a culture that is increasingly non-religious and multi-religious. These new forms of church gather and network with people who typically have never been to church. The new faith communities listen to people and go where they are on the journey toward Jesus. They are deeply ecumenical but do not lose their distinctiveness because they learn fresh ways to communicate their identity through discipleship. Fresh Expressions began in the United Kingdom where it ignited over 3000 new faith communities. In the United States, the movement is putting down roots in Virginia, Pennsylvania, and Florida. Ken Carter and Audrey Warren offer this book as a group study for church leaders and congregations who are in the grip of Holy Spirit motivation to renew their tradition by reaching people who are dechurched or not yet in a discipleship relationship with Jesus. Each chapter includes two Bible study experiences for group conversation.

Difference without Domination Danielle Allen, Rohini Somanathan, 2020-11-30

Around the globe, democracy appears broken. With political and socioeconomic inequality on the rise, we are faced with the urgent question of how to better distribute power, opportunity, and wealth in diverse modern societies. This volume confronts the dilemma head-on, exploring new ways to combat current social hierarchies of domination. Using examples from the United States, India, Germany, and Cameroon, the contributors offer paradigm-changing approaches to the concepts of justice, identity, and social groups while also taking a fresh look at the idea that the demographic make-up of institutions should mirror the make-up of a populace as a whole. After laying out the conceptual framework, the volume turns to a number of provocative topics, among them the pernicious tenacity of implicit

bias the logical contradictions inherent to the idea of universal human dignity and the paradoxes and problems surrounding affirmative action A stimulating blend of empirical and interpretive analyses Difference without Domination urges us to reconsider the idea of representation and to challenge what it means to measure equality and inequality **Genius Born of Anguish: The Life and Legacy of Henri Nouwen** Michael W.
