## **Opera For The People:**

**Opera for the People** Katherine K. Preston, 2017-10-11 *Opera for the People* is an in depth examination of a forgotten chapter in American social and cultural history the love affair that middle class Americans had with continental opera translated into English in the 1870s 1880s and 1890s Author Katherine Preston reveals how contrary to the existing historiography on the American musical culture of this period English language opera not only flourished in the United States during this time but found its success significantly bolstered by the support of women impresarios prima donnas managers and philanthropists who provided financial backing to opera companies This rich and compelling study details the lives and professional activities of several important players in American postbellum opera including manager Effie Ober philanthropist Jeannette Thurber and performers artistic directors Caroline Richings Euphrosyne Parepa Rosa Clara Louise Kellogg and the people's prima donna Emma Abbott Drawing from an impressive range of primary sources including contemporaneous music and theater periodicals playbills memoirs librettos scores and reviews and commentary on the performances in digitized newspapers Preston tells the story of how these and other women influenced the activities of some of the more than one hundred opera companies touring the United States during the second half of the 19th century performing opera in English for a diverse range of audiences Countering a pervasive and misguided historical understanding of opera reception in the United States unduly influenced by modern attitudes about the genre as elite exclusive expensive and of interest only to a niche market *Opera for the People* demonstrates the important and hitherto unsuspected place of opera in the rich cornucopia of late century American musical theatre which would eventually lead to the emergence of American musical comedy *Opera for the People* Herbert Graf, 1951 **Einstein on the Beach: Opera beyond Drama** Jelena Novak, John Richardson, 2019-12-06 Philip Glass and Robert Wilson's most celebrated collaboration the landmark opera *Einstein on the Beach* had its premiere at the Avignon Festival in 1976 During its initial European tour Metropolitan Opera premiere and revivals in 1984 and 1992 *Einstein* provoked opposed reactions from both audiences and critics Today *Einstein* is well on the way itself to becoming a canonized avant garde work and it is widely acknowledged as a profoundly significant moment in the history of opera or musical theater *Einstein* created waves that for many years crashed against the shores of traditional thinking concerning the nature and creative potential of audiovisual expression Reaching beyond opera its influence was felt in audiovisual culture in general in contemporary avant garde music performance art avant garde cinema popular film popular music advertising dance theater and many other expressive commercial and cultural spheres Inspired by the 2012 2015 series of performances that re contextualized this unique work as part of the present day nexus of theoretical political and social concerns the editors and contributors of this book take these new performances as a pretext for far reaching interdisciplinary reflection and dialogue Essays range from those that focus on the human scale and agencies involved in productions to the mechanical and post human character of the opera's expressive substance A further valuable

dimension is the inclusion of material taken from several recent interviews with creative collaborators Philip Glass Robert Wilson and Lucinda Childs each of these sections comprising knee plays or short intermezzo sections resembling those found in the opera Einstein on the Beach itself The book additionally features a foreword written by the influential musicologist and cultural theorist Susan McClary and an interview with film and theater luminary Peter Greenaway as well as a short chapter of reminiscences written by the singer songwriter Suzanne Vega     *Modern Music and Musicians for Vocalists* Louis Charles Elson,1918     The Musical Times & Singing-class Circular ,1910     **Cinema's Illusions, Opera's Allure** David Schroeder,2016-10-06 The invention of cinema was ingenious so much so that virtually no one quite knew what to do with it In its earliest stages especially with the advent of the feature film it needed models and opera proved to be especially useful in that regard The allure of opera to cinema early in the twentieth century held up through the silent era into sound films through the golden age of movies and beyond This book explores the numerous ways some predictable some unexpected and some bizarre in which this has happened The influence of Richard Wagner on filmmakers has been especially striking and some have even devised visual images that seem to emerge from a kind of non verbal Wagnerian essence a formative musical urge that can underlie a cinematic idea defying explanation and remaining purely sensory Directors like Griffith DeMille Eisenstein Chaplin Bunuel or Hitchcock have intuited this possibility Schroeder provides a fascinating well researched and always entertaining account of the influence of one medium on another and shows that opera can often be found lurking in the background or booming in the foreground of an impressive range of films     **The Business of Opera** Anastasia Belina-Johnson,Derek B. Scott,2016-03-23 The study of the business of opera has taken on new importance in the present harsh economic climate for the arts This book presents research that sheds new light on a range of aspects concerning marketing audience development promotion arts administration and economic issues that beset professionals working in the opera world The editors aim has been to assemble a coherent collection of essays that engage with a single theme business but differ in topic and critical perspective The collection is distinguished by its concern with the business of opera here and now in a globalized market This includes newly commissioned operas sponsorship state funding and production and marketing of historic operas in the twenty first century     *Opera After the Zero Hour* Emily Richmond Pollock,2019 Opera After the Zero Hour argues that newly composed opera in West Germany after World War II was a site for the renegotiation of musical traditions during an era in which tradition had become politically fraught     **History of Chicago: From the fire of 1871 until 1885** Alfred Theodore Andreas,1886     A Dictionary of Music and Musicians (A.D. 1450-1880) by Eminent Writers, English and Foreign John Alexander Fuller-Maitland,Adela H.
