

Randall Made Knives

Harry K. McEvoy

Randall Made Knives:

Randall Knives Robert E. Hunt, 2006-01-01 This is the third book in a collector's series on Randall Made Knives by Robert Hunt. These publications reflect the author's interest in the historical role that knives have played and he has documented their use during the wars of the 20th Century. This volume introduces the rare, unique, and experimental knives of W. D. Randall, many either made or designed by him. The initial section explores knives from the Randall Museum, where over 50 images reflect the commitment to design innovation, which was and is still today a hallmark of Randall Made Knives. The second section contains knives from a private collection which was uncovered by the author. Interestingly enough, the knives in this grouping have roots in some of the museum examples, and various designs can be found in Randall's early experiments displayed in the museum cases.

Randall Fighting Knives in Wartime Robert Eugene Hunt, 2002 This first ever publication offers the reader a colorful and interesting guide to Randall knives spanning WWII, the Korean War, and the Vietnam War, which involved American Soldiers, Sailors, Airmen, and Marines. **Randall Fighting Knives in Wartime** contains many never before published full color photos of rare Randall made knives. Pictured alongside the knives is a range of distinctive militaria, separating this book from other publications. A descriptive narrative and specific technical data accompanies each photo, linking the Randall knives throughout each war in the book. **A Collector's Value Guide** rounds out this book, giving the reader an at-a-glance comparison of the value of each knife.

Randall Military Models Robert E. Hunt, 2004-06-30 Author Bob Hunt's first book **Randall Fighting Knives in Wartime** provided him the opportunity for further study on this subject. It was apparent before publication of the first book that the subject matter could not be exhausted. In his second book, Hunt continues the process of identifying, describing, and dating fighting knives produced in the dramatic early days of the Randall experience. This new volume provides a vast amount of material, carefully organized and presented to enable the reader to further his own research in the areas most interesting to him.

Randall Made Knives, 2007-12-01

Randall Made Knives, a Timeline - the Quick Reference Guide (1st Edition) Sheldon Wickersham, Edna Wickersham, 2003-03-01 A laminated quad fold, double-sided 11 x 17 reference document.

Randall Made Knives Robert L. Gaddis, 1993-03-01 This authorized history of Bo Randall and his blades was compiled through meticulous research that included correspondence, original sketches, personal interviews, and rare photos, including his never before seen first knife. Destined to become the definitive history for collectors, bladesmiths, and historians.

Survival Knives James Morgan Ayres, 2018-11-20 Some survival guides explain the basics of how to make primitive tools. But do you know how to actually successfully hunt with spear, throwing stick, bola, or

primitive bow Making tools that you do not know how to hunt with will not get you to meat If you re hunting with primitive weapons especially crude survival weapons you ve made in the field under actual survival conditions you must adapt your strategy to the weapons available or go hungry Author James M Ayres grew up in the Midwest hunting squirrels rabbits and other small game with bows spears atlatls and bolas he made myself He has hunted with bow spear net and other primitive weapons with the Lacandon in Yucat n the Igorots in the Philippines the Kiche in Guatemala the Sasak in Indonesia and others In Survival Knives he shares his knowledge so you too can survive using such tools and weapons It s not enough to have a knife and know how to make basic hunting weapons That s craftsmanship not survival Nor is it enough simply to have a knife when trapped in an emergency situation like a collapsed building You need to know how to conserve your knife and use it properly to escape so that it will not break and you are not injured Learn how to use survival knives and how to use the tools and weapons you can make with the knife not only in wilderness but also in urban areas foreign countries and disaster zones such as earthquakes floods fires and civil insurrections
