Opera, Dead Or Alive Ronald Elwy Mitchell, 1972      Opera: Dead Or Alive Ronald Elwy Mitchell, 1970 Playwright director and critic Ronald E Mitchell offers general readers a richer understanding of traditions terms styles and staging techniques of musical theater including an introduction to seventeen examples of operas and musicals from baroque and romantic operas to Gilbert Sullivan from proletarian dramas to Broadway shows like Oklahoma      **Opera, Power and Ideology** Vlado Kotnik, 2010 Opera is able to offer enchanting performance sites in which people create and experience glamorous or ecstatic imagined worlds but behind this picture we find a real social organization embraced by reality which makes opera's world and its history accessible for ethnographic enquiry historical reflection and cultural analysis This book therefore presents the author's original anthropological study which shows complex historical socio cultural political economic ideological academic and ethnographic facets of opera culture in Slovenia including the field sites of both Slovenian national opera houses in Ljubljana and Maribor The study explicates how social representations of opera are produced and enacted by different social agents involved within the Slovenian national operatic habitus and how opera is used as an idealized vision of nationhood and national identity in a provincial society      *Opera as Anthropology* Vlado Kotnik, 2016-09-23 This book contemplates the relationship between opera and anthropology It rests on the following central arguments on the one hand opera is quite a new and exotic topic for anthropologists while on the other anthropology is still perceived as an unusual approach to opera Both initial arguments are indicative of the current situation of the relationship between anthropological discipline and opera research The book introduces the work of anthropologists and ethnographers whose personal and professional affinity for opera has been explicated in their academic and biographical accounts Anthropological ethnological ethnographic and semiotic accounts of opera by Claude Lévi Strauss Michel Leiris William O Beeman Denis Laborde Paul Atkinson and Philippe Joseph Salazar establish that opera can be a pertinent object of anthropological interest ethnographic investigation cultural analysis and historical reflection By touching on opera not merely as a musical aesthetic or artistic category but as a social cultural historical and transnational phenomenon that over the last four centuries has significantly influenced and reflected the identity of Western culture and society this monograph suggests that opera and anthropology no longer need be alien to one another      The Last Waltz of The Band Neil Minturn, 2005 For Vol 2 of the series CMS Sourcebooks in American Music Neil Minturn acknowledges the phenomenon of rock and roll with a serious examination of Martin Scorsese's film THE LAST WALTZ 1978 the celebrated rockumentary that so artfully captured for posterity the final performance of The Band From 1861 to 1976 this partnership of one American and four Canadians produced an impressive body of popular song in the rock idiom between 1961 and 1976 Joining its members for their farewell performance are a variety of guests who like The Band itself reflected the rich array of traditions that have nourished rock and roll since its emergence Minturn approaches the substance of the performances and the film itself in

terms of intimacy and tradition He presents the San Francisco concert as a summation of an extraordinary musical journey and prefaces his scene by scene analysis with a cogent introduction to documentary filmmaking Selected performances are discussed in detail Performers and Performances Jack B.
