Opening Way Kurozumi Munetada Founder Of Kurozumikyo:

The Opening Way Tadaaki Kurozumi, 1994 This biography of the founder of a Shinto denomination gives a close up view of Japanese religion in action The term Shinto acquires an entirely fresh meaning for many readers showing from inside perspective how faith and aspiration guide people amid the conditions of ordinary life The subject is the relation between the ordinary human and the transcendent power that animates the universe as that relation is understood in Shinto perspective Main themes are the sense of mission that directs the faith of this Japanese religion its understanding of wholeness and health and its rich view of practical spirituality Contents List of Photos and Maps Editor s Preface Foreword The Reverend Kurozumi Munetada Introduction Birth Setting His Life s Goals Direct Bestowal of Divine Mission Proclaiming the Way Aspirations and Humility The Opening Way Forming the Religious Organization Stories of the Founder Notes Bibliography Indices About the Author The Living Way 〇〇・〇〇, 2000 These stories about Kurozumi Munetada 1780 1850 show us a spirituality for everyday living He was a Japanese priest poet and healer who looked to the needs of all humankind We see in them Shinto affirmation of life for he was a healer of both spirit and body He was a teacher showing people of all walks of life the Confucian emphasis on sincerity as the principle of true life The key to both sincerity and health is overcoming egoistic attachment a basic teaching of the Buddhist side of Japanese culture Making it all possible is devotion to Amaterasu the Kami of the sun who entered his life in a moment of ecstatic unity and who may be realized in each moment of anyone s life as the source of happiness and vigor His ability to show how that is so drew thousands to his side in his lifetime sparking a movement that continues to this day in the Kurozumikyo Shinto denomination *Area Bibliography of Japan* Ria Koopmans-de Bruijn, 1998 Provides a general overview of literature relating to Japan and covers a broad range of subject matter from art feminism and linguistics to corporate culture history and medicine Includes books published since 1980 that are related to the geographical area of Japan and to Japanese culture within that area *Books on Japan in Western Languages Recently Acquired by the National Diet Library* Kokuritsu Kokkai Toshokan (Japan), 1995 *Kurozumikyo and the New Religions of Japan* Helen Hardacre, 2020-11-10 The description for this book Kurozumikyo and the New Religions of Japan will be forthcoming *Monotheism in the New Religious Movements of Japan* Kegan A. Chandler, 2025-06-30 This book calls for a reformation of the image of monotheism in studies of Japanese religions and in the study of religions in general According to most scholars Japan and monotheism mix like oil and water Whatever Japanese religion is we are told the Western category of monotheism cannot not be imposed The predominance of this standard ruling makes critical the study of Japan s new religious movements NRMs exemplified in this volume by Kurozumiky Tenriky and Konk ky which have occasionally and controversially been pinned with the monotheism label However significant disagreement and confusion have persisted for nearly a century in Western scholarship over precisely how to classify these religions and furthermore over where their monotheism if it exists might have come from Chandler argues that this long history of dissonance in the

West is the result of a complex layering of taxonomical sociocultural and scholarly issues Furthermore he suggests this impasse can be addressed via an updated definition of monotheism that takes into account its nuances and includes new monotheistic subcategories The book reveals the monotheism of Japan s NRMs in light of this new framework and through a new historical investigation into Japanese sources of monotheism It is especially relevant to scholars with an interest in Japanese religions and new religious movements as well as the comparative study of religion and philosophy of religion

Japanese Religions ,1995 **The World's Living Religions** Archie J. Bahm,1992 The World s Living Religions is an authoritative study of comparative religion Oriental and Occidental by one of the foremost scholars in the field It differs from other similar works on the subject in that in addition to a detailed study of the five major religions Hinduism Buddhism Judaism Christianity and Islam the book also offers an insight into the lesser known religions such as Jainism Vedantism Taoism Confucianism and Shintoism Marketing the Menacing Fetus in Japan Helen Hardacre,1997 A remarkably original contribution to the anthropology of reproduction Marketing the Menacing Fetus in Japan provides broad and deep insights into the culture of sexuality and gender in Japan Framing the issues historically as well as anthropologically Hardacre artfully blends a wide variety of sources from the demographic to participant observation from surveys to rich life histories The book is a major contribution to feminist studies of abortion and its impact is likely to equal that of Faye Ginsburg s justly famous book Contested Lives David I Kertzer author of Sacrificed for Honor Italian Infant Abandonment and the Politics of Reproductive Control **Books In Print 2004-2005** Ed Bowker Staff,Staff Bowker, Ed,2004 Japanese Thought in the Tokugawa Era Klaus Kracht,2000 Contents 1 General 2 Buddhism 3 Christianity 4 Confucianism 5 Chu Hsi Confucianism 6 Wang Yang ming Confucianism 7 Neo Classical Confucianism 8 Bushido 9 Learning of the Mind 10 National Learning 11 Western Learning 12 Various Thinkers of the 18th Century 13 Mito School 14 Late Tokugawa Thought 15 Miscellaneous Aesthetics Commoners Economic Thought Educational Thought Etiquette Folklore Foreign Relations in Thought Geography Historiography Language and Thought Legal Thought Mathematics Medicine Methods Research History Natural Science and Technology Political Thought Religious Thought Social Thought Travel Index **Japanese Journal of Religious Studies** ,2001 *The Quest* Lyman C.D. Kulathungam,2012-04-25 The human spirit seems incapable of being stagnant ever pushing the boundaries of knowledge and experience We try to understand life through questions regarding our own existence the nature of the universe and the nature of God The question of our collective heart is the external manifestation of an internal longing a quest if you will This thirst to understand reality can be seen in superstructures that are scientific social political and especially religious When considering the doctrines institutions and rituals of religions we observe certain core aspirations expressed by the people of these communities These aspirations generate from an underlying quest which seeks a way out of our perceived predicament a salvific quest Regardless of whether we view ourselves as religious pre religious post religious or non religious we find ourselves involved in such a quest it seems to be an integral part of our human personhood

Using a unique framework of analysis this book explores Christ's relevance to the quest expressed by the communities of eight major living religions a relevance that neither degrades Christ nor demeans other saviors Christ is not part of the human quest but is well equipped to satisfy that quest
