Operacion Masacre Espejo De La Argentina:

Operación Masacre: Rehacer y Resistir Graciela Foglia, 2014-10-01 El presente trabajo pretende acompañar esa búsqueda walshiana. Presentar en primer lugar un breve panorama histórico para hacer inteligibles ciertos rasgos de la biografía y la producción literaria del autor. A continuación reseñar las principales líneas de lectura de Operación masacre presentes en la literatura crítica desde su primera publicación hasta la actualidad. Para finalmente abocarme al análisis e interpretación del texto siguiendo las divisiones que lo organizan. Luego de las conclusiones y de la bibliografía incluyo un anexo con una entrevista realizada en 1973 a Julio Troxler sobreviviente de la masacre de 1956 asesinado por la Triple A Alianza Anticomunista Argentina en 1974.

Operación masacre Rodolfo J. Walsh, 1994 Cerca de la medianoche del 9 de junio de 1956 la policía de la Provincia de Buenos Aires detiene a un grupo de civiles presuntamente implicados en la sublevación militar del General Valle. En la madrugada del día siguiente esos civiles son fusilados en un basural de José León Suárez en cumplimiento de la Ley Marcial promulgada después que fueran arrestados.

Solitary Gladys Ambort, 2018-09-12 As a young student and activist for a different social order Gladys Ambort fell victim to political repression in the Argentina of the 1970s. Denounced by her college professor she was incarcerated for three years during part of which she underwent solitary confinement in a small isolated cell. Solitary is her account of this era of her life including her battles with alienation, truth, reality and uncertainty. She also describes the nothingness to which her captors reduced her which lingered for decades as she rebuilt her life in exile, sounding a warning to others. Never again. This first English translation takes the reader inside the mind of a young woman isolated from all she knew. Looks at the psychological and other effects of solitary confinement. A true story of how a seventeen year old paid harshly for her progressive beliefs. A valuable addition to the literature of political repression.

Reviews An extraordinary and moving narrative. I have rarely read something so profound about the suffering in prison and its subsequent consequences. Osvaldo Bayer, Argentinian historian and writer, author of Rebel Patagonia. Gladys Ambort's experience is universal because it fits fundamentally in the category of pains imposed by the oppression which disregards the progress and emancipation of humankind. Fernando Solanas, film director, deputy in Parliament and former candidate to the Presidency in Argentina. Tremendous in the ancient meaning of the word which is terrible. Its justness and the depth of its reflection grant it a place among the great narrative of detention. François Vitrani, General Director of the House of Latin America in Paris. A peculiar work in many aspects. The most surprising is doubtless the place that the author grants to the two weeks which she spends in solitary confinement. This reclusion which kills her desire to live opens an unexpected field of reflection to us. Le Monde Diplomatique. The message of Gladys Ambort's book is universal, exempt from political resentment and full of humanism which allows us to understand loneliness. It is good for the authorities to understand the dimension of the word dignity. Walter K. Lin, Professor of Public Law at the University of Bern and Director of the Swiss Centre of Expertise in Human Rights (SCHR). What Gladys Ambort experienced reminds us of the persistence of

similar cases in different places in the world and the need to act in defence of human rights with adapted instruments The number of people who say NON to torture and to the attempt to human dignity must increase Marco Mona professor and member of the National Commission for the Prevention of Torture Switzerland Can one collapse inside oneself Can one have the feeling of not existing anymore either in other people's opinion or in one's own view Yes This is what Gladys Ambort demonstrates thirty years later by pulling us in the abyss dug by those who deliberately annihilate others Did the torturers want to silence Gladys Ambort She will not grant them this victory Amnesty International Swiss Section Extract The fear caused by nothingness makes sanity explode The threat of nothingness dominates us It is stronger than any will any intention Nothing subverts our decisions more easily than the impossibility of resisting the threat of nothingness There is no determination to oppose it no mental structure against it no human theory that can withstand it Chapter XXV

A Lexicon of Terror Marguerite Feitlowitz, 1999-10-07 We were all out in la charca and there they were coming over the ridge a battalion ready for war against a schoolhut full of children Tanks roaring over farmlands pregnant mothers tortured their babies stolen and sold on the black market homes raided in the dead of night ordinary citizens kidnapped and never seen again such were the horrors of Argentina's Dirty War Now in A Lexicon of Terror Marguerite Feitlowitz fully exposes the nightmare of sadism paranoia and deception the military dictatorship unleashed on the Argentine people a nightmare that would claim over 30 000 civilians from 1976 to 1983 and whose leaders were recently issued warrants by a Spanish court for the crime of genocide Feitlowitz explores the perversion of language under state terrorism both as it's used to conceal and confuse The Parliament must be disbanded to rejuvenate democracy and to domesticate torture and murder Thus citizens kidnapped and held in secret concentration camps were disappeared torture was referred to as intensive therapy prisoners thrown alive from airplanes over the ocean were called fish food Based on six years of research and moving interviews with peasants intellectuals activists and bystanders A Lexicon of Terror examines the full impact of this catastrophic period from its inception to the present in which former torturers having been pardoned and released from prison live side by side with those they tortured Passionately written and impossible to put down Feitlowitz shows us both the horror of the war and the heroism of those who resisted and survived their courage their endurance their eloquent refusal to be dehumanized in the face of torments even Dante could not have imagined

Latin American Documentary Narratives Liliana Chávez Díaz, 2021-11-04 Winner of the Victor Villaseor Best Latino Focused Nonfiction Book Award English from the 2022 International Latino Book Awards

What defines the boundary between fact and fabrication fiction and nonfiction literature and journalism Latin American Documentary Narratives unpacks the precarious testimonial relationship between author and subject where the literary journalist rather than the subject being interviewed can become the hero of a narrative in its recording and retelling Latin American Documentary Narratives covers a variety of nonfiction genres from the 1950s to the 2000s that address topics such as social protests dictatorships natural disasters crime and migration in Latin America This book analyzes and includes an appendix of interviews with authors who have not previously been critically read together from the early and emblematic works of Gabriel García Márquez and Elena Poniatowska to more recent authors like Leila Guerriero and Juan Villoro who are currently reshaping media and audiences in Latin America In a world overwhelmed by data production and marked by violent acts against those considered others Liliana Chávez Díaz argues that storytelling plays an essential role in communication among individuals classes and cultures

LA ARGENTINA QUE SOÑAMOS LEONARDO CARREIRA, Hay un país en el sur del mundo que no cabe en un mapa No se lo puede medir solo en kilómetros ni en la altura de sus montañas ni en la extensión de sus llanuras La Argentina se mide en abrazos en canciones coreadas en un estadio en discusiones acaloradas en la mesa de un café en el silencio reverente frente a un amanecer en la Puna o a un atardecer sobre el Río de la Plata Sus paisajes son un catálogo imposible de abarcar las cataratas que rugen en la selva misionera el glaciar que cruje en Santa Cruz la Pampa infinita la cordillera majestuosa el viento de la Patagonia y el sol que madura las uvas en Cuyo En cada rincón un acento distinto un plato distinto una historia distinta pero siempre el mismo gesto de abrir la puerta y ofrecer un mate Este libro es un viaje Un recorrido por la idiosincrasia de un pueblo que canta aunque le falte el pan que inventa aunque le falten recursos que discute aunque piense igual y que sueña siempre con un futuro mejor Aquí se habla de sus glorias y de sus dolores de sus logros y de sus deudas pendientes de sus paisajes y de su gente Porque la Argentina no es solo un país es una forma de sentir de vivir y de luchar Y para entenderla hay que escuchar sus historias caminar sus calles aprender sus contradicciones y sobre todo dejarse llevar por su pasión
