Who Needs the Old Testament? Katharine Dell, 2017-06-30 Who needs the Old Testament It might be a literary classic but what relevance does it have today How much of it can we believe anyway Katharine Dell invites you to rediscover the appeal of the Old Testament for the twenty first century In doing so she deftly refutes hard line attacks by writers such as Richard Dawkins she firmly critiques the atheistic agenda of those scholars who seek to undermine the Old Testament s historical grounding and she helpfully reassures those within the church who express doubts about its usefulness as a resource for Christian life and thought Written by a world expert this book will help many both inside and outside the church to gain a more informed appreciation of the different kinds of literature contained in the Old Testament and a more nuanced understanding of the developing vision of God to which they witness **The Book of Psalms, an Epitome of the Old Testament Scripture, Opened.
