Brothers, 2015-07-10 Excerpt from Portrait and Biographical Album of Mahaska County Iowa Containing Full Page Portraits and Biographical Sketches of Prominent and Representative Citizens of the County Together With Portraits and Biographies of All the Governors of Iowa and of the Presidents of the United States We have completed our labors in writing and compiling the Portrait and Biographical Album of this country and wish in presenting it to our patrons to speak briefly of the importance of local works of this nature It is certainly the duty of the present to commemorate the past to perpetuate the names of the pioneers to furnish a record of their early settlement and to relate the story of their progress The civilization of our day the enlightenment of the age and this solemn duty which men of the present time owe to their ancestors to themselves and to their posterity demand that a record of their lives and deeds should be made In local history is found a power to instruct man by precedent to enliven the mental faculties and to waft down the river of time a safe vessel in which the names and actions of the people who contributed to raise this region from its primitive state may lie preserved Surely and rapidly the noble men who in their vigor and prime came early to the county and claimed the virgin soil as their heritage are passing to their graves The number remaining who can relate the history of the first days of settlement is becoming small indeed so that an actual necessity exists for the collection and preservation of historical matter without delay before the settlers of the wilderness are cut down by time Not only is it of the greatest importance to render history of pioneer times full and accurate but it is also essential that the history of the county from its settlement to the present day should be treated through its various phases so that a record complete and impartial may be handed down to the future The present the age of progress is reviewed standing out in its old relief over the quiet unpretentious olden times it is a brilliant record which is destined to live in the future the good works of men their magnificent enterprises tittle lives whether commercial or military do not sink into oblivion but on the contrary grow brighter with age and contribute to build up a record which carries with it precedents and principles that will be advanced and observed when the acts of soulless men will be forgotten and their very names hidden in obscurity In the preparation of the personal sketches contained in this volume unusual care and pains were taken to have them accurate even in the smallest detail Indeed nothing was passed lightly over or treated indifferently and we flatter ourselves that it is one of the most accurate works of its nature ever published As one of the most interesting features of this work we present the portraits of numerous representative citizens It has been our aim to have the prominent men of to day as well as the pioneers represented in this department and we congratulate ourselves on the uniformly high character of the gentlemen whose portraits we present They are in the strictest sense representative men and are selected from all the callings and professions worthy to be given There are others it is true who claim equal prominence with those given but of course it was impossible for us to give portraits of all the leading men and pioneers of the county We are under
