## **Raleigh An Unorthodox History Of North Carolinas Capital:**

**Raleigh** Marshall Lancaster,1992 A city that began as a roadhouse with a jail for the drunks deserves an unorthodox account of its past This book follows no chronology offering instead little known facts curious tid bits and wild and zany tales from the city s past

**Raleigh** Joe A. Mobley,2009-11-27 Since its establishment in 1792 as the permanent and unalterable seat of government of the state of North Carolina Raleigh has seen many changes Historian Joe Mobley offers a detailed and compelling portrait of North Carolina s capital as it has evolved from town to thriving metropolis from the Civil War and Reconstruction through the Great Depression and Raleigh s coming of age in the decades following World War II Learn about the many obstacles Raleigh has overcome on its way to becoming a major center of economic social and political life in North Carolina

*Heading South to Teach* Kim Tolley,2015-08-31 Susan Nye Hutchison 1790 1867 was one of many teachers to venture south across the Mason Dixon Line in the Second Great Awakening From 1815 to 1841 she kept journals about her career family life and encounters with slavery Drawing on these journals and hundreds of other documents Kim Tolley uses Hutchison s life to explore the significance of education in transforming American society in the early national period Tolley examines the roles of ambitious educated women like Hutchison who became teachers for economic spiritual and professional reasons During this era working women faced significant struggles when balancing career ambitions with social conventions about female domesticity Hutchison s eventual position as head of a respected southern academy was as close to equity as any woman could achieve in any field By recounting Hutchison s experiences from praying with slaves and free blacks in the streets of Raleigh and establishing an independent school in Georgia to defying North Carolina law by teaching slaves to read Tolley offers a rich microhistory of an antebellum teacher Hutchison s story reveals broad social and cultural shifts and opens an important window onto the world of women s work in southern education

*The Process of International Legal Reproduction* Rose Parfitt,2019-01-17 That all states are free and equal under international law is axiomatic to the discipline Yet even a brief look at the dynamics of the international order calls that axiom into question Mobilising fresh archival research and drawing on a tradition of unorthodox Marxist and anti colonial scholarship Rose Parfitt develops a new modular legal historiography to make sense of the paradoxical relationship between sovereign equality and inequality Juxtaposing a series of seemingly unrelated histories against one another including a radical re examination of the canonical story of Fascist Italy s invasion of Ethiopia Parfitt exposes the conditional nature of the process through which international law creates and disciplines new states and their subjects The result is a powerful critique of international law s role in establishing and perpetuating inequalities of wealth power and pleasure accompanied by a call to attend more closely to the strategies of resistance that are generated in that process
