Politics Social Change Orissa In 1959

Marcus F. Franda

Politics Social Change Orissa In 1959:

Politics and Social Change Frederick George Bailey, 1963 Politics and Social Change Ishwaran, 2022-09-12 **Social Change in Syria** Sulayman N. Khalaf, 2020-10-25 Studying a rural village in northern Syria during a period of tremendous social and political change 1940s to 1970s this book offers a unique perspective on how agrarian transformations in land distribution and its use deeply affected social and political relations among a rural community Embedding the personal with the local and the global this work traces the seeds of social political and economic struggles that are still important and unfolding in Syria forty years on changes in social relations brought about by land policy and technological modernization divisions and connections between urban and rural locations shifts in education and immigration Thematically the study is divided into two parts the first concerns the historical socio economic and political changes occurring in Syria from the beginning of the twentieth century and the second concerns the life histories of particular actors and their perspectives on social changes This book is the edited and updated version of Khalaf s original work including an updating chapter which brings invaluable insight about the village and its people at the aftermath of ISIS and the destruction of the war in Syria Focusing on the village community of Hawi Al Hawa this intensely knowledgeable and personal account a rare combination brings village life in Syria strikingly close The volume is an important contribution to the fields of anthropology social sciences Syrian and Middle East studies Politics and Social Change Frederick George Bailey, 1963 *Political Crisis and President's Rule in an Indian State* Rabindra Kumar Sethy, 2003 This Books Narrates The Use And Abuse Of Article 356 In An All India Context With Special Reference To Orissa Which Can Be Termed As A Laboratory For Political Experience Factional Politics in an Indian State Paul R. Brass, 1965 *Power, Protest and Participation* Subrata K. Mitra, 2021-09-05 This book first published in 1992 examines the attitudes of local elites the hinge between Indian state and rural society towards protest and participation in development illuminating arguments about the nature of the state as well as the development process It looks at the role of local elites in India both as the representatives of the state and of the rest of rural society and explains their importance in the country s development The book deals with the elites contribution to the credibility of the state and examines the strategies through which they manipulate the allocation of resources and influence the pace and direction of social change It contrasts the rural elites in two areas one more economically advanced than the other The elites in the first area were shown to be capable of combining institutional participation with radical protest whilst in the other they tended to rely on state channels to achieve reform The author concludes that despite the different settings both groups were informed active and responsive to political conditions This contrasts with the conventional view that local elites of the dominant castes oppress the lower ones by obstructing reforms for reasons of self interest *Democratic Dynasties* Kanchan Chandra, 2016-04-28 A comprehensive study of dynasticism in modern democracies providing a new perspective on where dynasties come from and why they matter **Active Social Capital** Anirudh Krishna, 2002 The idea of

social capital allows scholars to assess the quality of relationships among people within a particular community and show how that quality affects the ability to achieve shared goals With evidence collected from sixty nine villages in India Krishna investigates what social capital is how it operates in practice and what results it can be expected to produce Does social capital provide a viable means for advancing economic development promoting ethnic peace and strengthening democratic governance The world is richer than ever before but more than a fifth of its people are poor and miserable Civil wars and ethnic strife continue to mar prospects for peace Democracy is in place in most countries but large numbers of citizens do not benefit from it How can development peace and democracy become more fruitful for the ordinary citizen This book shows how social capital is a crucial dimension of any solution to these problems An Introduction to the Politics of Tropical Africa Richard Hodder-Williams,2010-11-26 This wide ranging and informative introduction to politics in tropical Africa first published in 1984 is essential reading to students businessmen government officials and economic advisers alike Situating the contemporary scene firmly in its historical context which stresses both pre colonial and colonial heritages he emphasizes how politicians are constrained by the past the physical environment and the world s economy yet still retain freedom of choice on a wide range of issues The book is thematically organised and provides both an overview of the general similarities of the continent and also enough detail to flesh out the realities of tribalism and corruption as well as illustrating the variations that inevitably occur in a continent of sovereign states Politics of Election Reforms in India Joginder Kumar Chopra,1989 Hierarchy and Egalitarianism Tamara Gunasekera,2020-08-20 A comprehensive analysis of stratification in rural Sri Lanka taking into account the hierarchies of class status and power **Intimate Visualities and the Politics of Fandom in India** Roos Gerritsen,2025-10-01 In *Intimate Visualities and the Politics of Fandom in India* Gerritsen explores the circulation of images of a movie star named Rajinikanth Cities and towns in the south Indian state Tamil Nadu are consistently ornamented with huge billboards murals and myriad posters featuring political leaders as well as movie stars A selective part of these images is put up by their fan clubs Tamil movie fans typically manifest themselves by putting up images of their star in public spaces and by generating a plethora of images in their homes Gerritsen argues that these images are a crucial part of the everyday affective modes of engagement with family members and film stars but they are also symbolizing the political realm in which fans situate themselves At the same time Gerritsen shows how these image productions seem to concur with other visual regimes articulated in government restrictions world class imaginaries and upper class moralities as presented on India s urban streets *West Bengal and the Federalizing Process in India* Marcus F. Franda,2015-12-08 Since its independence in 1947 India as a large diverse and rapidly changing country has had to meet federalizing problems of a magnitude unprecedented in history The result has been a process that combines modifies and transforms many established ideas about federalism Professor Franda deals with the complexities of India s experience by analyzing the politics of center state relations as they affect one Indian state He explores the various ways in which central

and state leadership groups in India and West Bengal have developed working relationships and examines the effect of state and regional political economic and social conditions on the evolution of center state behavior patterns Originally published in 1968 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 **The Idea of Nation and Its Future in India** Shibani Kinkar

Chaube,2016-10-26 This volume is a theoretico empirical study of nations and nationalism on a global scale It enquires if the idea of the nation by its own logic is feasible and whether India fulfils the requirement of nationhood with a reasonable prospect of survival The monograph engages with the theories of nation and nationalism and examines if they are relevant and tenable in contemporary times It looks at the way these ideas have acted out in the Indian nation while attempting to map its future trajectory It also asks how do the two fundamental challenges to the idea of nation ethnicity and class fare in the era of globalisation and further how does India a new state in an ancient society reconceptualise the paradigm of this debate The book will be of great interest to scholars and students of political science political theory history political philosophy and South Asian studies as well as informed general readers **Patronage as Politics in South Asia** Anastasia

Piliavsky,2014-10-16 Western policymakers political activists and academics alike see patronage as the chief enemy of open democratic societies Patronage for them is a corrupting force a hallmark of failed and failing states and the obverse of everything that good modern governance ought to be South Asia poses a frontal challenge for this consensus Here the world s most populous pluralist and animated democracy is also a hotbed of corruption with persistently startling levels of inequality Patronage as Politics in South Asia confronts this paradox with calm erudition sixteen essays by anthropologists historians and political scientists show from a wide range of cultural and historical angles that in South Asia patronage is no feudal residue or retrograde political pressure but a political form vital in its own right This volume suggests that patronage is no foe to South Asia s burgeoning democratic cultures but may in fact be their main driving force Strategy, Risk and

Personality in Coalition Politics Bruce Bueno de Mesquita,1975 This book presents a theory of behaviour in coalitions and presents an application of the theory to Indian political party coalitions **Land Dispossession and Everyday Politics in**

Rural Eastern India Kenneth Bo Nielsen,2018-02-22 Over the past decade India has witnessed a number of land wars that have centred crucially on the often forcible transfer of land from small farmers or indigenous groups to private companies Among these the land war that erupted in Singur West Bengal in 2006 went on to make national headlines and become paradigmatic of many of the challenges and social conflicts that arise when a state led policy of swiftly transferring land to private sector companies encounters resistance on the ground Land Dispossession and Everyday Politics in Rural Eastern

India analyses the movement by Singur's so called unwilling farmers to retain and reclaim their farmland. By foregrounding the everyday politics of popular mobilization, the book sheds new light on the movement's internal politics as well as on contentious issues rooted in everyday caste class and gender relations.

The Routledge Handbook of Political Parties

Neil Carter, Daniel Keith, Gyda M. Sindre, Sofia Vasilopoulou, 2023-04-25. The Routledge Handbook of Political Parties provides a systematic and comprehensive overview of the study of political parties provided by leading experts in the field. In an era of widespread political disillusionment, political parties are often the main targets of citizen dissatisfaction, yet they are the key institutions that make democracy work. Analysing political parties in unrivalled depth and breadth with comparative thematic chapters throughout as well as a dedicated section on political parties and party politics in specific country and regional settings, this handbook examines and illuminates the key questions around how parties organise, how their ideologies have evolved over time, their relationship with society, how they differentiate themselves and how they respond to new social, economic and political developments. The Routledge Handbook of Political Parties is essential reading and an authoritative reference for scholars, students, researchers and practitioners involved in and actively concerned about research in the study of political parties, party systems and party politics.

Traditional Political System of the Binjhals

Premananda Panda (Anthropologist), 2005. Salient Features: Recorded the unrecorded past and reconstructed the socio-political nexus through the game of political dominance and territorial expansion. Unmasked the reality of tribal politics through theories and models explaining the hierarchy of power that roots in people's history on land, forest, water and deities. Unveiled the careful engineering of the socio-cultural matrix explaining the principles of primitive state formation. Explained the power vestige and help readers know the modern political system as a process of reorientation of forms and contents at the grassroots. Advocated that nothing escapes from politics be it strategies for achieving power and or maintenance of dominance. The cross-cultural comparison enhances the power of analysis of students, scholars, teachers, developers and government officials who love to benefit from stratagems and spoils of political change.

Reviewing **Politics Social Change Orissa In 1959**: Unlocking the Spellbinding Force of Linguistics

In a fast-paced world fueled by information and interconnectivity, the spellbinding force of linguistics has acquired newfound prominence. Its capacity to evoke emotions, stimulate contemplation, and stimulate metamorphosis is truly astonishing.
