Opera on Stage Lorenzo Bianconi, Giorgio Pestelli, 2002-07 The History of Italian Opera marks the first time a team of expert scholars has worked together to investigate the Italian operatic tradition in its entirety rather than limiting its focus to individual eras or major composers and their masterworks Including both musicologists and historians of other arts the contributors approach opera not only as a distinctive musical genre but also as a form of extravagant theater and a complex social phenomenon resulting in the sort of panoramic view critical to a deep and fruitful understanding of the art Opera on Stage the second book of this multi volume work to be published in English in an expanded and updated version focuses on staging and viewing Italian opera from the court spectacles of the late sixteenth century to modern day commercial productions Mercedes Viale Ferrero describes the history of theater and stage design detailing the evolution of the art well into the twentieth century Gerardo Guccini does the same for stage and opera direction and the development of the director's role as an autonomous creative force Kathleen Kuzmick Hansell discusses the interrelationships between theatrical ballet and Italian opera from the age of Venetian opera to the early twentieth century The visual emphasis of all three contributions is supplemented by over one hundred illustrations and because much of this material on the more spectacular visual aspects of Italian opera has never before appeared in English Opera on Stage will be welcomed by scholars and opera enthusiasts alike

[The Opera Stage of Sarah Caldwell](#) Kristina Bendikas, 2020-05-14 Sarah Caldwell the leader of the Opera Company of Boston from 1958 1990 was a groundbreaking and idiosyncratic woman who established her own career as a conductor and stage director in an environment resistant to change This book investigates her choices as an opera director her influences her philosophies and her methods and situates her work within the history of opera in America Though she is remembered primarily as a conductor her passion and her greater influence on American opera was through

stage directing With a repertoire that included ground breaking interpretations of works such as Nono's *Intolleranza 1960* Prokofiev's *War and Peace* and Bernstein's *Mass* Caldwell continually pushed her own artistic limits provoked critics intrigued audiences and challenged the status quo of opera production Her passion for opera her creative use of new technology and her influence in bringing opera to all sectors of American society culminated in 1997 when she was awarded the National Medal of Arts for her work as a pioneering woman in the American musical landscape and a tireless and innovative arts entrepreneur

The Turk on the Opera Stage Christoph Yew, 2010 Thesis M A from the year 2009 in the subject Musicology Miscellaneous grade 2.0 University of Osnabrück Musikwissenschaft language English abstract This thesis is about the presentation of the Turks in operas of the Western European nations I will have a look at which different roles were used to describe the Turks In the sense of this paper the term Turk does not restrict its perspective to the area of the modern Republic of Turkey As for example Preibisch 1908 p13 notes during the 18th century composers did not distinguish between for example Persia and Turkey Pahlen 1980 p12 even suggests that the whole Arabian community was regarded as Turkish Moreover except other Arabian countries

sometimes even China and India were regarded as Turkey Whaples 1998 p4 To be precise this inaccuracy can be applied to a lot of other countries that were part of the Ottoman Empire like Egypt Algeria and so on However although some of the operas that will be discussed in this paper do not play in Turkey or contain Turkish characters but are placed in neighboring countries of the Ottoman Empire or contain characters from these countries these works will also be discussed because from the perspective of our ancestors they all display Turkish elements The definition of Turkish that will be used in this paper is therefore similar to that used by Griffel 1975 p85ff and is based on a rather dynamic concept This means when analyzing an opera concerning its Turkishness the common perspective of the time has to be kept in mind Apart from that I will analyze how the typical characters changed over the course of time keeping in mind the historical background This is achieved by comparing similar characters from different operas with each other As we will see basically the timeline can be separated in three different parts In the baroque period the Turks were generally viewable in heroic roles which fitted to the concept of the

From Stage to Screen Shuang Wang, 2023-05-16 Chinese martial arts cinema is held to be a synthesis drawing on artistic conventions of traditional Chinese theatre Film sound and music perform as the legitimate heirs of some of the aesthetic ideas and norms of traditional Chinese theatre This book critically examines the history of this under explored field of inquiry from a theoretically comparative perspective demonstrating that the musical codes drawn from traditional theatre are a constantly changing component integral to Chinese martial arts cinema It explores the interaction between traditional Chinese theatre and Chinese martial arts cinema in how the musical codes of the former have shaped the aesthetics of the latter uniquely This departs from conventional existing studies that focus on adaptation The book's historical and theoretical approach connects film theatre and music and re defines the status of distinctive domains of filmic expression grounding theatre as the pivot or hinge of film aesthetics The book proffers this unique angle of research to rethink and re imagine film sound and audiovisual synchronisation Primarily intended for scholars in Chinese cinema film music Chinese theatre and visual culture this monograph also presents introductory and comprehensive material for undergraduate and graduate level courses in film and media studies film music Chinese cinema and Chinese theatre
