Dwyer, 2010 An intriguing look at contemporary views regarding the casts of victims from Mt Vesuvius eruption **Pompeii's Secrets** Alan Lloyd, 2013-06-01 Combining fictional characterisation and factual research Alan Lloyd asks who were these people who lived in Pompeii and what were their lives like in those last days before the disaster Alan Lloyd an acclaimed historian and novelist breathes life into the ghosts that haunt the empty streets quiet courtyards and silent rooms of Pompeii while stirring the imagination of everyone who has seen the well preserved ruins of the ancient city Through the eyes of Taras Lloyd s imaginatively reconstructed narrator we discover the real Pompeii its geography history and culture with a compelling urgency as the city s last day approaches Alan Lloyd s brand of popular history concentrates on the details and colour that make for engrossing reading the skilful depiction of a seminal moment in history and above all a readable narrative Pompeii s Secrets is an engrossing adventure novel as well as a fascinating historical survey **Imagining Ancient Cities in Film** Marta Garcia Morcillo, Pauline Hanesworth, Óscar

Marchena, 2015-02-11 In film imagery urban spaces show up not only as spatial settings of a story but also as projected ideas and forms that aim to recreate and capture the spirit of cultures societies and epochs Some cinematic cities have even managed to transcend fiction to become part of modern collective memory Can we imagine a futuristic city not inspired at least remotely by Fritz Lang s Metropolis In the same way ancient Babylon Troy and Rome can hardly be shaped in popular imagination without conscious or subconscious references to the striking visions of Griffiths Intolerance Petersen s Troy and Scott s Gladiator to mention only a few influential examples Imagining Ancient Cities in Film explores for the first time in scholarship film representations of cities of the Ancient World from early cinema to the 21st century The volume analyzes the different choices made by filmmakers art designers and screen writers to recreate ancient urban spaces as more or less convincing settings of mythical and historical events In looking behind and beyond intended archaeological accuracy symbolic fantasy primitivism exoticism and Hollywood esque monumentality this volume pays particular attention to the depiction of cities as faces of ancient civilizations but also as containers of moral ideas and cultural fashions deeply rooted in the contemporary zeitgeist and in continuously revisited traditions **Truth Flies with Fiction** Dale J.

Tracing the Aesthetic Principle in Conrad's Novels Y. Levin,2008-10-13 Tracing the Aesthetic Principle in Conrad s Novels sets out to revolutionize our reading of Joseph Conrad s works and challenge the critical heritage that accompanies them Levin identifies the emergence of an aesthetic principle in Conrad s novels and theorizes that principle through the concept of the otherwise present which Levin defines as that which provokes desire and perpetuates it by barring its appeasement This book offers a detailed analysis of Lord Jim Nostromo Under Western Eyes The Arrow of Gold and Suspense alongside a poststructuralist inspired explication of Conrad s literary vision and its defining principle This study is an important source for both the newcomers and the initiated to Conrad s oeuvre Sequence and Space in Pompeii Sara E. Bon,Sara Bon-Harper,Rick Jones,1997 Pompeii is currently enjoying an exciting phase of new research enhanced by the application of rigorous modern archaeological techniques This book brings together twelve papers which present some of the new approaches and research aims all relate to issues of sequence and space and aim to further understanding both the development of Pompeii and the dynamics of ancient urban society The contributions are Sequence and space in Pompeii an introduction Rick Jones and Sara E Bon Formation processes at Pompeii Sara E Bon What was Pompeii before 200 BC Excavations in the House of Joseph II and in the House of the Wedding of Hercules Paolo Carafa The context of the House of the Surgeon Sara E Bon Investigating the vocabulary of the Roman house Eleanor W Leach The Pompeii forum project 1994 95 John J Dobbins New directions in economic and environmental research at Pompeii Jane Richardson Gill Thompson and Angelo Genovese Pompeii AD 79 a population in flux Estelle Lager Private toilets at Pompeii Gemma Jansen The social texture of Pompeii Damian J Robinson Sequence and space at Pompeii casual observations from an Etruscologist Jane K Whitehead Concluding thoughts Stephen L Dyson *Novels of Sir Edward Bulwer Lytton: The last days of Pompei* Edward Bulwer Lytton Baron Lytton,1893 Victorian Novel Before Victoria Margaret F King,Ellyot Engel,2016-01-03 Secrecy and Disclosure in Victorian Fiction Leila Silvana May,2016-07-15 Why were the Victorians more fascinated with secrecy than people of other periods What is the function of secrets in Victorian fiction and in the society depicted how does it differ from that of other periods and how did readers of Victorian fiction respond to the secrecy they encountered These are some of the questions Leila May poses in her study of the dynamics of secrecy and disclosure in fiction from Queen Victoria s coronation to the century s end May argues that the works of writers such as Charlotte Bront William Makepeace Thackeray Mary

Elizabeth Braddon Edward Bulwer Lytton and Arthur Conan Doyle reflect a distinctly Victorian obsession with the veiling and unveiling of information She argues that there are two opposing vectors in Victorian culture concerning secrecy and subjectivity one presupposing a form of radical Cartesian selfhood always remaining a secret to other selves and another showing that nothing can be hidden from the trained eye May calls the relation between these clashing tendencies the dialectics of secrecy and disclosure May s theories of secrecy and disclosure are informed by the work of twentieth century social scientists She emphasizes Georg Simmel s thesis that sociality and subjectivity are impossible without secrecy and Erving Goffman s claim that sociality can be understood in terms of performativity the presentation of the self in everyday life and his revelation that performance always involves disguise hence secrecy May s study offers convincing evidence that secrecy and duplicity in contrast to the Victorian period s emphasis on honesty and earnestness emerged in response to the social pressures of class gender monarchy and empire and were key factors in producing both the subjectivity and the sociality that we now recognize as Victorian
