AN INTRODUCTION

Politics Of The Global Oil Industry An Introduction

**Saturnino Borrás Jr., Philip
McMichael, Ian Scoones**

Politics Of The Global Oil Industry An Introduction:

The Politics of the Global Oil Industry Toyin Falola, Ann Genova, 2005-09-30 The petroleum industry is among the most lucrative and most important in the world and its impact within the realm of international politics is tremendous although it can be overstated Taking a well balanced and objective approach to the complicated web of political and economic threads that make up the fabric of the oil industry Falola and Genova introduce the most salient aspects in clear language offering cogent and up to date information about the countries companies international organizations and people who shape the contemporary history of the black gold The relationship of international politics and the global oil industry affects everyone but is understood by few Taking a well balanced and objective approach to deconstructing this intricate web for those unfamiliar with the industry Falola and Genova introduce the major players in the field offering cogent and up to date information about the countries companies organizations and people who shape the contemporary history of oil They break down the essentials describing the discovery process the different types of oil and the various processes by which oil gets to the market Then they provide a brief history of the major oil producing countries followed by a discussion of OPEC and international efforts to control the price and supply of oil After setting the stage they introduce the most salient political issues that are influenced by oil namely environmental protection human rights and economic development Finally a look at each of seven major oil exporters Iraq Mexico Nigeria Norway Russia Saudi Arabia and Venezuela demonstrates that the black gold can be both a blessing and a curse for the countries that produce it Despite the need to learn how to exploit alternative energy sources before the oil runs out we will continue to be dependent on oil for the foreseeable future Today s oil demands are not only generated by such obvious activities as gassing up our cars or powering our aircraft but also from the ubiquitous technological gadgets that have infiltrated our daily lives From computer monitors to CDs from cell phones to the petroleum generated materials used in our shoes and sweaters our reliance on oil continues to grow Because price and supply are highly dependent on political events in distant countries it is essential for American consumers to understand the intricacies of this complex subject Falola and Genova demystify the industry and invite us to investigate more deeply this vital resource

The Politics of the Global Oil Industry Toyin Falola, 2005 World History Encyclopedia [21 volumes] Alfred J. Andrea Ph.D., 2011-03-23 An unprecedented undertaking by academics reflecting an extraordinary vision of world history this landmark multivolume encyclopedia focuses on specific themes of human development across cultures era by era providing the most in depth expansive presentation available of the development of humanity from a global perspective Well known and widely respected historians worked together to create and guide the project in order to offer the most up to date visions available A monumental undertaking A stunning academic achievement ABC CLIO s World History Encyclopedia is the first comprehensive work to take a large scale thematic look at the human species worldwide Comprised of 21 volumes covering 9 eras an introductory volume and an index it charts the extraordinary journey of humankind revealing crucial connections

among civilizations in different regions through the ages Within each era the encyclopedia highlights pivotal interactions and exchanges among cultures within eight broad thematic categories population and environment society and culture migration and travel politics and statecraft economics and trade conflict and cooperation thought and religion science and technology Aligned to national history standards and packed with images primary resources current citations and extensive teaching and learning support the World History Encyclopedia gives students educators researchers and interested general readers a means of navigating the broad sweep of history unlike any ever published Encyclopedia of Global Justice Deen K. Chatterjee, 2012-01-23 This two volume Encyclopedia of Global Justice published by Springer along with Springer's book series Studies in Global Justice is a major publication venture toward a comprehensive coverage of this timely topic The Encyclopedia is an international interdisciplinary and collaborative project spanning all the relevant areas of scholarship related to issues of global justice and edited and advised by leading scholars from around the world The wide ranging entries present the latest ideas on this complex subject by authors who are at the cutting edge of inquiry The Encyclopedia sets the tone and direction of this increasingly important area of scholarship for years to come The entries number around 500 and consist of essays of 300 to 5000 words The inclusion and length of entries are based on their significance to the topic of global justice regardless of their importance in other areas *Oil and Gas* Ustina Markus, 2017-09-16 Oil and Gas explores the business and politics of this complex industry from a regional perspective This book combines theory practice and a range of international case studies to provide a comprehensive overview of energy management *Ownership and Control of Oil* Bianca Sarbu, 2014-05-09 Ownership and Control of Oil examines government decisions about how much control to exert over the petroleum industry focusing on the role of National Oil Companies in the production of crude oil since the nationalizations in the 1970s What are the motives for which some producing states opt for less and NOT more control of their oil production sector When can International Oil Companies enter the upstream industry of producing states and under what conditions The diversity of policy choices across producers provides the stage for this investigation different theoretical explanations are confronted with the empirical evidence with the aim of finally proposing an interdisciplinary framework of analysis to explain who controls oil production around the world This book is intended for both specialists and general readers who have an interest in the issue of government control of the petroleum industry Due to its multidisciplinary approach the book is aimed at a large academic public composed of scholars of Political Science International Political Economy Comparative Politics and Middle East Area Studies Moreover this book should be relevant to international consultants industry professionals and decision makers in countries assessing their experience with existing control structures as well as the many countries in the process of joining the petroleum club of oil producing nations Environment and Economics in Nigeria Toyin Falola, Adam Paddock, 2012-05-23 This volume gathers contributors across a wide range of disciplines to explore the relationship between the environment economics and development in Nigeria from

the twentieth century to the present examining issues such as violence health and contemporary concerns about sustainability and conservation It sheds light not just on the environmental history of Nigeria a crucial paradigmatic case in its own right but also offers insights into these issues as they manifest themselves throughout the developing world

Oil and Gas Pipeline Infrastructure Insecurity Abdul L. Abraham Jatto, 2024-05-26 This book offers a comprehensive analysis of infrastructure insecurity issues in the historic Niger Delta drawing on empirical fieldwork involving host communities regulators and multinational oil and gas operators It introduces innovative models and theories such as a pipeline life cycle model focusing on community development community neglect aggression displacement theory social aggression theory stakeholders policy development model contemporary poor governance cycle model and an infrastructure insecurity nexus model linking governance socio economic conditions and infrastructure insecurity in resource rich regions of the Global South The book bridges gaps left by previous publications providing depth and applicability of data It employs the Frustration Aggression Displacement theory to explain underlying triggers of violence and uses real world case studies diagrams and charts to facilitate understanding Suitable and engaging for individuals communities or regulators involved in oil and gas activities alike this book offers valuable insights into onshore pipeline infrastructure insecurity in Nigeria West Africa and the broader Global South addressing regulation compliance environmental concerns social aspects and technological innovations

Politics of Oil and Nuclear Technology in Iran Akbar E. Torbat, 2020-02-19 This book focuses on oil politics and the development of nuclear technology in Iran providing a broader historical context to understand Iran s foreign relations and nuclear policy The author assesses Iran s encounters with the West in light of major confrontations both in terms of open conflict as well as controversies surrounding treaties with foreign powers In seeking to understand the geopolitics of oil in direct parallel to the geopolitics of nuclear technology the book concentrates on Iran s struggles to nationalize its oil neo colonialism the formation of the oil consortium and the more recent US backtracking on the nuclear deal with Iran

Energy Security and Cooperation in Eurasia Ekaterina Svyatets, 2015-11-06 Why are bilateral relations especially in the area of energy security so different in the cases of U S Russia U S Azerbaijan and Russia Germany energy deals Why do some states find common ground despite differences while others with all the seemingly favourable conditions are sinking into animosity Energy Security and Cooperation in Eurasia explores varying outcomes of energy cooperation defined as diplomatic relations bilateral trade and investment in oil and natural gas The book looks at economic potential geopolitical rivalry and domestic interest groups in the cases of U S Russia U S Azerbaijan and Russia Germany energy ties It looks at major projects in each case Sakhalin and Arctic oil and gas production Baku Tbilisi Ceyhan and Nord Stream pipelines and activities of international oil companies The book also provides a detailed analysis of the situation in Ukraine since 2014 and Russia s annexation of Crimea and their effect on European energy security This book utilizes an innovative approach of exploring the dyads of states bilateral relations along the economic geopolitical and domestic lobbying

dimensions This book is a valuable resource for graduate and undergraduate students academics and researchers in the areas of Security Political Economy Comparative Politics post Soviet studies as well as for general public **China, Oil and Global Politics** Philip Andrews-Speed,Roland Dannreuther,2011-05-12 This book provides a critical overview of how China's growing need for oil imports is shaping its international economic and diplomatic strategy and how this affects global political relations and behaviour It draws together the various dimensions of China's international energy strategy and provides insights into the impact of this on China's growing presence across the world Globalization Jan-Erik Lane,2014-07-25 Efforts at coordination between nations are at the heart of the challenges of globalization Despite steadily growing interdependencies individual nations still have specific interests that present obstacles to globalization While some challenges inspired by the need to coordinate are viewed as inevitable by many they are less optimistic about prospects for success Jan Erik Lane argues that one should focus objectively upon the possibility of failures Lane analyzes four kinds of challenges to interdependency all of which are growing in geopolitical relevance First countries need to diminish their dependency on fossil fuel and shift to a reliable supply of energy because fossil fuels are diminishing Second environmental degradation must be addressed because it is accelerating under the strain of earth's population Lane advocates an ecological footprint approach Third a single global market economy and its complexities must be addressed as national economies are increasingly opened Finally as traditional state sovereignty weakens foreign military intervention in both international and intra state conflicts increases Governments are attempting to address these interdependencies or reply to the challenges they pose mainly through international organizations and regionalism These efforts are discussed at length In addition problems with international law are reviewed as Lane warns against the utopian hopes of global constitutionalism Globalization also examines the potential consequences of failing to address the need for coordination in efforts to address shared global challenges **Energy Abstracts for Policy Analysis** ,1987 *Globalization and Politics* Jan-Erik Lane,2017-11-28 Globalization and Politics brings together vision and imaginative insight to the analysis of the evolution of inter state politics to produce a clear comprehensive and coherent sense of how globalization works and how it might work better The study looks upon globalization as a distinct set of phenomena energy economy environment and politics all of which interact Presenting opportunities for interdependency and governance globalization offers both dangers and promises which explains why it is equally feared and praised Globalization is an economic trend with strong spillovers and as such has become a political trend with cultural implications This volume is an invaluable highly readable new text for graduate and undergraduate courses It sets out the key challenges for globalization in the 21st century and looks at the challenges responses and risks of globalization It is required reading for analysts students and professionals who want to understand what's at stake in the globalization debate **The Future of Oil and the Energy Industry** AD Patrickson,2021-12-17 The 230 pages of this book will equip you with everything you did not know about petroleum and the energy industry The book

covers topics like How the oil and gas industry works The changing oil politics From oil scarcity to abundance Climate change The new energy industry and Why oil dominates every aspect of our lives The Future of Oil and the Energy Industry is your energy industry bible Oil Politics Francisco Parra,2003-11-21 The environmental the economic and indeed the political impact of the catastrophic 2010 blowout of BP's well in the Gulf of Mexico has highlighted the central part played by oil in the modern world The fate of millions now depends on the ever shifting value of petroleum and on the fortunes of the corporations that deliver it The story of oil how it came to play such a dominant role in the world economy who controls its extraction pricing and supply is essential to an understanding of contemporary world politics In this acclaimed book Francisco Parra draws on his long experience in the oil world including as the Secretary General of OPEC to tell it Oil Politics surveys the tumultuous history of the international petroleum industry from its extraordinary growth between 1950 and 1979 presided over by the seven major oil companies to the price revolution of the 1970s and 1980s to the re emergence of Russia as an important but uncertain supplier Parra charts the changing power dynamics amongst the major oil suppliers and examines their relationships with the major oil importing countries and how these concerns have impacted on foreign policy Oil politics in the twenty first century remain fraught with tensions and this book offers a uniquely accessible guide to understanding this complex but vitally important subject Francisco Parra's long service in the oil industry and his rare intellectual capabilities make him an authority on this subject His book is a must Dr F J Chalabi Executive Director Centre for Global Energy Studies Few in the industry can match the variety of Parra's experience This is a world class book and a must for all those interested in international oil policies and politics and a good read as well Nordine Ait Laoussine former Algerian Minister of Oil This is a splendid volume erudite lucid forthright full of insight and a rollicking good read to boot Frank Parra has written a tour de force a thinking man's Prize International Atomic Energy Agency Journal **Oil Strategy And Politics, 1941-1981** Walter J. Levy,2019-03-04 In this book the author reflects major stages in the principal history of oil from the beginning of World War II to 1981 He focuses on the significance of critical aspects of petroleum logistics and presents the strategic dimensions of oil **Partial Hegemony** Jeff Colgan,2021 The global history of oil politics from World War I to the present can teach us much about world politics climate change and international order in the twenty first century When and why does international order change The largest peaceful transfer of wealth across borders in all of human history began with the oil crisis of 1973 OPEC countries turned the tables on the most powerful businesses on the planet quadrupling the price of oil and shifting the global distribution of profits It represented a huge shift in international order Yet the textbook explanation for how world politics works that the most powerful country sets up and sustains the rules of international order after winning a major war doesn't fit these events or plenty of others Instead of thinking of the international order as a single thing Jeff Colgan explains how it operates in parts and often changes in peacetime Partial Hegemony offers lessons for leaders and analysts seeking to design new international governing arrangements to manage an

array of pressing concerns ranging from US China rivalry to climate change and from nuclear proliferation to peacekeeping A major contribution to international relations theory this book promises to reshape our understanding of the forces driving change in world politics

Colonial and Postcolonial Oil Politics in the Persian Gulf Battal Doğan, 2024-07-17 This book examines the British colonial and American post colonial oil policies toward the Persian Gulf from a postcolonial critical perspective taking into account the coloniality and postcoloniality of power structures It examines colonization decolonization and postcolonization of oil in the Persian Gulf through the parameters of political order formulated policies market structure concession system imperial national interests and great powers rivalry In this work the author uses qualitative theory testing and comparative case study method There are several reasons that are encouraging for the selection of these two cases first British colonial and American post colonial oil policies toward the Gulf region show similar patterns of domination and exploitation second both colonial and post colonial great powers consider the control of the Gulf oil among their national security priorities third both use military interventions install military bases and involve in coup d etat in the region to maintain their established oil order and fourth both justifies their colonial imperial oil order in the region with humanitarian objectives such as civilizing mission or democratization In this research the state level of analysis is used to explore the oil policies of Anglo American governments The governance history of oil in the Persian Gulf can be broadly divided into three phases 1 the colonial period 1901 1950 2 the decolonization period 1950 1972 and 3 the post colonial period since the mid 1970s to the present Chronologically the oil policies of Anglo American governments are examined in loose temporal and spatial contexts and each period is introduced in independent chapters but they are complementary to each other

The Politics of Biofuels, Land and Agrarian Change Saturnino Borrás Jr., Philip McMichael, Ian Scoones, 2013-09-13 This book addresses key questions on biofuels within agrarian political economy political sociology and political ecology Contributions are based on fresh empirical materials from different parts of the world The book starts with four key questions in agrarian political economy Who owns what Who does what Who gets what And what do they do with the surplus wealth It also addresses the emergent social and political relations in the biofuel complex and given the impacts on natural resources and sustainability engages with questions about people environment interactions At the same time the book is concerned with the politics of representation that is what are the discursive frames through which biofuels are promoted and or opposed The book analyses the institutional structures and cultures of energy consumption on which a biofuels complex depends and the alternative political and ecological visions emerging that call the biofuels complex into question Across sixteen chapters presenting material from five regions across the North South divide and focusing on fourteen countries including Brazil Indonesia India USA and Germany these topics are addressed within the following themes global re configurations agro ecological visions conflicts resistances and diverse outcomes state capital and society relations mobilising opposition creating alternatives and change and continuity This book was published as a special issue of the Journal of Peasant Studies

be the Politics Of The Global Oil Industry An Introduction full book , it can give you a taste of the authors writing style.Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Politics Of The Global Oil Industry An Introduction eBooks, including some popular titles.

FAQs About Politics Of The Global Oil Industry An Introduction Books

What is a Politics Of The Global Oil Industry An Introduction PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Politics Of The Global Oil Industry An Introduction PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Politics Of The Global Oil Industry An Introduction PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Politics Of The Global Oil Industry An Introduction PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Politics Of The Global Oil Industry An Introduction PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
