*History of Jason* Raoul Le Fèvre, William Caxton, 1913      *Revival: Caxton's History of Jason (1913)* William Caxton, 2018-09-03 This book is based on William Caxton's translation of 15th century French author Raoul Lefèvre book *Histoire de Jason* he wrote in 1460 The *Histoire de Jason* is known from 20 manuscripts and 30 different printed editions and was translated in English in 1477 by William Caxton and in Dutch in 1485 Lefèvre was the chaplain of Philip the Good the creator of the Order of the Golden Fleece which was based on the classical Jason story      **The History of Jason** John Munro, 1913      **The History of Jason** William Caxton, John James Munro, Raoul Lefèvre, 2016-05-08 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant      **The History of Jason, Translated from the French of Raoul Le Fevre, by William Caxton,... scholars may most usefully be served by the reproduction as near as may be of Caxton's text in all possible details. The few departures made from the original seemed more or less imperative. The difficulty of following the dialogue in such talk as that between Jason and Corfus p 32 led me to adopt inverted commas. The initials of proper names are capitalized where Caxton has occasionally used a lower case letter and the few contractions whereby he sometimes effected his spacing have been expanded. In punctuation other than that mentioned above the original has been sedulously followed and though Caxton was not so liberal of points as the modern typographer his own system with which the text may easily be read and his own occasional disregard of it are probably more desirable here than our own lavishness. I had hoped to have included in this volume the Introduction the collation with the French original the Notes and the Glossary but pressure of other affairs has forced me to postpone these for a second volume at some future time.
