Operation Nightfall:

Operation Nightfall John Miles, Tom Morris, 1978-01-01 *The cabinet* Chinedu Nnadi, 2025-09-01 Ethan Ward never thought his words could kill At twenty six he is one of the youngest speechwriters in the White House a quiet architect of lines meant to inspire a nation His job is to polish rhetoric not to touch power But one late night changes everything While drafting remarks for the President Ethan stumbles across a restricted file buried deep within the archives Inside are documents that shouldn't exist evidence of a covert pact between senior cabinet officials and Helios Global a ruthless private military contractor What the papers reveal is more than profiteering It's the quiet outsourcing of America's security secret deployments manufactured threats and staged crises designed to funnel billions into private hands Before Ethan can grasp the scale of the betrayal the system flags his access Security locks him out Plainclothes agents close in Within minutes he's no longer an employee he's a fugitive Now hunted through Washington D C Ethan must rely on his wits and unlikely allies a burned out journalist a jaded Secret Service agent and a small network of activists who've long suspected the truth But with every camera badge and press release turned against him escape is nearly impossible As the government brands him unstable Ethan faces a choice protect himself or risk everything to expose a conspiracy powerful enough to ignite endless wars On the steps of Capitol Hill one final broadcast could either save democracy or erase him from history Power hides in shadows Truth demands a voice *Operation Nightfall* John Miles, Tom Morris, 1975 *BADASS* NM Rudman, 2025-06-09 What began as an archaeological dig in the sands of Libya Ended with the world on fire Dr Amelia Hart never expected her discovery beneath an ancient pyramid to unleash a global nightmare After waking from a coma in a locked down military facility she learns the virus she may have uncovered is spreading and evolving Cities have fallen The undead walk the earth And Amelia might hold the key to humanity's survival or its extinction With a hardened SEAL team at her back including the guarded yet magnetic Lieutenant Tatum Blackwood Amelia must battle her way across continents decode secrets buried for centuries and face a terrifying truth The virus isn't just killing people It's creating something new As alliances are tested and blood is spilled Amelia must confront the legacy of the ancient bloodline she never knew she belonged to and make the ultimate sacrifice to save the people she loves Zombies soldiers secrets and one woman's fight to rewrite destiny Welcome to the outbreak Welcome to Badass *The Unknown Gunman - English* Dibyendu Nath, 2025-08-31 *The Unknown Gunman* A Covert Conspiracy of Shadows and Strategy This geopolitical action thriller blends high stakes fiction with echoes of real world intelligence diplomacy and global terror networks Written with cinematic sharpness and rooted in the clandestine world of espionage the story unveils a hidden battlefield where perception power and propaganda are deadlier than any weapon At the center of this narrative is a nameless operative known only as The Gunman a highly skilled ideologically driven figure whose reach spans across invisible borders His missions defy traditional warfare and unravel the fragile threads of international diplomacy As global tensions escalate across Asia the Middle East and North America an unspoken

alliance emerges between two of the world's most feared intelligence agencies India's RAW and Israel's Mossad. This partnership isn't born from treaties or public declarations; it rises from betrayal, covert funding of terror, and a shared enemy: state-sponsored chaos. Through chapters like *Operation Dustfall*, *Ghost of Karachi*, *The Veil of Doha*, and *Silent Maple*, the book plunges into the shadowy corridors of intelligence warfare. Here, terrorism is no longer ideological; it's a precision-crafted geopolitical weapon. From Dubai's towering skylines to Ottawa's frozen surveillance zones, from UN backrooms to encrypted cyber bunkers, the story weaves together sleeper cells, false flag operations, financial black ops, and narrative manipulation. Each mission led by The Gunman is more than tactical; it's psychological warfare at its finest. Whether erasing Khalistani financiers in Canada without a trace, dismantling smear campaigns engineered by the CIA and ISI, or intercepting classified transmissions that could ignite diplomatic firestorms, the line between truth and fiction, justice and legality, is constantly blurred. The book also explores the evolution of terrorism from boots on ground insurgency to hybrid warfare fought through disinformation, media distortion, and weaponized perception. Intelligence today isn't just about gathering secrets; it's about shaping the story before the first shot is fired. Yet *The Unknown Gunman* doesn't glorify violence or push ideology. It challenges readers to confront deeper questions about loyalty, betrayal, nationalism, and the cost of silence. The narrative remains grounded yet bold, connecting tactical missions to global consequences, showing how one operation can shift the balance of power. What makes this thriller truly compelling is its fusion of gritty realism with electrifying fiction. While the plot is imagined, its spine is built on real-world parallels: covert alliances, silent wars, and diplomatic games that never reach the headlines but shape history from the shadows. By the final page, one truth stands clear: This is no longer a war of bullets. It's a war of minds. And the battlefield is everywhere. *The Unknown Gunman* isn't just a story; it's a strategic rebellion against simplistic notions of war and peace, offering a rare glimpse into the machinery of modern conflict where identities are masked, truths are fluid, and strategy reigns supreme.
