society the government seems to have control over our lives no matter which way we turn The rules and regulations regarding what we can or cannot do seem to have no end It wasn't that many years ago that a person could live a life free to do pretty much whatever they wanted as long as they didn't hurt anyone or interfere with someone else's freedoms The courts are out of control and put people in jail for minor infractions Prosecutors want convictions and don't care whether you are guilty or not they just want a high conviction rate because they think it looks good on their record People are tired of the endless laws and want a simpler life free of all the restrictions making us a slave to our government the courts and the police who watch over us constantly Occasionally in all government offices in the courts and in the police departments you will encounter an individual without scruples or common sense who is not qualified to hold his/her position The end result is that person is going to perpetrate unjustifiable actions against innocent individuals or deny them access to their rights of life liberty and the pursuit of happiness according to what our country was founded upon Money seems to be the law of the land now You've got it they want it Canyon Michael P. Ghiglieri, 2016-12-15 Fasten your life jackets for a ride you'll never forget Now the excitement of a raft trip through the Grand Canyon has been re-created by a seasoned whitewater guide with a passion to

share one of the world's most fantastic journeys Michael Ghiglieri a professional river guide for more than 17 years has written the first book to describe that trip from the modern boatman's point of view From Lee's Ferry to Diamond Creek Ghiglieri leads you down 226 miles of wild river and through some of the most breathtaking scenery on earth Along the way he navigates the Colorado River's dozens of notorious rapids many of which drop fifteen feet or more and shares the

excitement of waves and boulders thunder and foam Recounting a real journey through this geological wonder Canyon interweaves heart pounding adventure with factual insights into the world of Grand Canyon Between the rapids Ghiglieri relates tales of river runners past and present lessons in geology and wildlife observations on the impact of Glen Canyon Dam and stories of Native inhabitants from Anasazi ancestors to Havasupai Rastafarians This trip also offers more than its share of human drama for the passengers aboard leaving them with tales of their own to tell Running the Colorado River in the Grand Canyon is to me the most impressive journey on our planet writes Ghiglieri an adventure that leaves no traveler unchanged For anyone who has ever shared or contemplated that adventure Canyon recreates an unforgettable ride
