**Opening Leads For Acol PL** Mike Lawrence, Ron Klinger, 2007-01-01 The opening lead can be the most difficult lead in the whole game and the most critical When you are choosing your opening lead you have only thirteen cards to contemplate and the auction to guide you whereas for every other lead more than twice as many cards are known A shrewd opening lead may provide a greater chance of successful defence than any card played at a later stage This superb book shows how to predict the way the play will probably develop and what therefore is likely to be the best opening lead The authors consistent aim is to encourage the player to gather all the threads of information helpful in deciding what may be the crucial card to lead And for good measure this guidance is amplified by a generous number of expert tips unlikely to be known to most players

**The Two-Over-One Game Force System** Neil H. Timm PhD,2018-03-17 The Two Over One Game Force System is an improvement over the Standard American System that has been in effect and played by bridge players for many years The advantage of the 2 1 System is that it allows the partnership to know that game is possible with only a single bid I have presented the fundamental aspects of the bidding structure in this book While many players claim they play 2 1 this is not the case They have allowed the bidding structure of Standard American to prevail like bidding suits up the line or ignoring the Walsh club I have tried to change behavior by presenting a series of bids geared toward the 2 1 bidding structure where simply stated means that any auction that starts with an opening one bid that is followed with a response at the two level of a lower ranking suit represents a game forcing bidding sequence Included in the book is Bergen Reverse Bergen and Combined Bergen raises inverted minor suit raises with crisscross and flip flop cue bidding modified scroll bids and a Modern Splinter Convention The Chapter on Slam bidding has been expanded to include asking for aces and kings simultaneously the Baron 4NT convention expert Gerber and more Material on Roman Jump overcalls the Mc Cabe Adjunct
