lengthy and difficult Cairo Calendar Papyri one of the few surviving documents detailing the system by which Egyptians organized their daily lives Wheeler's accompanying interpretation of the Egyptian cosmos makes a lively counterpart to the horoscope clarifying the often confusing material Together Wheeler and Pierce provide a modern evaluation of how to walk like an Egyptian attuned to eternity in your daily life and guided by eternal principles

Research in Anthropological Topics Alicia Meza, 2004-02-27 The aim of this book is to present a varied research within the four sub fields of Anthropology Archaeology Ethnology Linguistics and Biological Anthropology as it was conceived by Frank Boaz Perhaps my emphasis has been mostly in Archaeology since I specialize in the Archaeology of Egypt and the Middle East Nevertheless I touch other topics as well For instance sometimes I would connect archaeology and Egyptian art or literature and Egyptian linguistics The total result has been a mixed of topics that relate in one way or another to Anthropology the study of human behavior Perhaps if a student is looking for subjects to do term papers or needs bibliography to start a research in a certain topic this would be of help I don't pretend that my research is paramount but there are some subjects and investigations that are unique as any truly research should be I hope that the reader enjoys the vast amount of creativity human behavior can produce
