Opium And The People Ch:

Opium and the People Virginia Berridge, Griffith Edwards, 1981 At the beginning of the 19th century opium was widely used as an everyday remedy for common ailments By the 1920s it was classified as a dangerous drug In an examination of the social context of drug taking in Victorian England the book explains this decisive change in attitude This revised edition examines how and why restrictive policies were put in place in the early decades of the 20th century and reveals fresh perspectives on the motivations which survive in the formation of current drug policies **Demons** Virginia Berridge, 2013-11 Binge drinking particularly in young women has become big news Debates about the regulation and classification of cannabis are frequently voiced Cigarette smoking is banned in public places and emotive public health campaigns seek to reduce its use still further Yet there are many sides to each of these arguments and if we look back over the last 150 years we see massive variety in the ways societies and states have related to drugs drink and tobacco Virginia Berridge offers a much needed long view which helps illuminate our current concerns and shows how three separate stories overlap and inter connect She takes us to the socially acceptable opium dens of Dickens s London to the absinthe craze of fin de siecle Paris She asks whether prohibition in America proved to be helpful or harmful She looks at how tobacco was promoted as a medicinal benefit She considers the medical use of cannabis LSD and other drugs And through all this she traces the changes in scientific and medical knowledge This is a complex story of whether and how the state should intervene How do we balance the interests of personal freedom public well being healthcare and the economy Is substance abuse a social issue or a medical one As governments health services and the World Health Organisation grapple with these issues the wisdom and experience of history can help map the way forward *The North-China Herald and Supreme Court & Consular Gazette* ,1908 **The Medical Reporter** ,1893 *The Modern Review* Ramananda Chatterjee, 1923 Includes section Reviews and notices of books Report from the Select Committee on East India Finance Anonymous, 2025-08-29 Reprint of the original first published in 1871 The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage **The London and China Telegraph** ,1893 **Politics, Philosophy, Culture** Michel Foucault, 2013-07-04 Politics Philosophy Culture contains a rich selection of interviews and other writings by the late Michel Foucault Drawing upon his revolutionary concept of power as well as his critique of the institutions that organize social life Foucault discusses literature music and the power of art while also examining concrete issues such as the Left in contemporary France the social security system the penal system homosexuality madness and the Iranian Revolution *The life of sir Harry Parkes, by S.
