Popular Performance Adam Ainsworth, Oliver Double, Louise Peacock, 2017-04-20 There is no fourth wall in popular performance The show is firmly rooted in the here and now and the performers address the audience directly while the audience answer back with laughter applause or heckling Performer and role are interlaced so that we are left uncertain about just how the persona we see onstage might relate to the private person who presents it to us Popular Performance defines and surveys varieties of performance where the main purpose is to entertain and where there is no shame in being trivial frivolous or nonsensical as long as people go home happy at the end of the show Contributions by new and established scholars focus particularly on how it is made explaining the techniques of performance and production that make it so appealing to audiences With sections examining how popular performance works in a range of historical and contemporary examples readers will gain insights into performance forms associated with the variety tradition music hall vaudeville cabaret variety performance forms associated with circus wild west shows clowning issues relating to the identity of the performer in relation to magic burlesque pantomime in contemporary performance issues relating to venue and audience in relation to contemporary street theatre stand up and live sketch comedy

[The Philosopher's Stone](#) Barbara R. Barry, 2000 The Philosopher s Stone is a collection of case studies in compositional process not so much about how the music was arrived at through its sketch stages but more are construction of issues of form as the defining features of a genre and structure as the individual realization in a particular work Great musical movements and works are seen as highly creative

solutions to problem solving The contexts of the works differ considerably Some were written against the background of a specific precedent or model as with Mozart's Haydn quartets via Haydn's Op 33 set In other cases as with Beethoven's middle period style the composer reconsiders a comprehensive range of implications about style and construction of how after earlier successes now outworn to make a new and significant contribution to the genre without duplicating earlier solutions The essays are grouped into three sections on Beethoven studies Mozart in retrospect and nineteenth century music All the movements and works in these chapters pose in their different ways these issues of structural reinterpretation and re formation where the reworking of the form leads to a distinctive and higher level transformation **Good Lookin'**
