Rampage West:

The Heavens Might Crack Jason Sokol, 2018-03-20 A vivid portrait of how Americans grappled with King's death and legacy in the days, weeks, and months after his assassination. On April 4, 1968, Martin Luther King Jr. was fatally shot as he stood on the balcony of the Lorraine Motel in Memphis. At the time of his murder, King was a polarizing figure, scorned by many white Americans, worshipped by some African Americans and liberal whites, and deemed irrelevant by many black youth. In *The Heavens Might Crack*, historian Jason Sokol traces the diverse responses both in America and throughout the world to King's death. Whether celebrating or mourning, most agreed that the final flicker of hope for a multiracial America had been extinguished. A deeply moving account of a country coming to terms with an act of shocking violence, *The Heavens Might Crack* is essential reading for anyone seeking to understand America's fraught racial past and present.

The Way to the Spring Ben Ehrenreich, 2016 In West Bank cities and small villages alike, men and women, young and old, a group of unforgettable characters share their lives with Ehrenreich and make their own case for resistance and resilience in the face of life under occupation. Ruled by the Israeli military, set upon and harassed constantly by Israeli settlers who admit unapologetically to wanting to drive them from the land, forced to negotiate an ever more elaborate and more suffocating series of fences, checkpoints, and barriers that have sundered home from field, home from home, they are a population whose living conditions are unique and indeed hard to imagine.

Bombs for Peace George Szamuely, 2025-10-01 This illuminating study describes the genesis of the contemporary doctrine of humanitarian intervention. It is the first comprehensive analysis of Western policy towards the Balkans from the late 1980s on. Previous works have often taken partisan approaches focusing on isolated events rather than the multifaceted conflict of which such events were a part. Though scholarly, the book will also appeal to a wider audience interested in world affairs.

The Comprehensive Guide to Careers in Sports Glenn Wong, 2009 As more students enter the growing field of sports management, there is a greater need for information informing them about their career choices. *Careers in Sports* provides an overview of what students should consider and expect from the varied career options available to them. This book answers the questions students are most likely to have, including what courses they should take, what areas are available to them, what salary can they expect to earn after graduation, and how they can get the job of their dreams. In the highly competitive field of sports management, it is important for individuals to prepare themselves well and to make the right decisions along the way. Although there are no guarantees of success, this book will increase students' likelihood of finding

success in the sports industry Encouraging research and realistic expectations this book has been developed by an author with many years of experience as a respected practitioner teacher and internship coordinator The Rise of Western Christendom Peter Brown,2013-02-04 This tenth anniversary revised edition of the authoritative text on Christianity's first thousand years of history features a new preface additional color images and an updated bibliography The essential general survey of medieval European Christendom Brown's vivid prose charts the compelling and tumultuous rise of an institution that came to wield enormous religious and secular power Clear and vivid history of Christianity's rise and its pivotal role in the making of Europe Written by the celebrated Princeton scholar who originated the field of study known as late antiquity Includes a fully updated bibliography and index A People's History of the World Chris Harman,2017-05-02 Building on A People's History of the United States this radical world history captures the broad sweep of human history from the perspective of struggling classes An indispensable volume on class and capitalism throughout the ages for readers reckoning with the history they were taught and history as it truly was Howard Zinn From the earliest human societies to the Holy Roman Empire from the Middle Ages to the Enlightenment from the Industrial Revolution to the end of the twentieth century Chris Harman provides a brilliant and comprehensive history of the human race Eschewing the standard accounts of Great Men of dates and kings Harman offers a groundbreaking counter history a breathtaking sweep across the centuries in the tradition of history from below In a fiery narrative he shows how ordinary men and women were involved in creating and changing society and how conflict between classes was often at the core of these developments While many scholars see the victory of capitalism as now safely secured Harman explains the rise and fall of societies and civilizations throughout the ages and demonstrates that history moves ever onward in every age A vital corrective to traditional history A People's History of the World is essential reading for anyone interested in how society has changed and developed and the possibilities for further radical progress **Critical Companion to Kurt Vonnegut** Susan Farrell,2009 Kurt Vonnegut is one of the most popular and admired authors of post war American literature famous both for his playful and deceptively simple style as well as for his scathing critiques of social injustice and war Criti *The 9th Western Novel MEGAPACK®* Grant Taylor,Evan Hall,William Colt MacDonald,Dane Coolidge,2017-05-01 Wildside Press is pleased to present another great collection of 4 western novels This time included are WHIP RYDER S WAY by Grant Taylor LOGAN by Evan Hall STIR UP THE DUST by William Colt MacDonald THE DESERT TRAIL by Dane Coolidge If you enjoy this ebook don't forget to search your favorite ebook store for Wildside Press Megapack to see more of the 280 volumes in this series covering adventure historical fiction mysteries westerns ghost stories science fiction and much much more **United States Army in WWII - Europe - the Ardennes: Battle of the Bulge** Dr. Hugh M.
