Irving B. Weiner, W. Edward Craighead

Opportunities In Counseling And Development Careers:

Opportunities in Counseling and Development Careers Neale Baxter, Mark Uri Toch, Philip A. Perry, 1997 VGM's Opportunities in series of nearly 150 titles is an invaluable resource for those who want to find out all they can about the careers that interest them. No other series provides such a wide range of comprehensive and current information on virtually every job available.

Opportunities in Counseling and Development Careers Neale Baxter, 1990 This well rounded account describes different counseling jobs particularly those involving schools and also gives a history of the field and an indication of future developments.

Career Development and Counseling Steven D. Brown, Robert W. Lent, 2013-01-04 Praise for Career Development and Counseling Putting Theory and Research to Work Second Edition This volume is an essential resource for the library of anyone interested in the field of career development assessment and counseling and should also prove invaluable for graduate students interested in immersing themselves in some of the best work being done today in the field of career development and counseling.

Nancy E. Betz PhD Professor Department of Psychology The Ohio State University In this second edition Drs Brown and Lent continue to shape career development discourse and illustrate the ongoing significance of the fields of career development and counseling in the twenty first century This edition will help both researchers and practitioners alike to better understand investigate and promote the role of work in people's lives.

Angela Byars Winston PhD Associate Professor of Medicine School of Medicine and Public Health University of Wisconsin Madison Complete coverage of leading career theories and practices Filled with the latest empirical and practical evidence this new edition features A new introductory chapter that defines and discusses the importance of career counseling in the twenty first century and offers a brief history of the field New chapters on gender race ethnicity social class and poverty sexual minority identity disability status personality and relational factors Major theories of career development Coverage of the assessment of important career constructs and occupational information systems Interventions for working with career issues across the life span Edited by two of the leaders in the field of career development and featuring contributions by many of the most well regarded specialists in the field Career Development and Counseling Second Edition is the one book that every career counselor vocational psychologist and student of career development and counseling must have.

Opportunities in Counseling and Development Neale Baxter, 1986 Discusses career opportunities in the field of counseling with emphasis on the work of the educational counselor Also discusses educational requirements and other sources of information.

Career Development and Counseling Mei Tang, 2018-08-29 Career Development and Counseling Theory and Practice in a Multicultural World by Mei Tang provides a comprehensive overview of career development theories with a unique multicultural framework Aligned with the latest standards set forth by the Council for Accreditation of Counseling and Related Educational Programs CACREP the text focuses on applications across a variety of settings and populations Each chapter contains numerous case illustrations and learning activities designed to help readers understand

the complexities of multicultural aspects of individual career development Counseling students in training in addition to working counseling professionals will find this book as a useful resource for today s diverse world *Handbook of Career Development* Gideon Arulmani,Anuradha J. Bakshi,Frederick T. L. Leong,A. G. Watts,2014-02-08 This book is focused on work occupation and career development themes that are fundamental to a wide range of human activities and relevant across all cultures Yet theorizing and model building about this most ubiquitous of human activities from international perspectives have not been vigorous An examination of the literature pertaining to career development counseling and guidance that has developed over the last fifty years reveals theorizing and model building have been largely dominated by Western epistemologies some of the largest workforces in the world are in the developing world Career guidance is rapidly emerging as a strongly felt need in these contexts If more relevant models are to be developed frameworks from other cultures and economies must be recognized as providing constructs that would offer a deeper understanding of career development This does not mean that existing ideas are to be discarded Instead an integrative approach that blends universal principles with particular needs could offer a framework for theorizing research and practice that has wider relevance The central objective of this handbook is to draw the wisdom and experiences of different cultures together to consider both universal and specific principles for career guidance and counseling that are socially and economically relevant to contemporary challenges and issues This book is focused on extending existing concepts to broader contexts as well as introducing new concepts relevant to the discipline of career guidance and counseling

Career Development, Employment, and Disability in Rehabilitation David Strauser,David R. Strauser,2021-01-27 Note to Readers Publisher does not guarantee quality or access to any included digital components if book is purchased through a third party seller Uses an integrated rehabilitation perspective to address career vocational behavior employment and disability related theory and research This highly regarded resource is the only book in rehabilitation counseling to provide comprehensive coverage of vocational behavior and employment theory and intervention techniques as they apply to individuals with disabilities Scholarly yet practical the second edition is updated with key information and research delivering new employment statistics employment rates and poverty levels of people with disabilities Woven throughout this new edition is the Illinois Work and Well Being Model incorporating foundational theories and providing a framework for understanding the critical factors that impact the career development process Chapters written by leaders in the field are consistently organized for ease of use Each chapter includes of an Overview of Major Constructs followed by Theoretical Foundations Occupational Assessment Information and Evaluation Intervention Strategies and Population and Settings Case examples and discussion questions highlight and reinforce application of theories and techniques New Sample Syllabi Classroom Activities PowerPoints and a Test Bank are included for instructors An eBook is included with the purchase of the print edition New to the Second Edition Provides new employment statistics employment rates and poverty levels of people with disabilities Reviews details of the

Career Development and Vocational Behavior of Racial and Ethnic Minorities Frederick T.L. Leong,Frederick Leong,2014-03-05 This volume presents the single most comprehensive source of knowledge on the career development of racial and ethnic minorities In so doing it serves as a resource to graduate students learning about career development and career counseling counselors and psychologists providing career counseling to racial and ethnic minorities and psychologists and counselors doing research on the career development of these diverse groups In recognition of the value of both culture specific and culture general information about the vocational psychology of racial and ethnic minorities in the United States the book has a dual focus The first eight chapters are devoted to culture specific information about career development and vocational behavior The final two chapters synthesize and integrate the materials presented in the eight culture specific chapters The text has been divided into three sections The first section focuses on career theory and research with racial and ethnic minorities It consists of a review of the relevance and utility of various career theories and models from mainstream vocational psychology to our understanding of the vocational behavior and career development of racial and ethnic minorities African Americans Hispanic Americans Asian Americans and American Indians These chapters also summarize other theories from ethnic minority psychology that add to our understanding of minority career development Finally they review the existing empirical literature on the career development of these groups and provide a critique of this literature with recommendations for future research The second section focuses on assessment and intervention with racial and ethnic minorities The inclusion of the assessment dimension is very important because assessment is such a large and significant component of the career counseling process with these groups The chapter authors offer guidelines and recommendations for providing career interventions with racial and ethnic minorities In presenting these guidelines they also address some of the cultural factors unique to each group that may serve either as facilitators or as inhibitors in the career counseling process The third section includes commentaries suggestions reactions

and syntheses of the previous sections from scholars in the field of vocational psychology These authors identify and examine the common principles problems and themes running across the chapters and offer suggestions for advancing the field of racial and ethnic minority vocational psychology This book will become both a valuable source of current information about the vocational psychology of racial and ethnic minorities as well as an inspiration for future research into the career development and vocational behavior of these culturally different individuals
