Noe,2012-12-06 Youth have nearly always exhibited behaviors that frustrate adults It can be diffi cult to understand why young people engage in risky or destructive behavior and it is challenging to develop strategies to encourage more healthy and responsible behavior among our youth However it is helpful to realize that despite the fact that large numbers of youth engage in frightful and destructive behaviors for pe riods of time during adolescence and early

adulthood a large proportion of youth find a way not only to survive but also to bounce back and contribute significantly to the furtherance of human development We are not the first generation of adults to experience the pain fear and frustration of dealing with our youth More important we recognize that we are not helpless when faced with the problems youth experience While it is true that adolescents have always exhibited problem behaviors a number of effective tools and approaches have always been at our disposal to assist with appropriate youth development Of course the most effective approaches require a tremendous amount of focused time and energy

El carácter de tu hijo Andrew Mullins,2017-09-25

Un manual para ayudarles a desarrollar buenos hábitos y también para hacer ver a los padres que hay que estar dispuestos a evaluar su propio carácter para que ellos mejoren No es difícil hacer feliz a un niño basta con llevarle a un McDonald o dejarle jugar con la PlayStation todo lo que quiera Eso le hará feliz ahora pero ese no es nuestro cometido es mucho más importante equiparle con las herramientas necesarias para desarrollar una vida plena y completa Y para ello hay dos ingredientes muy simples unos principios universales Todos los grandes autores orientales la literatura clásica y los libros religiosos más importantes se alzan las cualidades atemporales de la buena educación Los niños precisan de una comprensión de lo que está bien basada en un razonamiento claro y un profundo respeto hacia los demás valores o conciencia si prefieres ese término Estos valores a su vez son el fundamento de unos hábitos de conducta responsable bien cimentados El carácter de tu hijo es un manual para ayudarles a desarrollar buenos hábitos No es una lista de trucos al azar sino un marco de trabajo práctico para una educación sensata En el proceso educativo los padres también deben estar dispuestos a evaluar su propio carácter y su forma de educar Ser a hipocrita esperar que los hijos mejoren si los padres no vemos la necesidad de afinar la puntería
