**The "Bergson Boys" and the Origins of Contemporary Zionist Militancy** Judith Tydor Baumel, 2005-11-01 During and shortly after the Second World War six young men emissaries of the revisionist Zionist Irgun military movement in Palestine revolutionized the American Jewish and Zionist scene Judith Tydor Baumel provides the complete story of the role the Bergson group played in raising American public consciousness of Jewish and Zionist concerns After founding a series of pro Zionist and rescue organizations they initiated a new form of fundraising that used the media to turn the spotlight on their activities gaining adherents and supporters from both ends of the political and social spectrum Long before the protest movements of the 1950s and 1960s members of this group learned the art of courting the media in order to bring word of their existence to every part of the United States Having energized politicians gangsters Hollywood moguls and ultra Orthodox rabbis the handful of young men taught other Zionist and American Jewish groups not only how the media was the message but how it could and should be used A guiding force behind the creation of the War Refugee Board the group served as a beacon for contemporary Zionist militancy while ultimately laying the groundwork for other organizations to utilize the media in future political campaigns

1938 Giles MacDonogh, 2009-12-01 In this masterful narrative acclaimed historian Giles MacDonogh chronicles Adolf Hitler's consolidation of power over the course of one year Until 1938 Hitler could be dismissed as a ruthless but efficient dictator a problem to Germany alone after 1938 he was clearly a threat to the entire world It was in 1938 that Third Reich came of age The Fehrer brought Germany into line with Nazi ideology and revealed his plans to take back those parts of

Europe lost to Greater Germany after the First World War From the purging of the army in January through the Anschluss in March from the Munich Conference in September to the ravages of Kristallnacht in November MacDonogh offers a gripping account of the year Adolf Hitler came into his own and set the world inexorably on track to a cataclysmic war *The Holocaust Conspiracy* William R. Perl,1989 Careful review of the Holocaust material published so far still leaves scholars and the public wondering How could this tragedy ever have happened How was such a world wide collapse of values possible Why was the Holocaust so terribly successful These crucial questions are finally answered in *The Holocaust Conspiracy* By combining existing research with previously unknown findings Dr Perl draws the inescapable conclusion that it was not apathetic inaction of the worlds powers that made the Holocaust and the Final Solution so tragically ineffective Using extensive documentation he convincingly proves it was deliberate action on the part of many nations that kept millions prisoner in a hostile Europe These deliberate actions are conclusively shown to be the result of conspiracies within individual governments and between governments Here also a comprehensive analysis of the Holocaust policies of powers that until now have received relatively little attention or blame Switzerland The Soviet Union Latin America and the International Red Cross *The Holocaust Conspiracy* sheds shocking new light on the plots and discreet actions of world powers to effectively support the Nazi genocide programs You will alter your perceptions of many nations after reading this work **Jewish Curriculum and Resource Guide for the Armed Forces** ,1985 **The Bombing of Auschwitz** Michael J. Neufeld,Michael Berenbaum,2003 Could the Allies have prevented the deaths of tens of thousands of Holocaust victims Inspired by a conference held to mark the opening of the US Holocaust Memorial Museum this book brings together the key contributions to this debate *Vienna Voices* Jill Knight Weinberger,2006-04-19 A work of creative nonfiction VIENNA VOICES A TRAVELER LISTE01 General trade TO THE CITY OF DREAMS offers a nuanced portrait of the enigmatic City of Dreams whose intellectual and artistic culture reached its height at the end of the nineteenth century only to be eclipsed in the twentieth by the collapse of the Habsburg empire and the rise of National Socialism Heroes, Antiheroes, and the Holocaust David Morrison,1999 As a US psychiatrist who made aliyah i e moved to Israel and as founding director of MILAH a Jerusalem institute for Hebrew language and cultural enrichment Morrison offers insights into the internal political and motivational forces limiting American Jewry anti Nazi action in the 1930s and 1940s Annotation copyrighted by Book News Inc Portland OR **Disruptive Religion** Christian Smith,2014-07-16 Religion has long played a central role in many social and political movements Solidarity in Poland anti apartheid in South Africa Operation Rescue in the United States each of these movements is driven by the energy and sustained by the commitment of many individuals and organizations whose ideologies are shaped and powered by religious faith In many cases religious resources and motives serve as crucial variables explaining the emergence of entire social movements Despite the crucial role of religion in most societies this religious activism remains largely uninvestigated *Disruptive Religion* intends to fill this void by analyzing contemporary social

movements which are driven by people and organizations of faith Upon a firm base of empirical evidence these essays also address many theoretical issues arising in the study of social movements and disruptive politics 1938 (Large Print 16pt) Giles Macdonogh,2010-05 In this masterful narrative acclaimed historian Giles MacDonogh chronicles Adolf Hitler's consolidation of power over the course of one year Until 1938 Hitler could be dismissed as a ruthless but efficient dictator a problem to Germany alone after 1938 he was clearly a threat to the entire world It was in 1938 that Third Reich came of age The Fuhrer brought Germany into line with Nazi ideology and revealed his plans to take back those parts of Europe lost to Greater Germany after the First World War From the purging of the army in January through the Anschluss in March from the Munich Conference in September to the ravages of Kristallnacht in November MacDonogh offers a gripping account of the year Adolf Hitler came into his own and set the world inexorably on track to a cataclysmic war **The World Jewish**

**Congress during the Holocaust** Zohar Segev,2014-07-14 Drawing on hitherto neglected archival materials Zohar Segev sheds new light on the policy of the World Jewish Congress WJC during the Holocaust Contrary to popular belief he can show that there was an impressive system of previously unknown rescue efforts Even more so there is evidence for an alternative pattern for modern Jewish existence in the thinking and policy of the World Jewish Congress WJC leaders supported the establishment of a Jewish state in Palestine but did not see it as an end in itself They strove to establish a Jewish state and to rehabilitate Diaspora Jewish life two goals they saw as mutually complementary The efforts of the WJC are put into the context of the serious difficulties facing the American Jewish community and its representative institutions during and after the war as they tried to act as an ethnic minority within American society **Library of Congress Subject Headings** Library of Congress,Library of Congress. Year Book ,1992 *Karl Barth in the Theology of Dietrich Bonhoeffer* Andreas Pangritz,2018-09-28 This important work explores the complex relationship between two of the twentieth century's most formidable Christian thinkers Karl Barth and Dietrich Bonhoeffer Seizing on a much discussed criticism that Bonhoeffer made of Barth's theology in his prison letters that Barth was guilty of a positivism of revelation Andreas Pangritz challenges scholars who have used this statement despite being left undeveloped by Bonhoeffer as a wedge to separate the two theologians Through a careful study of Barth's and Bonhoeffer's works of their correspondence and of Barth's comments and revisions after Bonhoeffer's death Pangritz clarifies the close yet sometimes strained relationship between Barth and Bonhoeffer and cautiously makes the case that Bonhoeffer's

criticism has been overemphasized and did not mark a significant breach between the two great theologians Much more than a study of a disputed discourse in historical theology this engaging volume also raises concerns of continuing relevance regarding the role of theology in our secular society
