

In the aftermath of the DMZ the Marines were surprised,  
unprepared, and outnumbered.  
That was the Navy's last mistake.

When a Marine unit was  
surprised, outnumbered and

Michael F. Morris,2024-08-07 The Vietnam War ended nearly fifty years ago but the central paradox of the struggle endures how did the world s strongest nation fail to secure freedom for the Republic of Vietnam Michael F Morris addresses this vexing question by focusing on the senior Marine headquarters in the conflict s most dangerous region Known as I Corps the northern five provinces of South Vietnam witnessed the bloodiest fighting of the entire war I Corps also contained the Viet Cong s strongest infrastructure key portions of the Ho Chi Minh Trail and the important political and economic prizes of Hue and Da Nang For Americans it was the site of the first major military operation Operation STARLITE the Battles of Hue City and Khe Sanh during the 1968 Tet Offensive and a military innovation known as the Combined Action Platoon CAP a counterinsurgency technique designed to secure the region s villages The Marine zone served as Saigon s canary in the coal mine if the war was to be won allied action must succeed in its most contested region With such deep significance I Corps holds many answers to the lasting questions of the Vietnam War Following the Marine Amphibious Force III MAF the primary US tactical command in I Corps from 1965 to 1970 Corps Competency provides the first composite analysis of the critical role of the senior Marine headquarters and offers a coherence missing in piecemeal accounts Despite the critical importance of I Corps relatively little is known about its overall impact on the war due to disconnected and patchy historical study of the region In this comprehensive and newly insightful study of the Vietnam War Michael Morris tells a story that illustrates what can happen when a corps headquarters is not ready for the conflict it encounters and then fights the war it wants to rather than the one it must The views expressed in this work are those of the author and not the official position of the United States government Department of Defense Department of the Navy United States Marine Corps or Marine Corps University **The Encyclopedia of the Vietnam War** Bloomsbury Publishing,2011-05-20 Now in its second edition this comprehensive study of the Vietnam War sheds more

light on the longest and one of the most controversial conflicts in U S history The Vietnam War lasted more than a decade was the longest war in U S history and cost the lives of nearly 60 000 American soldiers as well as millions of Vietnamese many of whom were uninvolved civilians The lessons learned from this tragic conflict continue to have great relevance in today s world Now in its second edition The Encyclopedia of the Vietnam War A Political Social and Military History adds an entire additional volume of entries to the already exhaustive first edition making it the most comprehensive reference available about one of the most controversial events in U S history Written to provide multidimensional perspectives into the conflict it covers not only the American experience in Vietnam but also the entire scope of Vietnamese history including the French experience and the Indochina War as well as the origins of the conflict how the United States became involved and the extensive aftermath of this prolonged war It also provides the most complete and accurate order of battle ever published based upon data compiled from Vietnamese sources This latest release delivers even more of what readers have come to expect from the editorship of Spencer C Tucker and the military history experts at ABC CLIO

Increasing Small Arms Lethality In Afghanistan: Taking Back The Infantry Half-Kilometer Major Thomas P. Ehrhart, 2015-11-06 Operations in Afghanistan frequently require United States ground forces to engage and destroy the enemy at ranges beyond 300 meters These operations occur in rugged terrain and in situations where traditional supporting fires are limited due to range or risk of collateral damage With these limitations the infantry in Afghanistan require a precise lethal fire capability that exists only in a properly trained and equipped infantryman While the infantryman is ideally suited for combat in Afghanistan his current weapons doctrine and marksmanship training do not provide a precise lethal fire capability to 500 meters and are therefore inappropriate Comments from returning non commissioned officers and officers reveal that about fifty percent of engagements occur past 300 meters The enemy tactics are to engage United States forces from high ground with medium and heavy weapons often including mortars knowing that we are restricted by our equipment limitations and the inability of our overburdened soldiers to maneuver at elevations exceeding 6000 feet Current equipment training and doctrine are optimized for engagements under 300 meters and on level terrain There are several ways to extend the lethality of the infantry A more effective 5 56 mm bullet can be designed which provides enhanced terminal performance out to 500 meters A better option to increase incapacitation is to adopt a larger caliber cartridge which will function using components of the M16 M4 The 2006 study by the Joint Service Wound Ballistics Integrated Product Team discovered that the ideal caliber seems to be between 6 5 and 7 mm This was also the general conclusion of all military ballistics studies since the end of World War I

*I Served* by Don C. Hall and Annette R. Hall, 2001-01-31 *I SERVED* was written differently from most other Vietnam memoirs Instead of being a chronological recitation of my experiences growing up in the orphanage and then going to Vietnam and serving with Co F 51st Long Range Patrol Airborne Infantry I made its focus be the characters in the story That is its greatest strength and what makes it such a good read Because I focused so closely on character you really get to

care about the person Don Hall because you know what makes him tick what is important to him and what drives him You are also engaged by the other people you meet in the story because they are so clearly drawn You don t have to be a military buff to enjoy the book I SERVED is a factual story backed up by official U S Army records Col William C Maus the man who formed F 51st LRP told me where to find that documentation I also have copies of handouts we received when we went to Recondo School Before he died he told me how much he enjoyed reading the book He praised me for having written such a great story about a unit he was proud to have commanded He was a visionary who knew our unit was the vanguard for future U S Army military strategy and tactics I remember his telling me at the time that F 51st LRP was making history Being just a naive 19 year old staff sergeant I didn t understand the significance of that statement I do now The current print and ebook versions of I SERVED are a second edition to the original 1994 hardbound edition with a revised preface and afterword a new War Stories section with stories from other men with whom I served and new photographs

Coan, 2018-11-13 A Marine s highly personal memoir reliving the hellish days of a pivotal conflict of the Vietnam War Con Thien located only two miles from the demilitarized zone dividing North and South Vietnam was a United States Marine Corps firebase that was the scene of fierce combat for months on end during 1967 Staving off attacks and ambushes while suffering from ineffectual leadership from Washington as well as media onslaughts courageous American Marines protected this crucial piece of land at all costs They would hold Con Thien but many paid the ultimate price By the end of the war more than 1 400 Marines had died and more than 9 000 sustained injuries defending the Hill of Angels For eight months James P Coan s five tank platoon was assigned to Con Thien while attached to various Marine infantry battalions A novice second lieutenant at the time the author kept a diary recording the thoughts fears and frustrations that accompanied his life on The Hill Time in the Barrel A Marine s Account of the Battle for Con Thien offers an authentic firsthand account of the daily nightmare that was Con Thien An enticing and fascinating read featuring authentic depictions of combat it allows readers to fully grasp the enormity of the fierce struggle for Con Thien The defenders of Con Thien were bombarded with hundreds of rounds of incoming rockets mortars and artillery that pounded the beleaguered outpost daily Monsoon downpours turned the red laterite clay soil into a morass of oozing mud flooded bunkers and trenches and made Con Thien a living hell Being at Con Thien came to be ruefully referred to by the Marines stationed there as time in the barrel because they were targets as easy as fish in a barrel More than a retelling of military movements Coan s engrossing narratives focus on the sheer sacrifice and misery of one Marine s experience in Vietnam Through his eyes we experience the abysmal conditions the Marines endured from monsoon rainstorms to the constant threat of impending attack Climatic moments in history are captured through the rare personal perspective of one particularly astute and observant participant

**Con Thien** James P. Coan, 2004-08-10 Con Thien is a memoir history of a much beleaguered Marine outpost of the DMZ Throughout much of 1967 a remote United States Marine firebase only two miles from the demilitarized zone DMZ captured the attention of the world s

media That artillery scarred outpost was the linchpin of the so called McNamara Line intended to deter incursions into South Vietnam by the North Vietnamese Army As such the fighting along this territory was particularly intense and bloody and the body count rose daily Con Thien combines James P Coan s personal experiences with information taken from archives interviews with battle participants and official documents to construct a powerful story of the daily life and combat on the red clay bulls eye known as The Hill of Angels As a tank platoon leader in Alpha Company 3d Tank Battalion 3d Marine Division Coan was stationed at Con Thien for eight months during his 1967 68 service in Vietnam and witnessed much of the carnage Con Thien was heavily bombarded by enemy artillery with impunity because it was located in politically sensitive territory and the U S government would not permit direct armed response from Marine tanks Coan like many other soldiers began to feel as though the government was as much the enemy as the NVA yet he continued to fight for his country with all that he had In his riveting memoir Coan depicts the hardships of life in the DMZ and the ineffectiveness of much of the U S military effort in Vietnam **The Leatherneck** ,1994 **The Complete Idiot's Guide to the Vietnam War, 2nd Edition**

Mary Ellis, 2005-01-25 *The Turtle Warrior* is the story of the Lucas family who live in a beautiful and remote part of Wisconsin inhabited by working class European immigrants and the Ojibwe. By 1967 the Lucas farm has fallen into disrepair thanks to the hard drinking of John Lucas who brutalizes his wife and two sons. When the eldest James escapes by enlisting to fight in Vietnam he leaves young Bill alone to protect his mother with only his own will and the spirit of his brother to guide him. Beautifully written and deeply felt *The Turtle Warrior* takes readers from the heartland of America to the battlefields of World War II and Vietnam weaving a haunting tale of an unforgettable world where the physical and spiritual, the past and the present merge. *Fortitudine*, 2003. **Search and Destroy** Keith W. Nolan, 2010-07-08 Using firsthand accounts from Vietnam soldiers this book tells it like it is, warts and all, an honest account of a cavalry squadron's experience. Military Review. The 1st Squadron 1st Cavalry Regiment of the 1st Armored Division deployed to Vietnam from Fort Hood, Texas in August 1967. *Search and Destroy* covers the 11 months of harrowing first year and a half of combat in the war's toughest area of operations, I Corps. The book takes readers into the savage action at infamous places like Tam Ky, the Que Son Valley, the Pineapple Forest, Hill 34, and Cigar Island, chronicling General Westmoreland's search and destroy war of attrition against the Viet Cong and North Vietnamese Army. Exploring the gray areas of guerrilla war, military historian Keith Nolan details moments of great compassion toward the Vietnamese but also eruptions of My Lai-like violence, the grimmer aspects of the 11 months' successes. *Search and Destroy* is a rare account of an exemplary fighting force in action, a dramatic close-up look at the Vietnam War. Nolan's research, his comprehension of the political as well as the military actions, his careful concern for those who were there, and most of all, his writing are superb. Stephen Ambrose. **ADA**, **The Vietnam War on Film** David Luhrssen, 2019-05-10 *Vietnam War on Film* illustrates how to employ film as a teaching tool. It also stands on its own as an account of the war and the major films that have depicted it. Even for many people who experienced the Vietnam War, first-hand memories of that conflict have often been shaped by the popular films that depicted it. *The Quiet American*, *The Green Berets*, *The Deer Hunter*, *Coming Home*, *Platoon*, *Full Metal Jacket*, and *Apocalypse Now* among others. *Vietnam War on Film* examines how the war is portrayed through a selection of ten iconic films that represent the war through dramatization and storytelling as opposed to through documentary footage. The book includes an introduction to the war's history and a timeline of events followed by ten chapters, each of which focuses on a specific Vietnam War movie. Chapters offer a uniquely detailed level of historical context for the films, weighing their depiction of events against the historical record and evaluating how well or how poorly those films reflected the truth and shaped public memory and discourse over the war. A final section of resources provides a comprehensive annotated bibliography of print and electronic sources to aid students and teachers in further research. U.S. Marines in Vietnam: Telfer, G.L., Rogers, L., Fleming, V.K., Jr. Fighting the North Vietnamese, 1967 United States Marine Corps. History and Museums Division, 1977.
