Operation Trojan Horse:

Operation Trojan Horse Stephen Davis, 2021-07-22 On 1 August 1990 British Airways Flight 149 departed from Heathrow airport destined for Kuala Lumpur It never made it there and neither did its nearly 400 passengers Instead Flight 149 stopped to refuel in Kuwait as Iraqi troops amassed on the border delivering the passengers and crew into the hands of Saddam Hussein and the Iraqi army to be used as human shields during their invasion Why did BA flight 149 proceed with plans to refuel in Kuwait City even as all other flights were rerouted and even though British and American governments had clear intelligence that Saddam was about to invade The answer lies in an exchange of favours at the highest echelons of government and a secret unaccountable organization authorised by Margaret Thatcher carrying out a deniable intelligence operation to sneak in a group of intelligence officers into Kuwait aboard the flight The plane was the Trojan Horse and the plan as well as the horrific traumatic consequences for the civilian passengers has been lied about denied and covered up by successive British Governments ever since Soon to be a major TV drama this explosive book is written with the full cooperation of the survivors as well as astonishing and conclusive input from a senior intelligence source It is a story of scandal betrayal and misuse of intelligence at the highest levels of UK and US governments which has had direct horrifying impact on terror attacks in the West and the shape of the Middle East today It is high time the truth is told Operation Trojan Horse ,1970 **Why UFOs** John A. Keel,1976 Why UFO's ,1976 Operation Trojan Horse John A. Keel,1970

Summary of John Keel's OPERATION TROJAN HORSE Everest Media, 2022-05-10T22:59:00Z Please note This is a companion version not the original book Sample Book Insights 1 There have been many sightings of UFOs on radar and in July 1966 the Federal Aviation Agency tower at the Greensboro High Point Airport picked up an unidentified flying object Several police officers in the High Point Randolph County area also saw unidentifiable objects buzzing the area 2 The government's official position toward flying saucers has been negative since 1953 although a great deal of attention has been paid to the subject behind the scenes In 1966 a flap occurred and the then Secretary of Defense Robert S McNamara had been well briefed by the Air Force before the subject was interjected into a hearing of the House Foreign Affairs Committee 3 The government's attitude has helped foster the general disinterest of the press in the subject of UFOs As a result most of the reported UFO activity has gone unnoticed 4 I had to travel to the various flap areas and interview the witnesses in depth applying the journalistic techniques I had learned from being a reporter and writer for two decades I rarely gave the witnesses any information in return Operation Tronjan Horse D.P.. James Cooke Daniel J. Clay, 2018-03-06 Runcorn in the 1950s An industrial town in the North of England A man from this town James Cooke claims to have travelled with aliens to a distant planet In doing so he cements his place in the Ufological lore as Britain's first abductee He returns with a fantastical tale of a planet full of musically powered flying ships and technology far more complex than anything on Earth He also brings back a message for humankind They must renounce

their war like ways or face imminent destruction Will anyone listen

Patriots, Politics, and the Oklahoma City

Bombing Stuart A. Wright, 2007-06-11 This book explores social movements by analyzing an escalating spiral of tension between the Patriot movement and the state centered on the mutual framing of conflict as warfare By examining the social construction of warfare as a principal script or frame defining the movement state dynamic Stuart A Wright explains how this highly charged confluence of a war narrative engendered a kind of symbiosis leading to the escalation of a mutual threat that culminated in the Oklahoma City bombing Wright offers a unique perspective on the events leading up to the bombing because he served as a consultant to Timothy McVeigh s defense team for eighteen months and draws on primary data based on face to face interviews with McVeigh The book contends that McVeigh was firmly entrenched in the Patriot movement and was part of a network of warrior cells that planned and implemented the bombing

Operation

Trojan Horse John A. Keel, 2013-05 OUR SKIES ARE FILLED WITH TROJAN HORSES The real UFO story must encompass all of the many manifestations being observed It is a story of ghosts and phantoms and strange mental aberrations of an invisible world that surrounds us and occasionally engulfs us of prophets and prophecies and gods and demons It is a world of illusion and hallucination where the unreal seems very real and where reality itself is distorted by strange forces which can seemingly manipulate space time and physical matter forces that are almost entirely beyond our powers of comprehension John A Keel March 25 1930 July 3 2009 was an American journalist and influential UFOlogist best known as the author of The Mothman Prophecies In the mid 1960s he took up investigating UFOs and assorted forteana and published his first knockout UFO book Operation Trojan Horse in 1970 The book shredded the then trendy nuts and bolts extraterrestrial hypothesis for UFOs in favor of one that linked UFOs to a variety of paranormal and supernatural phenomena that have taken place throughout history Keel was one of the first to note that the UFO phenomenon appears in different disguises and that one could not begin to decipher this great mystery without first taking into account its many and varied deliberate deceptions
