### ABOUT VSCR

The Vienna School of Clinical Research (VSCR) is an international non-profit organisation for continuing post-graduate education of physicians and other experts who are involved in clinical research. The VSCR has trained more than 5500 experts from over 30 countries in the last 30 years. Since 2004, approximately 20 different courses/modules have been developed, involving an international faculty of around 150 experts from more than 40 different countries. The courses cover all topics relevant for clinical trials including GCP trial design and methodology, randomised based reviews, biostatistics, clinical epidemiology, ethics, publications, project management and health outcomes research.

### OUR PRIVATE/PUBLIC/ACADEMIC PARTNERSHIP

Based on partnership between public bodies (City of Vienna, Austria Government, European Commission), academic centres (15 universities in Europe, US and Africa) and the private sector (pharmas and other industry), the VSCR has developed an educational programme that aims at optimising clinical research by minimising risk and cost and maximising scientific value as well as ethical and quality standards. Public and private grants and income from course fees provide the funding for a scholarship programme that allows selected participants access to the VSCR educational programme. VSCR is part of the Horizon educational initiative of IM (Innovative Medicines Initiative) sponsored by the European Commission and EFPIA.
