Provincial Power And Absolute Monarchy The Estates General Of Burgundy 1661 179

Alain J. Lemaître

Provincial Power And Absolute Monarchy The Estates General Of Burgundy 1661 179:

Provincial Power and Absolute Monarchy Julian Swann, 2003-08-21 This is the first book in English to study the history of the Estates General of Burgundy during the classic period of absolute monarchy Although not a representative institution in any modern sense the Estates were constantly engaged in a process of bargaining with the French crown and this book examines that relationship under the ancien régime Julian Swann analyses the organisation membership and powers of the Estates and explores their administration their struggles for power with rival institutions and their relationship with the crown and with the Burgundian people The Estates proved remarkably resilient when confronted by the challenges posed by the Bourbon monarchy and by the reign of Louis XVI they were seemingly more powerful than ever However the desire to protect their privileges and to extend their authority had not been accompanied by an attempt to forge a meaningful relationship with the people they claimed to serve

Provincial Power and Absolute Monarchy Julian Swann, 2003 This is the first book in English to study the history of the Estates General of Burgundy during the classic period of absolute monarchy It sheds new light on the government of Louis XIV the history of Burgundy and the wider political history of eighteenth century France

Provincial Power and Absolute Monarchy Julian Swann, 2003-08-21 This is the first book in English to study the history of the Estates General of Burgundy during the classic period of absolute monarchy Although not a representative institution in any modern sense the Estates were constantly engaged in a process of bargaining with the French crown and this book examines that relationship under the Ancien Régime Julian Swann analyses the organization membership and powers of the Estates and explores their administration their struggles for power with rival institutions and their relationship with the crown and with the Burgundian people The Estates proved remarkably resilient when confronted by the challenges posed by the Bourbon monarchy and by the reign of Louis XVI they were seemingly more powerful than ever However the desire to protect their privileges and to extend their authority had not been accompanied by an attempt to forge a meaningful relationship with the people they claimed to serve

Provincializing Global History James Livesey, 2020-01-07 A microhistory of eighteenth century systemic change that places ordinary French lives alongside global advances Provincializing Global History explores the subtle transformation of the coastal province of the Languedoc in the eighteenth century Mining a wealth of archival sources James Livesey unveils how provincial elites and peasant households unwittingly created new practices Managing local political institutions establishing new credit systems building networks of natural historians and introducing new plants and farm machinery to the region opened up the inhabitants of the province to new norms and standards The practices were gradually embedded in daily life and allowed the province to negotiate the new worlds of industrial society and capitalism

The Habsburg Monarchy as a Fiscal-Military State William D. Godsey, Petr Maťa, 2022-03-10 Renders greater precision and depth to the concept of the fiscal military state and applies it to the Habsburg Monarchy one of early modern Europe's foremost war machines It systematically integrates the problems of armed

conflict and foreign competition into perceptions of society and government in the Monarchy ruled from Vienna *The Sinews of Habsburg Power* William D. Godsey, 2017-12-29 *The Sinews of Habsburg Power* explores the domestic foundations of the immense growth of central European Habsburg power from the rise of a permanent standing army after the Thirty Years War to the end of the Napoleonic wars With a force that grew irregularly in size from around 25 000 soldiers to as many as half a million in the War of the Sixth Coalition the Habsburg monarchy participated in shifting international constellations of rivalry from western Europe to the Near East and in some two dozen partly overlapping armed conflicts Raising forces of such magnitude constituted a central task of Habsburg government one that ultimately required the cooperation of society and its elites The monarchy's composite territorial structures in the guise of the Lower Austrian Estates a leading representative body and privileged corps formed a vital if changing element underlying Habsburg international success and resilience With its capital at Vienna the archduchy below the river Enns the historic designation of Lower Austria was geographically politically and financially a key Habsburg possession Fiscal military exigency induced the Estates to take part in new and evolving arrangements of power that served the purposes of government in turn the Estates were able in previously little understood ways and within narrowing boundaries to preserve vital interests in a changing world The Estates survived because they were necessary not only thanks to their increasing financial potency but also because they offered a politically viable way of exacting ever larger quantities of money men and other resources from local society These circumstances would persist as ruling became more regularized formalized and homogenized and as the very understanding of the Estates as a social and political phenomenon was evolving **Exile, Imprisonment, or Death** Julian Swann, 2016-12-22 On the accession of Louis XIII in 1610 following the assassination of his father the Bourbon dynasty stood on unstable foundations For all of Henri IV's undoubted achievements he had left his son a realm that was still prey to the ambitions of an aristocracy that possessed independent military force and was prepared to resort to violence and vendetta in order to defend its interests and honour To establish his personal authority Louis XIII was forced to resort to conspiracy and murder and even then his authority was constantly challenged Yet a little over a century later as the reign of Louis XIV drew to a close such disobedience was impossible Instead a simple royal command expressing the sovereign's disgrace was sufficient to compel the most powerful men and women in the kingdom to submit to imprisonment or internal exile without a trial or an opportunity to justify their conduct abandoning their normal lives leaving families careers offices and possessions behind in obedience to their sovereign To explain that transformation this volume examines the development of this new politics of disgrace why it emerged how it was conceptualised the conventions that governed its use and reactions to it not only from the perspective of the monarch and his noble subjects but also the great corporations of the realm and the wider public Although that new model of disgrace proved remarkably successful influencing the ideas and actions of the dominant social elites it was nevertheless contested and the critique of disgrace connects to the second aim of this work which is to use

shifting attitudes to the practice as a means of investigating the nature of Old Regime political culture and some of the dramatic and profound changes it experienced in the years separating Louis XIII's dramatic seizure of power from the French Revolution

The Corsairs of Saint-Malo Henning Hillmann, 2021-02-23 Western Europe rose in global power during the early modern period as overseas expansion opened new trade routes. At the same time, intense rivalries pitted European states against one another in recurrent wars. Henning Hillmann examines the merchant community of Saint Malo, Brittany, a key port in the French Atlantic economy, to shed light on the local networks that linked commerce and conflict in early modern Europe. Hillmann traces the development of Saint Malo and the social structure of its merchant elite from the 1680s through the onset of the French Revolution. He pinpoints the role of privateering, showing how it enabled local merchant communities to secure their hold on established trades, seize new opportunities, and withstand the threats of armed conflict. In wartime, rulers commissioned ship-owning traders to fit out vessels as corsairs to raid enemy shipping. Within a mercantilist worldview, this state-sanctioned private war at sea aligned the interests of local elites and the royal government. Locally, within Saint Malo, the partnerships that merchant elites formed in their privateering ventures gave rise to a cohesive network that held their community together amid outside conflicts. Combining rich descriptions of privateering campaigns with quantitative network analysis of partnership ties over more than a century, *The Corsairs of Saint Malo* offers a new understanding of the local organizational foundations of early modern capitalist development

Le monde parlementaire au XVIII^e siècle Alain J. Lemaître, 2010 L'histoire de la relation entre les corps intermédiaires et le pouvoir royal est longtemps restée dominée par une interprétation liant des considérations sur la Révolution française et ses origines. Elle a nourri une historiographie abondante et en pleine renaissance tant en France que dans le monde anglo-saxon. Cet ouvrage entend d'abord s'interroger sur les liens qui unissent le roi et ses cours dans leur constellation et leur singularité en replaçant cette opposition dans l'histoire de l'Ancien Régime. Les auteurs des communications alimentent ce débat en menant une réflexion sur le vocabulaire politique du monde parlementaire. Ils s'interrogent également sur la place et le rôle des parlements dans la respublica au XVIII^e siècle et le développement d'une culture juridique des conflits politiques dans la construction de la monarchie absolue. Reunissant des chercheurs britanniques, canadiens et français, il mobilise dans une approche pluridisciplinaire l'histoire moderne mais aussi le droit, l'art et la philosophie pour comprendre l'effort des acteurs du monde parlementaire pour donner sens et valeur aux mutations du langage de leur temps
